

LEADING OFFICIALS INDICTED

THE FEDERAL JURY

Returned Indictments Against the "Eastern Boxboard Club"

NEW YORK, June 26.—An indictment formulated under the criminal provision of the Sherman law drawn by United States District Attorney Wise was returned today by the federal grand jury against the "Eastern Boxboard Club," alleged to be the successor of the "Dissolved" Fibre & Manila association.

In the indictment, the first of a new series of governmental trust prosecutions, the presidents, officers and agents of paper board companies and co-partnerships included in the membership of the Eastern Boxboard club are charged with being an alleged combination in restraint of trade with the limiting of output and with the arbitrary fixing of prices.

The government considers that drastic action is necessary because many of the individual defendants named in it were, it is alleged, connected with the corporations composing the Fibre & Manila ass'n., which for operations under the Park pooling plan was in February, 1910, declared to be a monopoly and unlawful combination, and ordered dissolved by Judge Hough in the United States circuit court.

When pleas of guilty were entered by the thirty-nine paper board corporations included in the membership of the Fibre & Manila Corporation and fines aggregating \$38,000 were imposed and paid it was thought that the paper board trust had been put out of business for good.

The government alleges, however, that certain paperboard makers having made about \$5,000,000 in the combination, subsequently formed the "Eastern Boxboard Club." District Attorney Wise immediately took action against the second combination and an indictment was returned today. The federal prosecutor, it is learned, will in the event of convictions, urge jail sentences as well as the imposition of heavy fines.

The defendants named in the indictment are:

William C. Geer, president of the Albion Box & Paper Co. of Troy, N. Y.

Henry Shrieter, president of the Ravens Wood Paper Mill Co. of Long Island City, N. Y.

William H. Smith, general manager of the American Paper Board Co. of Bogota, N. J.

Sidney Mitchell, president of the American Straw Board Co., operating mills at Chamerville, Conn., Chester town, Md., and Winchester, Va.

Benjamin Ward, president, and Frederick Butler, secretary, of the Clifton Paper Mills at Passaic, N. J.

Emmons Bryant, the president of the Fort Orange Paper Co., Castleton, N. Y.

Theodore Foster, secretary of the Foster Box Board Paper Co. at Utica, N. Y.

William Shortess, general manager of the Haverhill Box Board Co., at Haverhill, Mass.

Robert E. McEwan, president of the McEwan Brothers at Whippany, N. J.

William R. Shafter, general manager of the New Haven Pulp & Paper Co. at New Haven, Conn.

Henry Paddock, president of the Oswego Falls Pulp & Paper Co., at Fulton, New York.

NEWS FROM CITY HALL

Residents in Highland St. Object to Fireworks

Mayor Mehan has called a special meeting of the board of aldermen for tomorrow night to take action on the proposed change in the ordinance creating the contagious hospital commission. The commission at its last meeting voted to ask the city government to vote the commission the authority to select a site for a contagious hospital on grounds other than those of the Chelmsford Street hospital.

July Fourth Committee

The committee on July Fourth celebration will meet tomorrow night to complete arrangements for the observance of our natal day. The committee will have before it a petition signed by about twenty residents of Highland street who object, and very strenuously, too, to the setting off of fireworks in that vicinity. They claim that the fireworks is a menace to life and property.

Josiah Fielding Fiske

Josiah Fielding Fiske was one of the very happy culprits at the mayor's office this forenoon. It was the remembrance that Josiah appeared before the committee on July Fourth observance at its last meeting and by good reasoning and eloquent appeal induced that august body to promise him a band concert for "Bunker Hill" in West Centralville on the night before. Mayor Mehan today informed Josiah that the Lowell Military band would provide the concert lasting from 10.30 p. m. to 12.30 a. m. Mr. Fiske says that the West Centralville committee wants him to transfer the concert from the night before to the night of July 4th in order to have it in conjunction with the fireworks and other features of the celebration, but he allows that would not do because he has promised the boys and girls that the concert would be held on the night before. He says that "Bunker Hill" will be beautifully illuminated and on the stroke of 12, midnight, the torch will be applied to the bonfire and the band will play "My Country, 'Tis of Thee." Some class to Josiah.

THE LABOR LEADERS

Must Show Why They Should Not be Adjudged Guilty

WASHINGTON, June 26.—Justice Daniel Wright of the district supreme court today issued a ruling against Samuel Gompers, Frank Morrison and John Mitchell, the labor leaders, requiring them to show cause on July 17th why they should not be adjudged guilty of contempt of court. This action followed the filing of the report of the special committee of attorneys appointed by Justice Wright to inquire into the matter of contempt proceedings in the Bucks Stove and Range Co. boycott case.

The contempt proceedings against the labor leaders recently were passed upon by the United States supreme court, which set aside jail sentences heretofore imposed by Justice Wright. The supreme court held that the contempt which Justice Wright formerly passed upon was of a civil nature and against the Bucks Stove and Range Co. In dismissing the former proceedings, however, the supreme court gave to the district court a right to reopen the case in the event that any contempt of the court itself or its orders should be found.

Inasmuch as the stove company and

the American Federation of Labor had adjusted their differences it was supposed that the matter would be pursued no further. But the day following the decision Justice Wright appointed a committee of three lawyers to inquire into all the circumstances of the case and to determine whether or not there had been a contempt of the court itself. This committee consisted of J. J. Darlington, Daniel Davenport and James Buck. Samuel Gompers in a statement at once questioned the fairness of an inquiry by these gentlemen, inasmuch as they all had been associated as counsel for the stove company against the federation.

Although July 17 has been set for the labor leaders to answer the contempt rule there will be no hearing until fall. While technically this hearing will be before Justice Wright the entire membership of the court will be present. Justice Wright, however, will deliver the opinion of the court and in the event of a finding adverse to the respondents will pass sentence.

The report of the committee concludes with a suggestion that Gompers, Mitchell and Morrison may be prepared to apologize to the court and

make promise of further submission, since the United States supreme court has decided adversely to their contention that the injunction against the publication of the stove company's name on the unfair list of the American Federation violated the constitutional prerogative of the freedom of the press.

"Should such acknowledgment, apology and submission be not more than forthcoming after due notice and opportunity," says the report, "the course necessary to be taken to maintain its dignity and due respect for the law is respectfully submitted to the court for its consideration."

GOMPERS EXPECTED IT

NEW YORK, June 26.—"I expected it," said President Gompers of the American Federation of Labor when he learned of the ruling of Justice Wright in the contempt proceedings against Mr. Gompers and other officers of the federation. "I am not surprised," he continued, "by anything Justice Wright may do."

President Gompers declined to say what his next move might be.

DESTROYED BY FIRE

Hotel, Three Residences and a Barn Were Burned

WOODSTOCK, N. B., June 26.—A hotel, three residences, and a barn were destroyed by fire at Bath, a small town 30 miles north of here today. The buildings were the Central hotel, owned

BATTLESHIP MAINE A REAL FIREDRILL

Cause of Destruction Will Not be Known

TAMPA, Fla., June 26.—"The secret of the destruction of the battleship Maine will never be known," said General Bixby, chief of engineers in charge of the work of raising the Maine upon his arrival here yesterday from Havana. The destruction of the vessel was such, says General Bixby, and the deterioration has been so great that it will be impossible to tell whether the ship was blown up by a force from within or without. The greatest force, however, was from the inside, indicating that the forward magazine had exploded. Whether this was from a sympathetic explosion caused by a torpedo from the outside may forever remain a mystery.

General Bixby says that unless the fragment of a torpedo is found there is no way of connecting some outside agency with the blowing up of the vessel. "We do not expect to find any human remains," General Bixby said. "The crew's compartments have disappeared entirely."

General Bixby leaves today for Washington.

DEATHS

WELCH.—Mr. and Mrs. Edward H. Welch of 155 High street have the deep sympathy of a wide circle of friends on the death of their baby daughter, Claire Welch, who passed away Sunday morning after a brief illness. The baby was a very bright little one, and had been strong and well until a short time before her death which resulted from pneumonia.

TWENTY ARE INJURED

Special Crashed Into Regular Train

CHICAGO, June 26.—Twenty persons were injured, some seriously, last night when a special train of three cars on the Chicago & Milwaukee Interurban road loaded with members of the German singing societies of Chicago returning from the North American Sausageband convention in Milwaukee, crashed into the rear end of a train between North Chicago and Waukegan.

Following the collision there was a panic among the 300 passengers, many of whom were bruised and cut by flying glass.

SIX AVIATORS

STARTED ON FLIGHT FROM HANOVER TO MÜNSTER

HANOVER, Germany, June 26.—Six airmen today began the Hanover to Münster stage of the German aviation contest. Only two of these have made all the scheduled flights since leaving Johanna, the starting point just outside Berlin. Gustly winds had interrupted the competition for several days.

Dr. Oscar Wittenstein with a passenger rose this morning at Lüneburg but fell into the river Limenau and broke his propeller.

Domestic Service

This is a problem to many people.

The fault is not entirely on either side.

Electric service in the form of washer and vacuum cleaner, will relieve the servant and prove your thoughtfulness.

AT NATURALIZATION

Clerk Dillingham Opened Court Here Today

Clerk Dillingham, presiding by his last experience at a court of naturalization, came to Lowell this morning with a sufficient number of naturalization blanks to make voters of the whole city of Lowell.

About 20 prospective citizens were present to greet him though more came during the afternoon and he gave his attention first to the men looking for final papers.

FELL INTO THE SEA

Balloon Had Two Passengers on Board

BREMEN, Germany, June 26.—One of the four balloons which ascended at sea, off the East Frisian group of islands yesterday. A violent storm prevailed at the time and the aerial craft was carried rapidly out to sea. Two persons were aboard her.

The other three balloons made landings on the Frisian coast. A rescue boat was sent out as soon as possible to the aid of the distressed balloon, but later returned having recovered only an empty ballast bag marked R. G. B.—73.

2000 DELEGATES

AT CONVENTION OF AMERICAN MEDICAL ASSOCIATION

LOS ANGELES, Cal., June 26.—More than two thousand delegates to the annual convention of the American Medical Association which will open here tomorrow, is expected will arrive today. The house of delegates, which will be presided over by President Welch of Baltimore, will open today, as will the annual meeting of the American Medical Editors association. This assembly will be presided over by Dr. Joseph McDonald, Jr. of New York.

DANIEL DUNCAN DEAD

COLORADO SPRINGS, Colo., June 26.—Daniel Duncan, aged 36 years, an official of the American Security & Trust Company of Washington, D. C. and formerly a member of several exclusive clubs here, died yesterday of tuberculosis. He left Washington five years ago on account of his health. He is survived by his mother and a sister.

MILLS RESUME WORK

FALL RIVER, June 26.—At the mills and print works here started up again this morning as usual, after the week's celebration of the cotton centennial. Many of the mills have been stopped as they had previously and some of them will resume short time running this week or next.

BREAUPT NOT GUILTY

On Ground That Man's Home is His Castle

That a man's home is his castle today, even as it was in feudal days, was again proven in police court when Judge Hadley found A. Henri Breault not guilty of assault on William P. Waterman and Joseph F. Robarge, a couple of sewing machine installment men who had a mix-up at the home of Breault, who threw Waterman out through the rear door and his assistant Robarge out by the front door, emphasizing his intention of clouting each on the head, according to their testimony, with an iron poker.

It seems that Waterman and Robarge went to Breault's house to see his machine on which she has paid but a comparatively small amount and they met Breault who ordered them to get out. They were slow in going and Breault took Waterman, who is a little man in comparison to him, and without even doing him the honor of throwing him out the way he came in, threw him through the back door. Robarge, a much bigger man, went out the front door, but he testified that after he got to the doorsteps Breault reached out and ordered him to work with poker on the head. Waterman also testified that he received a reminder from the poker on the cranium.

Waterman is very hard of hearing and his testimony exhausted the best efforts of both the court and Deputy Downey in making him hear what they desired to ask him.

Both witnesses testified that Breault ordered them from the house.

"Why didn't you go?" asked Judge Hadley at the top of his lungs. The witness after hearing the questions insisted on repeating them before answering, which with all due respect, to use the vernacular, got the respective "heads" of both judge and deputy.

"I didn't have to go because he threw me out," responded Waterman after the question had been made clear to him.

Breault was told to ask the witnesses questions and he said to Waterman: "When I told you to go, didn't you make a bluff to pull a revolver and say that you wouldn't go until you got ready?"

"I said I wouldn't go until I had done my business," responded the witness. Both witnesses said that there was a drinking party at the house and that Breault swore at them and had a row with his wife over paying for the machine, but the fact that they did not go when told to by the lord of the manor impressed the court and he found Breault not guilty without hearing his defence, stating that when

Breault ordered them out of his own house they should have gone.

Serious Charge

A case, the report of which shocked all the acquaintances of a well known man, was called in police court this morning when he was charged with drunkenness and felonious assault on his 15-year-old daughter. Through his counsel, J. Joseph O'Connor, he pleaded not guilty and was held in \$1000 for a hearing on Wednesday next. The daughter and several neighbors were recognized as witnesses.

Was Fined \$10

Louis Sinkarells, who was tried Saturday for cruelty to a horse was assessed \$10 today.

Pleaded Guilty

Thomas J. Grady pleaded guilty to the charge of larceny of four files from the machine shop of a total value of \$1.50 and he was fined \$15.

The Drunks

There were 22 drunks and eight were released.

Nellie Hayes, a third offender, goes to Sherborn.

Patrick O'Donnell of Wilmington was there for the third time and he was sent to Bridgewater.

Frank Whitten, a terribly deformed man, pleaded guilty to being a vagrant and was sent to the state farm.

J. Joseph O'Connor went to the front for Thomas A. Cone and the latter got a suspended sentence of three months in jail. Charles Rogers got four months, also suspended.

Michael Fell looked harmless enough as he pleaded guilty of drunkenness through an interpreter, for Mike hails from the fair land of Poland. Officer Nove told some things about him, incidentally saying that he threatened to get a gun and kill his wife. The court thought that Mike's wife should be allowed to live until her time comes and placed Mike under \$500 to keep the peace. The last seen of Mike he was being ushered down below.

Mistafa Ahmed started to give an argument to Officer Mike Clancy in Central street Saturday night while uproariously sauced, but the officer wasn't from the same place and after telling Mistafa to beat it took him in.

Daniel Sullivan pleaded not guilty of drunkenness and asked the privilege of obtaining counsel. His case was continued until Friday.

Found Not Guilty

The case of John Cassia, charged with the larceny of \$100 from the Matta Cassia, which was started in police court Saturday, was concluded today, the defendant being found not guilty. The complainant charged that she gave the defendant \$500 to send to her uncle in

TURKS KILL WOMEN NACCO WAS EXECUTED

Churches Blown Up and Whole He Was Convicted of Murder of Districts Were Devastated Woman at Niagara Falls

VIENNA, June 26.—Reliable advices have been received here from Albania that the situation there is extremely critical. Turkey has massed 30,000 troops within a day's march of the Montenegrin frontier.

Charles R. Crane of Chicago, who has just arrived at Vienna from Cetinje, after traversing Albania, describes conditions as absolutely intolerable. The Turks, he says, are devastating whole districts, killing prisoners, refugees women and children, burning houses and crops and blowing up churches. A large body of Albanian women and children is now caught between two wings of the Turkish army and escape is impossible.

Mr. Crane adds that 25,000 women and children have fled to Montenegro and are starving there, their only means of subsistence being boiled grass and various roots they are able to gather.

AUBURN, N. Y., June 25.—Joseph Nacco, the Niagara Falls murderer, paid the death penalty in Auburn prison this morning, three convicts being executed before he was officially declared dead. He had received a stay of execution two weeks ago from Governor Dix on the ground of newly discovered evidence. He ceased his prayers when entering the chamber and, as it to delay matters, asked numerous questions of the guards, who paid no attention to his words. When strapped in the chair he resumed his plea to God for mercy. The execution was held for 65 seconds, when it was shut off. A flutter of the heart caused Prison Physician Gerin to signal for a second contact. This was of five seconds' duration but as there seemed some doubt among the attending physicians, a third time the current was turned on for five seconds. Each time Nacco openly confessed his crime to the Rev. John R. Barry before he was officially declared dead. He had received a stay of execution two weeks ago from Governor Dix on the ground of newly discovered evidence. He ceased his prayers when entering the chamber and, as it to delay matters, asked numerous questions of the guards, who paid no attention to his words. THE OLD COURT HOUSE

Historic Old Building Was Sold at Auction Today

BOSTON, June 26.—"Going," "going," "gone," with the final cry of the auctioneer and the fall of the hammer one of Boston's best known public buildings virtually became a memory today when the famous old court house on Court square was sold at public auction to be torn down for the material it contains. The land on which the building now stands will be used as an annex to the city hall. Although the building is of comparatively modern construction—having been built in 1836—within its walls many famous men have gathered and the building itself has been associated with great epochs in American history. It was in a cell in the basement of the structure that Anthony Burns, the fugitive slave, those return to the south by order of the United States supreme court caused a great revolution of feeling among the northern anti-slavery people, was confined. While Burns was in his cell awaiting removal to the south a band of abolitionists led by the late Thomas Wentworth Higginson, Wendell Phillips, Theodore Parker and William Lloyd Garrison, attempted his rescue. The old court house was the scene of many famous trials. For 29 years or more the building has been utilized by various city departments.

GREAT OBSERVANCE

French Societies Preparing for Big Event

The presidents of all the local French societies held an important meeting yesterday afternoon at the C. M. A. C. hall in Pawtucket street. The meeting was called to order at 2 o'clock by Rev. Fr. Watelle, O. M. I., pastor of St. Joseph's parish, who explained to those present that the purpose of the gathering was to organize a committee for the grand celebration to be held in this city on August 20, when the grotto of Notre Dame de Lourdes on the grounds of the French American orphanage in Pawtucket street, will be blessed.

"This affair," said the Rev. Father, "is to be one of the proudest ever held in Lowell, and the entire event is now left in the hands of the committee you are about to appoint."

The following committee was then chosen: Xavier Delisle, president of L'Association Catholique, president; J. P. Marchand, president of "La Societe St. Joseph," secretary; Henri Hamilton, president of Branch St. Andre, A. C. F., A. Latendresse, president of Branch St. Joseph, A. C. F., Albert Bergeron, captain of Garde Frontenac; Joseph Gauthier, captain of Garde Jacques-Cartier; Arthur Lamoureux, major of the A. G. Cadets; Hilario D'Amor, president of La Societe St. Jean Baptiste; Raoul Monier, chief ranger of Court St. Paul, C. O. F.; J. A. Daurais, president of L'Union Samuel de Champlain; Arthur Cormier, president of L'Union Garin National; France X. Rivet, chief ranger of Court St. Antoine; C. F. Joseph Carrier, president of Carillon council, U. S. J. B. d. A.

Each society is to form a division of the parade with their fellow brethren of this state and New Hampshire, who will be invited to be present in a body, and each society will also furnish a float of a religious nature.

Xavier Delisle has been chosen chief marshal of the parade and is now busy selecting his staff.

The exception of the altar, a piece of marble three feet high and 12 feet long. This altar is being prepared by Mr. Pierre Tremblay and it is expected that it will be installed Thursday or Friday of this week.

C. S. FUNK TESTIFIED

Manager of Harvester Co. Was Questioned in Lorimer Case

WASHINGTON, June 26.—Clarence S. Funk, general manager of the International Harvester Co., whose account of an alleged request to him by Edward Hines of Chicago for a \$100,000 contribution toward a \$100,000 Lorimer election fund played an important part in the continuance of a second inquiry, appeared today before the Lorimer investigating committee. His testimony was expected to develop a crucial stage in the inquiry, inasmuch as it is a question of veracity between him and Mr. Hines and Mr. Isen as to the alleged request to help reimburse those who raised the \$100,000 "to put Lorimer across at Springfield."

Hines had been given special permission to attend the hearing. Edward Farrar of New Orleans had been added to the counsel for Lorimer and Hines and joined with his associates, Elbridge Hancey and W. A. Hines of Chicago, in cross examining the witness.

John H. Marble of counsel for the committee began the direct examination. Mr. Funk testified that as general manager of the Harvester concern it was one of his duties to keep in touch with political affairs. He declared, however, that never to his knowledge had the company used money to get votes in legislatures.

"Have you regarded Mr. Lorimer as a factor opposed to the International Harvester Co.?" asked Mr. Marble.

"No, sir."

The witness said he had never heard Mr. Lorimer's name in connection with a tax fight against the McCormicks, who are interested in the Harvester company.

Mr. Funk said that the Harvester company was interested in closing the Chicago river, which flowed through his company's plant. The Edward Hines Lumber Co. and Senator Lorimer were in favor of deepening the river. This did not prejudice him against deepening the river.

"I felt that as long as the government engineers wished to close the river Lorimer's attitude was a matter of indifference," said the witness.

"Do you recall a certain conversation with Edward Hines?" asked Mr. Marble.

"Yes, sir."

The witness said he met Hines at the Union League club shortly after Lorimer's election. He said Hines said: "Mr. Funk, you are just the man I want to see."

The witness explained that he was

not repeating the exact words but only giving his recollection of the conversation.

Hines said: "Well, we put Lorimer over down at Springfield but it cost \$100,000 to do it."

"What else?" urged Mr. Marble.

Hines said: "Now we are seeing some of our friends to get the matter fixed up."

Mr. Funk said he inquired how much Hines was getting.

"Well, we can go to only a few big people," was the reply, "and if we can get ten to contribute \$100,000 we can wipe it out."

"I asked him why he came to us," said Mr. Funk.

He said: "You are as much interested in having the right kind of a man at Washington as any of us."

"I said we were not in that kind of business. He began to argue about Lorimer. I was anxious to close the conversation. I soon got up and left."

Witness said Edward Hines' name was mentioned in the conversation but no other names were mentioned.

"What was his manner?" inquired Chairman Dillingham.

"As casual as a sale of a car of lumber."

"Had Hines been indulging in liquor?" asked Senator Kenyon.

"No indications of it."

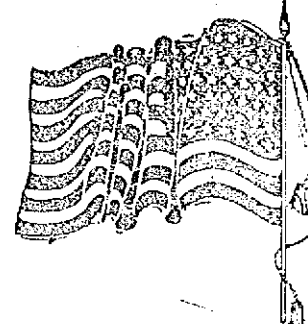

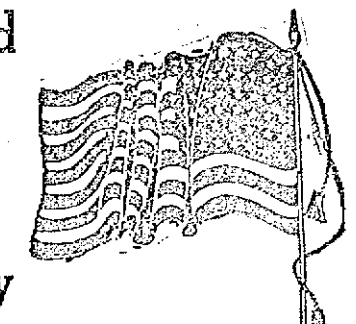

BODY OF A WOMAN Discovered by Three Small Boys

WEST NEWBURY, June 26.—Three small boys who were searching the shores of the Merrimack river today for traces of Miss Ida Farrington, who disappeared from her home in this town early yesterday morning, found the girl's body on a sandpit in the river about a mile and a half from her home. It is presumed that she drowned herself while suffering from melancholia.

Miss Farrington was 32 years old and the daughter of Mr. and Mrs. William Farrington.

The three boys discovered Miss Farrington's body, swam out to it and brought it ashore and then notified the authorities.

FUNERALS CHILDREN ESCAPE LABORERS ON STRIKE

They Were in Path of a Fast Moving Train They Demanded an Increase in Their Pay

BOSTON, June 26.—The funeral of the late Mrs. Joseph Laroque nee Mathilda Brosseau took place this morning with solemn service at Notre Dame de Lourdes church. The cortege left the house, 51 Branch street, at 9.20 o'clock and proceeded to the church where at 9.30 o'clock solemn high mass of requiem was sung by the Rev. Fr. Magnan, O. M. I., assisted by the Rev. Frs. Lamothe and Barrette, O. M. I., as deacon and sub-deacon. A very large congregation was in attendance. The choir, under the direction of Mr. J. L. Bouchet, rendered Perrault's harmonized mass, Miss Alma Alexander presiding at the organ. St. Anne's sodality of which deceased was a member was represented by the following: Mesdames F. C. Lemire, Pierre Paquin, Lucien Landry and A. Cayer. The bearers were Charles Coulombe, John Bernard, Noel Laroque, George Boudreau, Pierre Perault and Ovide Riopelle. Burial was in the family lot in St. Joseph's cemetery in charge of Undertaker Annette Archambault, Rev. Fr. Barrette, O. M. I., reciting the communal prayers at the grave. Among the floral tributes were: Wreath of white pinks, Mr. and Mrs. Albert Brosseau; wreath, Misses Cornu, Yvonne and Blanche Jacques; spray, Mr. and Mrs. Longtin; spray of roses, Emma Morel.

While standing alongside the rails, a fast express train came along. With the noise they were making and also that of the fire engines, they did not hear the roar of the locomotive until it was almost upon them. The engineer blew his whistle when within a few yards and there was a great scramble. The children either threw themselves down the embankment or jumped, and slid the remainder of the way, all landing safely at the bottom.

BOSTON, June 26.—A strike by laborers on the New York, New Haven & Hartford railroad was started today when 100 men at the South Braintree construction camp refused to go to work. About 300 more men in camps at Providence, New London, Williamstown and Westley will follow, according to labor leaders. The men, most of whom are Italians, demand an increase in pay from \$1.50 to \$1.80 a day and improvements in arrangements at the various construction camps. The strikers are organized under the American Federation of Labor with headquarters in Boston.

TRINITY SENIORS
HELD CLASS DAY EXERCISES ON THE CAMPUS

HARTFORD, Conn., June 26.—The seniors of Trinity gathered today on the college campus for the annual class day exercises. The class which is the largest which has ever assembled on the college lawn numbers 42. The class president, Clarence E. Sherman of Brockton, Mass., delivered the opening address. The class history was read by J. H. Rosebough of Erie, Pa., the poem by Blinn F. Yates of Buffalo, N. Y., and the oration was made by Levi M. Hickey of East Hartford, Conn. An important feature of the day was the presentation of athletic awards.

BUFFALO FIREMEN MATRIMONIAL

ON A VISIT TO PROVIDENCE AND BOSTON

PROVIDENCE, R. I., June 26.—Bound on a four days' pleasure trip, the members of the Exempt Volunteer Firemen's association of Buffalo, N. Y., to the number of about 125 arrived here today. They were met by delegations of the local veteran associations and regular fire department and escorted to their hotels after a parade through the city. They will remain here until tomorrow evening when they will go to Boston for a two days' visit.

Mr. Arthur Coutu and Miss Flora Lesage were united in marriage this morning at the private chapel of St. Joseph's rectory. The ceremony was performed at a nuptial mass celebrated at 6 o'clock by Rev. Fr. Baron. O. M. I. The young couple were attended by Messrs. Philias Coutu and Edouard Lesage. After the ceremony, a wedding breakfast was served at the home of Mr. and Mrs. Bellemare, 7 Juliette avenue. Mr. and Mrs. Coutu left on the 10.20 train for a honeymoon trip to Canada.

THE TEMPORARY HOUSE OF WORSHIP OF ST. COLUMBA'S PARISH

AT ST. COLUMBA'S Temporary Church Was Opened Yesterday

Large congregations attended the opening services at St. Columba's temporary church in Pawtucketville.

REV. JOHN H. DEGNAN,
Pastor St. Columba's Church.

yesterday and they found a most comfortable and cozy interior. Masses were sung at 7, 8:30 and 10:15 o'clock, the last service being a high mass celebration.

ST. ANNE'S CHURCH THE OBLATE BROTHERS

Coronation Services Will Spend Vacation at
Held Yesterday Casco Bay

The coronation services held at St. Anne's church Sunday evening brought out a large attendance. Rev. A. St. John, pastor, presided at the ceremony. The coronation was a very appropriate to the occasion and there was special music. Dr. Chamberlain was assisted in the service by Rev. Wilson, pastor of All Saints' church, Cambridge. The coronation was held in the church which was recently purchased by the Oblate Brothers. The coronation was a very appropriate to the occasion and there was special music. Dr. Chamberlain was assisted in the service by Rev. Wilson, pastor of All Saints' church, Cambridge. The coronation was held in the church which was recently purchased by the Oblate Brothers.

The 20 or more Oblate Brothers of the Novitiate in Tewksbury who have recently completed their studies for the year left Friday for Bailey's Island, Casco Bay, Portland Harbor where they will enjoy their summer vacation. They have hired a roomy cottage in one of the most delightful spots in Portland harbor and will remain there until the first of September. They have taken their own chef along and are in for a good rest and an enjoyable time. The coronation was a very appropriate to the occasion and there was special music. Dr. Chamberlain was assisted in the service by Rev. Wilson, pastor of All Saints' church, Cambridge. The coronation was held in the church which was recently purchased by the Oblate Brothers.

MATRIMONIAL

An event which was awaited with great interest by Trenton, N. J. social circles was the wedding of Miss Lucy Bennett Lenox, daughter of Mrs. Lucy I. Lenox, of 245 Centre street, and Mr. Clarence T. Kilpatrick, of this city, formerly of Lowell, Mass. The ceremony took place in the State Street M. E. church at 5 o'clock Thursday evening, and it was one of the largest weddings of the season.

The bride was dressed in an exquisite gown of white tulle, made en train, hand-embroidered and very elaborately trimmed with Point Venice lace. Her long veil was caught with a coronet of lilies of the valley and she carried a bouquet of white roses. Her only ornament was a brooch of diamonds and pearls, the gift of the bridegroom.

The bride was given away by her cousin, John S. Watson, of Jersey City, and Miss Mary S. Watson, of Jersey City, attended as maid of honor. She wore a gown of white tulle, made en train, hand-embroidered and very elaborately trimmed with Point Venice lace. Her long veil was caught with a coronet of lilies of the valley and she carried a bouquet of white roses. Her only ornament was a brooch of diamonds and pearls, the gift of the bridegroom.

Miss Isabelle M. Lucas, of this city, and Florence M. DeLoach, of Bordertown were bridesmaids. Their gowns were of white tulle, made en train, hand-embroidered and very elaborately trimmed with Point Venice lace. Their long veils were caught with a coronet of lilies of the valley and they carried bouquets of white roses. Their only ornaments were brooches of diamonds and pearls, the gift of the bridegroom.

Mr. Kilpatrick was attended by Mr. Frederick J. Hulme and Messrs. Carl Ricker, Walter Heldeweller, F. B. Stratton and Russell Gegg of this city, and Edward M. and Theodore C. Watson, of Jersey City, cousins of the bride-elect, acted as ushers. To his best man Mr. Kilpatrick gave gold monogram cuff links and to the ushers gold tie pins with amethyst settings.

Preceding the ceremony, Mr. Edward C. Mueller, organist at the church, gave a three-quarters of an hour recital. The ceremony was performed by Dr. John D. Fox, of Harrisburg, Pa., former pastor of the church, assisted by Dr. Isaac L. Wood, the present pastor. The church was decorated by Lang H. Johnson as was also the Lenox home, where a reception was held and a collation served. The rear lawn of the Lenox home was carpeted and the collation was served in a tent. The attendance at the church was a large and fashionable one, but the guests at the reception included only the bridal party and immediate relatives and friends of the young couple.

Miss Lenox, who is a young woman of charming personality, is the daughter of the late Charles Lenox, member of one of Trenton's oldest families, and is popular with her many friends, by whom, since her announcement, she has been tendered many showers of linen, etc. She is also the recipient of many handsome wedding gifts of silverware, cut glass, china, etc.

Mr. Kilpatrick is the son of Representative Charles T. Kilpatrick, of Lowell, Mass. He was graduated from Tufts college in the class of 1907, receiving the degree of civil engineer. After leaving college he came to Trenton in the employ of the American Bridge company. Since 1908 he has been one of the assistant engineers in the city engineer's office—Trenton, N. J. True American.

SUPT. OF SCHOOLS HAS BEEN GIVEN MORE POWER BY THE LEGISLATURE

The following bill which passed the legislature became a law on May 13: Be it enacted by the senate and house of representatives in general court assembled, and by the authority of the same, as follows: Section 1. The superintendent of schools, employed in accordance with section forty, section forty-one or section forty-four of chapter forty-two of the revised laws, shall, under the direction of the school committee, have the care and supervision of the public schools, and shall be the executive officer of the school committee. He shall assist the school committee in keeping its records and accounts, and in making such reports as are required by law. Section 2. The superintendent of schools shall recommend teachers to the school committee, and also recommend text-books and courses of study to the school committee. Section 3. This act shall take effect upon its passage.

BIG REGATTA WEEK

Harvard and Yale Crews Begin Their Closing Trials

NEW LONDON, Conn., June 26.—Regatta week in this old whaling port practically began today with the closing trials of the Harvard and Yale crews and the arrival of many of the yachts that will participate in the Eastern Yacht club's ocean race on Saturday to Marblehead. On Friday all hands will line the regatta course for the rowing matches. The Eastern Yacht club's race will start on Saturday afternoon and about the same time the yachtsmen of Harvard and Yale will leave on a race in the opposite direction up the Sound with the finish at the Sewanhaka-Corinthian Yacht club at Oyster Bay. Interest in the run to Marblehead centres in the race for the Clark gold cup, in which the two yachts, the Elena and Enchanter, will meet for the first time. Other entries are the Iroquois, Savarona, Emerald and Seafox. It is expected that several others will join the fleet on Friday and start in the race. For the other cups, the Verona, the Vision, and the Vagrant will start in small schooner class; the Adventure, the Avenger and the Acushla, owned by Wetmore and Savage of Boston, will sail in the sloop class; and several yachts, including the Rainbow, are expected in the race for the cup offered by Lawrence Armour.

The Eastern Yacht club's special race for the big yachts will be sailed off Marblehead on July 4th and three days later the club's fleet will start eastward on the annual cruise to Bar Harbor. The season for the big yachts will close in eastern waters with the race from Bar Harbor to Marblehead on July 17 for the Norman cups.

GREAT GEM FRAUD

May be Unearthed by the Customs Officials

NEW YORK, June 26.—Diamonds worth \$5000 were seized yesterday for the government by Richard Parr, deputy surveyor of the port, from Mrs. Helen D. Jenkins, who attracted widespread attention in December, 1909, when jewels valued at \$300,000 were stolen from her apartment in the Lorraine, at Fifth avenue and Forty-fifth street.

Mrs. Jenkins had declared to Mr. Parr that the diamonds are part of some valued at many thousands of dollars which a mysterious J. W. Jenkins smuggled into this country in the last few years. In addition to the jewels, she asserts, Mr. Jenkins has evaded payment of duty on thousands of dollars' worth of silks, gowns, lingerie, gloves, stockings and hats purchased in Europe.

Collector Loeb made an exception to his rule of refusing to discuss pending cases in this instance, because in a story circulated by agents of Mr. Jenkins the purpose of the government investigators was questioned. Mr. Loeb refused, however, to make public the name of the man who is sought. The question of the identity of Mr. Jenkins has long proved a puzzling one

to those who have inquired about him. It has been solved, however, by the government. The disclosure of facts that have been gathered in the last year promises to cause sensations in several of the larger cities of the country.

When Mrs. Jenkins' jewels were stolen she laid the matter before George F. Dougherty, now deputy police commissioner, who was then head of the Pinkerton Detective Agency, in this city. Mr. Dougherty had been working on the case only a day when a strange detective appeared.

"I am going to get those diamonds back for you," he declared to Mrs. Jenkins. True to his promise, he announced within a few weeks that he had found trace of the jewels. A little later he announced that he had recovered them, and asked Mrs. Jenkins to go to Chicago to identify them. Mrs. Jenkins went accompanied by her attorney, a prominent republican politician of the New York city police department, since retired.

Mrs. Jenkins recovered her jewels, or nearly all of them, she declared.

If you have a cramp or pain,

a sense of chill with aching muscles or cold extremities, an uneasiness in the stomach or bowels, a feeling of nervousness, wakefulness or exhaustion, Sanfords' Ginger gives prompt relief and may prevent a serious illness.

Sold by druggists and grocers everywhere. Forty years the standard of purity, flavor and strength. Delicacy, refreshing, strengthening; besides, it's always handy.

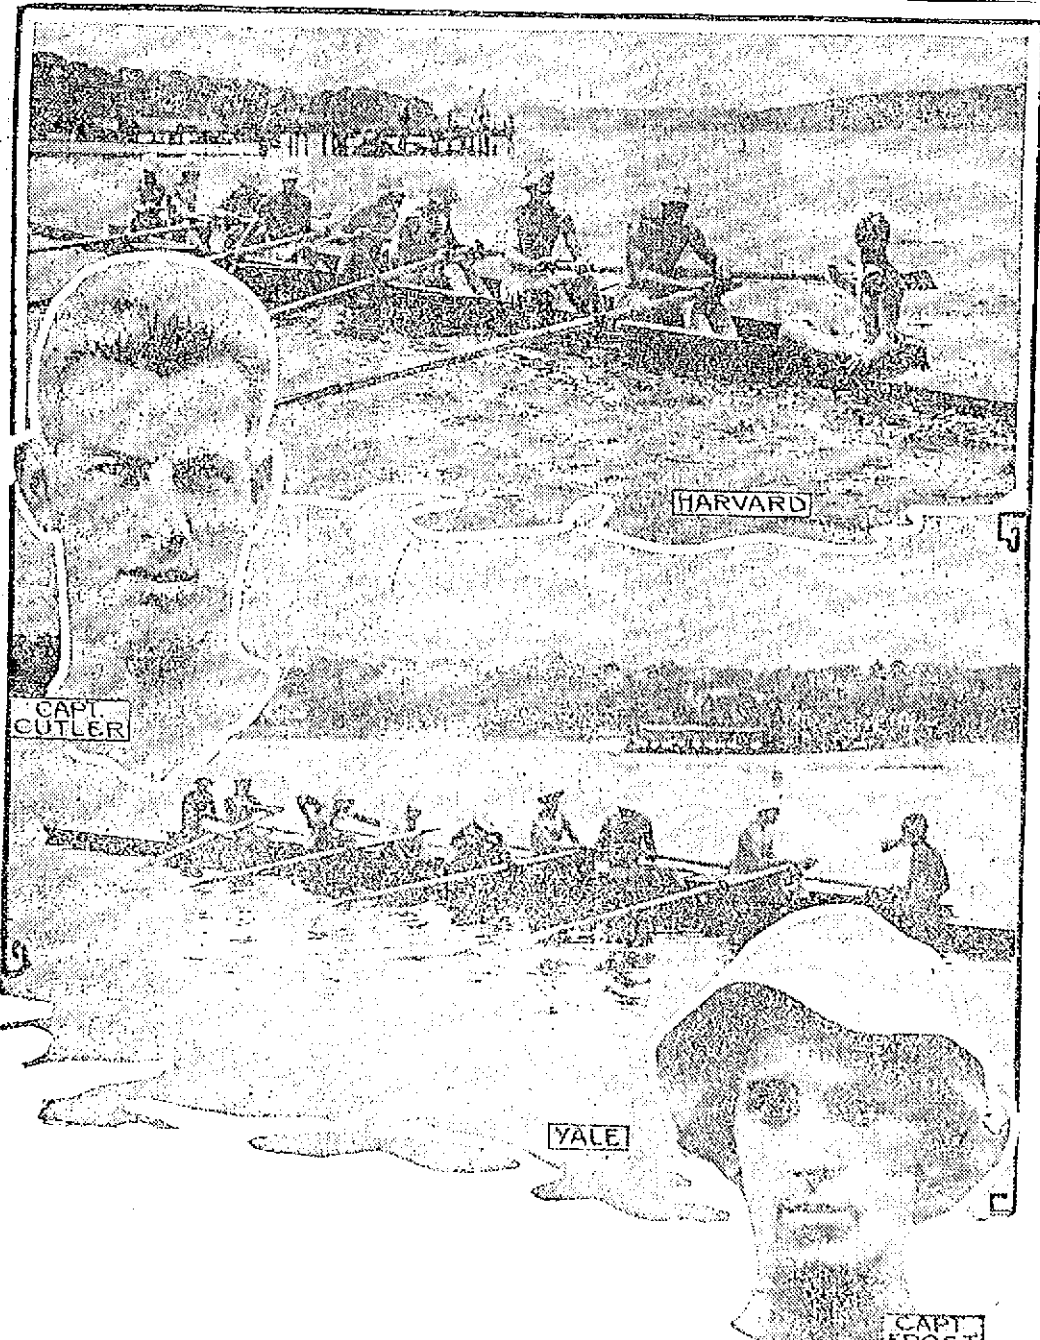

Look for this Owl Trade Mark and you get a worthless substitute.

For their recovery she was compelled to pay more than \$15,000 in rewards and lawyers' fees. Investigation led to the belief on the part of Mr. Parr that there had been smuggling, and his seizure of part of Mrs. Jenkins' jewel collection is said to be the first formal step toward the prosecution of Mr. Jenkins and the seizure of many gems.

INDIAN STATUE

ERECTED NEAR OREGON, ILL. TO BE UNVEILED

CHICAGO, June 26.—Lorado Taft's colossal statue of an Indian, which stands on a bluff by the Rock near Oregon, Ill., has been completed and will be unveiled next Saturday. Among those who will speak at the unveiling are Miss Laura Cornelius of Seymour, Wis., granddaughter of Daniel Brand and herself the last full-blood princess of the Oneidas; and Charles Eastman, who is also a full-blood. Miss Cornelius, whose Indian name is "Wyanogancene" or "Ray of Light" will tell of the work she is doing in behalf of her race. Mr. Taft has been at work on the statue for the last three years. Its facial lineaments are those of Black Hawk, the celebrated chief of the Iroquois.

YALE AND HARVARD VARSITY EIGHTS THAT WILL MEET IN RACE ON THAMES RIVER

NEW LONDON, Conn., June 26.—The Harvard and Yale varsity eights are now ready for their annual race on the Thames June 30. The Crimson men have been showing remarkably well for the past week and are odds on favorites for the event. During the past two weeks Yale has improved wonderfully, and Coach Kennedy believes Harvard will more than have her hands full winning. Many changes have been made in the Yale boat since the defeat by Cornell and Penn on the one struck a winning gait and

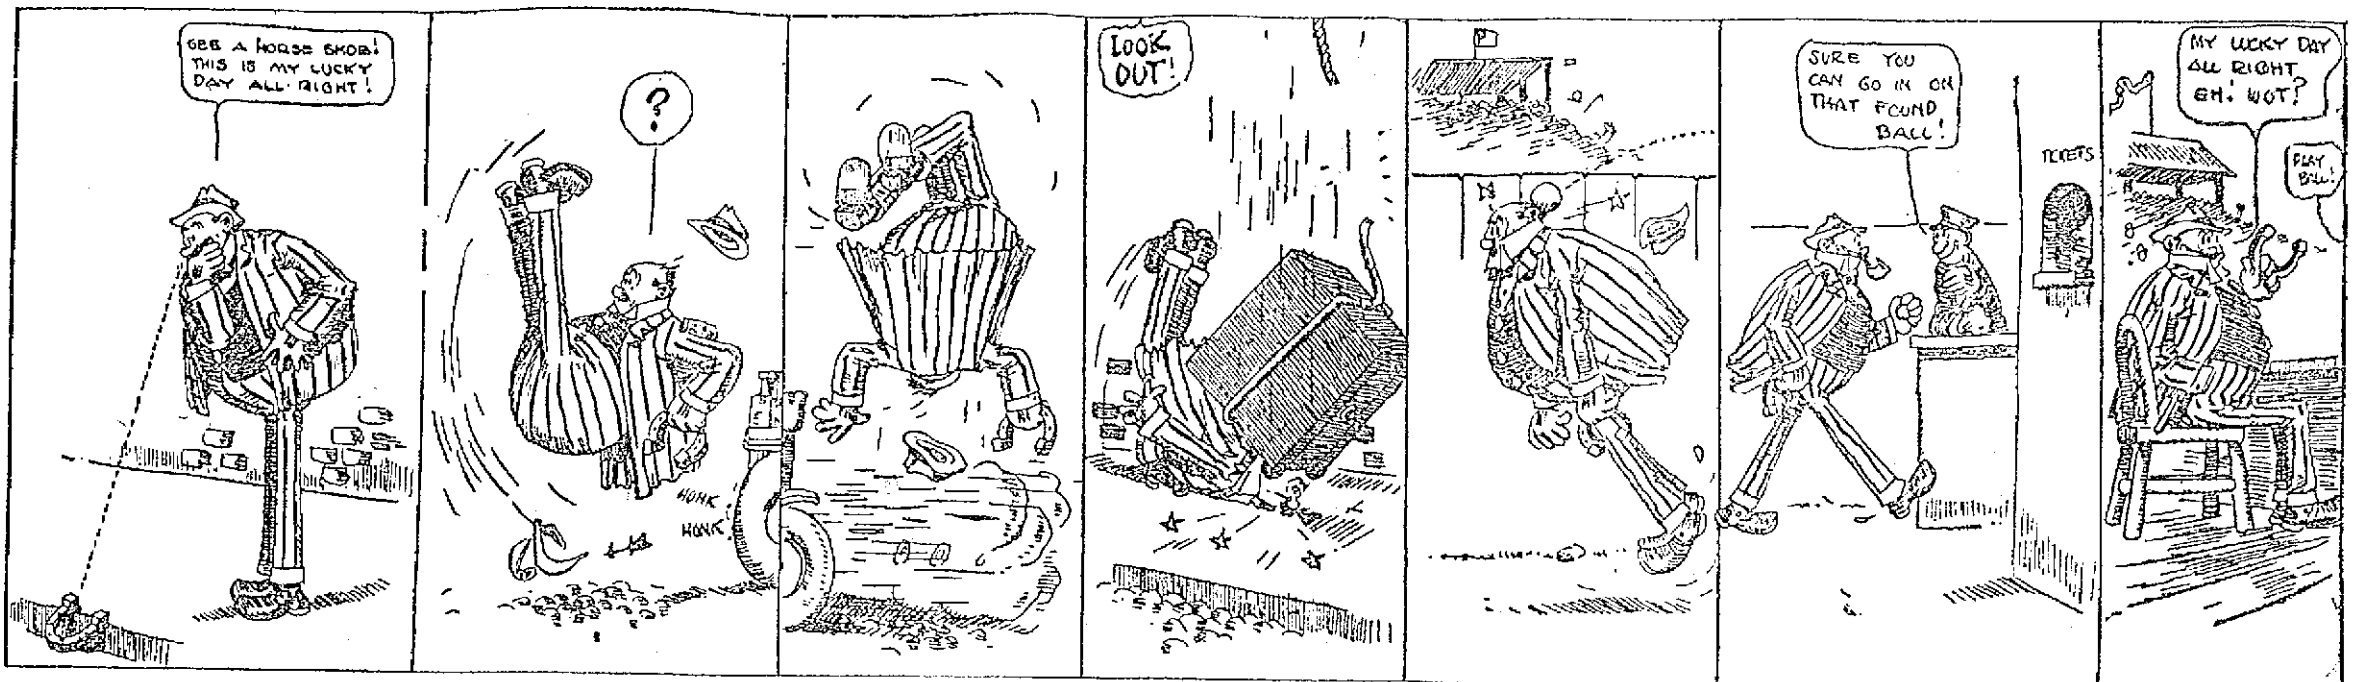

Carnegie Lake recently. Since 1852 these two great institutions have had 14 varsity races. Of these Yale has captured 23 and Harvard 21. They have had various systems of rowing and rigging and many different coaches, yet they are only two races apart on the sum totals and promise to be still closer at the close of the coming contest. An interesting point to note is that only occasionally have they alternated as victors. Much more often the defeat by Cornell and Penn on the one struck a winning gait and

INDICTED BEEF PACKERS MUST PLEAD TO CONSPIRACY CHARGES JULY 5

CHICAGO, June 26.—The ruling of Federal Judge Carpenter that the indicted beef packers must plead to conspiracy charges July 5 has caused considerable comment and interest here. He fixed Nov. 20 for the beginning of the trial. The judge had previously denied the packers' plea for a bill of particulars. The packers charged with conspiracy to control meat prices and monopolize the meat business of the country are ten in all. They include J. Ogden Armour, Louis F. Swift, Edward F. Swift, Edward Tilden, Arthur Meeker, general manager for Armour & Co.; Edward Morris, president of Morris & Co.; Francis Fowler, director of Swift & Co.; and Thomas J. Connors, superintendent of Armour & Co.

SOMETIMES IT TAKES A HUNK OF BAD LUCK TO BRING GOOD LUCK BEN, OLD BOY!

BARROWS STILL LEADS

Six Lowell Batters Are Among the First Twenty-Five

For the first time this season the list of 25 leading batters in the New England league includes players with averages less than .300, there being this week but 22 men in the 300 class. Roland Barrows of the Lowell club continues to top all the others with a fine mark of .375, four points less than a week ago. The veteran, Jesse Burdett, who has been in second or third place all season, dropped to fifth. Pratt, Briggs and Luster passing him, Pearson of Lawrence, who led the league for several weeks, is gradually dropping in the list, being sixth this week. Luster, the Lawrence pitcher, jumped from 13th to 4th place, and Wormwood, a Fall River twirler, from

THE CAST OFFS WON

Maybohm and Lavigne Trimmed Brockton

It didn't do Lowell a bit of harm to remain away from home for an entire week for they developed a winning streak that makes them look awfully good, getting 11 scalps out of 12 chances.

At Brockton, Friday, Lowell cleaned up three pitchers and on Saturday belted two more off the mound. To make Brockton's defeat on Saturday more humiliating it was Brockton's cast-off battery, Maybohm and Lavigne, who were working for Lowell.

Y. M. C. A. WON

DEFEATED DERRY A. A. IN WELL PLAYED GAME

The Y. M. C. A. team went to Derry, N. H., Saturday and defeated the strong Derry A. A. by a score of 4 to 2. Picard on the mound for the visitors held the Lowell team down until the eighth when the Y. M. C. A. broke the ice and scored 3 runs, getting another in the ninth. Doyle pitched a steady game for the Y. M. C. A.

DIAMOND NOTES

Lowell at Lynn today.
Lynn plays here tomorrow.

Roarin' Red Rorty started in today. Red is a good umpire.

Eleven out of the last 12 played is pennant-winning baseball.

Barrows not only leads the New England league batters, but he is one of the three leading sacrifice hitters.

Moulton and Magee continue to hold their places as the leading rungetters of the league.

The "Bull Durham" people have informed the writer that their representative will be on hand next Saturday to present Capt. Barrows a check for \$500 for hitting the Bull recently. The check has already arrived at The Sun office.

Manager Carr of the Utica (N. Y.) state league baseball team last night announced the sale of Pitcher Reardon to the Brockton club of the New England league. Reardon left immediately to join that team. Second Baseman Burns of the Northampton club of the Connecticut league, which disbanded last week, has been signed by Utica.

AMATEUR GAMES SATURDAY

At Westford: Westford, A. A. 10; Shirley, A. A. 5.
At South common: South Ends, 17; Palmers, 4.
At Highlands: Poles, 12; Highlands, 10.
At North Billerica: Independents, 10; National, A. C. 5.
At Tyngsboro: Y. M. C. I. 17; Tyngsboro, 2.

THE LOWELL SUN

JOHN H. HARRINGTON, Proprietor

SUN BUILDING, MERRIMACK SQUARE, LOWELL, MASS.

Member of the Associated Press

THREE DOLLARS PER YEAR. TWENTY-FIVE CENTS PER MONTH

The sworn daily average circulation of The Lowell Sun for the year 1910 was

15,976

Sworn to by John H. Harrington, proprietor, Martin H. Roby, business manager, and Alfred Pilotte, pressman, of The Sun, before me, January 2, 1911. J. JOSEPH HENNESSY, Notary Public.

It takes the supreme court about three years to get one of the big trusts on the legal gridiron. Then the treatment is not so rigorous as to justify the skilful evasive tactics on the part of the trusts.

The Congressional Record is about ten days behind in the publication of some of the speeches. We know it would be a very difficult task to publish each day the output of the discussions, especially on the tariff, when the speeches are so long and so given to tabulated statistics that no printer can hurry over.

The teachers of Boston have another bill in the legislature providing for an increase in their wages. It would seem that they had carried the matter far enough when the governor's veto of their former bill was sustained by a majority of one vote. They are now in hopes of carrying the present measure through the legislature in spite of the governor's veto. The teachers might fare as well in the long run if they were not so aggressive.

ABUSING HORSES

There is scarcely a hill in the city on which horses are not abused by brutal drivers. Unfortunately when teams are loaded the limit the horses can pull on the level road is put on the wagon. When a hill is encountered and the horses are unable to pull they are lambasted in the most brutal manner by drivers that seem to have less intelligence than the animals they abuse. On Saturday a man driving two horses with a heavy load of granite abused them going up a hill, and a few days before another driver abused two horses on the same hill because they could not shoot along with a heavy load of lumber. Agent Richardson of the Humane society should interview a few of these "unreasonable" drivers.

Some of the drivers don't seem to understand why a horse cannot pull as big a load up hill as on the level. When the animal is unable to do so it is treated as if it were balking or lazy, as some of the drivers undoubtedly are when they sit on the wagon even while the horses are put to such a test that to lighten the load even a single pound would make an appreciable difference.

LOCAL SUPERVISORY SYSTEM OUTLAWED

The Lowell school board finds itself in rather a queer dilemma as a result of an act that has just become law through the initiative, we understand, of the state board of education, providing that in every city the superintendent of schools shall recommend teachers to the school committee and also recommend text books and courses of study. The act also provides that the superintendent of schools shall have the care and supervision of schools and shall be the executive officer of the school committee. This law would seem to be aimed at Lowell, although such is not the case. The recent arrangement by which the grammar masters are made supervisors with the power of selecting teachers is in direct violation of the act. Hence it must be dropped as the law prescribes this particular function as part of the duties of the superintendent.

It is a common custom with school committees to usurp the powers that should be exercised by the superintendent. He is reduced to a mere figurehead, and while nominally responsible for wrong conditions in the schools, we venture to say that he would jeopardize his position if he should pull up every teacher he finds doing poor work or take steps to eradicate everything he finds wrong. There is probably no other single cause responsible for more of the defects in our public schools than this tendency to suppress the superintendent of schools. For this reason the new law is a wise one, and it is to be hoped the school board will speedily rearrange its supervisory organization so that the grammar masters will not have to perform the work of the superintendent. The principals have plenty to do in their own schools, plenty of supervisory work, and plenty of defects to remedy. The ablest principal in Lowell schools has enough to do to keep his school up to the proper standard without going out through New England to pass upon the personnel and the work of teachers who are candidates for admission to the Lowell schools.

This supervisory system was devised as a means of selecting teachers after the Training school was abolished. So far as it applies to the selection of teachers or of text books it has been legislated out of existence, and it is useless for the school board to try to get around the law by indirection.

At the present time the handwriting in the schools is a disgrace to the city. It is what might be termed a compound of the vertical and the Spencerian that has neither the clearness of the one nor the easy grace and lineality of the other. Were the handwriting of the public schools put on exhibition with that of the leading parochial schools, everybody in any way connected with or responsible for the public schools would blush with shame. Anybody who doubts this statement can easily find its verification by examining the handwriting of both. The public school pupils are equally backward in spelling, in arithmetic and in composition, so that there are the very best of reasons for having the grammar masters instead of doing the superintendent's work attend to that of their respective schools and see whether they can produce better results; whether they can overcome the demoralization in handwriting and procure reasonable thoroughness in the essential branches.

The state board of education at the present time is keeping a close watch upon the schools of the state, and it is doing what it can to remedy some of the worst defects.

One of the chief defects, one which will be readily admitted by everybody acquainted with the situation, is the lack of systematic and effective inspection. If the superintendent were empowered to suspend a teacher for poor or careless work, if in fact he were ordered to do so, there would be more attention given his orders and more regard for his wishes. His suggestions would then be more faithfully carried out and the results demanded would be forthcoming where at present there is but inefficiency and failure. If we have to pay a superintendent, the proper thing to do is to place the power in his hands and hold him responsible for results. It is seldom that a school board in Lowell is so disinterested as to do this; and to this extent if not all the chief defects in the school system may be traced.

SEEN AND HEARD

Aviator Atwood, who this week introduced the flying machine into the city, says that all amateur passengers have cold feet. Many plan to ride and do all sorts of things in the air, but at the last minute—well they will wait until the next day. The Union reporter discovered a pretty good example of this on Atwood's trip from Waltham to Concord last Monday.

Atwood changed passengers at every stop. The gentleman who started with him had a camera and was intending to take some bird pictures. At the last minute he decided to leave the camera behind and hang on with both fists to the machine. The man who got on at Lowell did the same thing. When Joseph Toye, who rode from Nashua to this city was interviewed, he said:

"I've got to go to Nashua tomorrow. I left a camera there with a fellow that I intended to take up in the air with me. But the ride looked so risky that at the last minute I decided not to try it."

The passenger from this city to Concord was P. M. Page. Mr. Page came to the Union office loaded with a big camera and he promised to give the Union some of the pictures of the city "just as a bird sees it." He lugged the camera around all day and promised pictures to everybody from the mayor down. But when the huge biplane effected its thrilling landing on the circus grounds, and even more dangerous attempt to ascend, Mr. Page came to the Union man and said:

"Here, take this camera, will you, please, and send it to me in Boston. I don't think I will need it."

When a man is 2000 feet in the air he thinks more about tightening his grip on the steel supports than he does about bending over to focus pictures. —Manchester Union.

DREAMING

Tired of the cities, their sham and their show;
Weary of white lights, their glitter and glow;
Yearning and longing to pack up and go
Back to the ranges unbounded.
Back to where honor is more than a name;
Back where life's cards are dealt square in the game;
Back to where duty undone is a shame,
And life with joy is surrounded.

Weary of watching mad struggles for gold;
Sick of child faces by labor worn old;
Sick of men's souls that are calloused and cold—
I long for the rivers and ranges.
Sick seeing womanhood traded and bartered;
Sick seeing mother and child by greed parted;
I'm going back where the best in life started.
Back to where honor ne'er changes.

Far from the streets with their noises and clamor;
Far from the shams with their tinsel and glamour;
Far from the din of the wheel and the hammer,
Out in the silence unbroken.

Out north the blue sky in freedom to revel;
Scouring the mountainside, riding the level—
Where men are built square and not on the level,
Where friendships are known though unspoken.

Sick of the sights of the city's streets crowded;
Sick seeing truth in the grave's garments shrouded;
Sick seeing sin that parades with a proud head,
Weary of hypocrites scheming.
Longing to ride where the scene ever changes,
Yearning for skyline o'er long mountain ranges;
Back to where both the true and the strange is—
This is the dream I am dreaming.

PEOPLE OF NOTE

Dr. Frederick A. Lucas, the new director of the American Museum of Natural History, in New York, successor to Dr. H. C. Bumpus, was for seven years head of the Brooklyn Museum. Some day, according to Dr. Lucas, the New York museum will be the greatest institution of its kind in the world. He said the American Museum and the Smithsonian Institution and other museums were working more and more to interest the great mass of the people. Dr. Lucas was appointed director on May 5, at which time Henry Fairfield Osborn, president of the museum, said the essential purpose in the selection of Dr. Lucas was to advance the educational arrangements and exhibition of the vast collections. The trustees said that while the museum was well equipped in some departments, in others there was a lack of sequence, which had lessened the educational value of the exhibits.

The other day the first "archives of speech" were solemnly deposited at the Sorbonne. The University of Paris is the first in the world to start a museum of the spoken word. The first grammophone disks placed in this new kind of library were not, perhaps, especially representative, but they will presumably be added to. The minister of public instruction, on arriving at the Sorbonne, was received by the "Marcellette," appropriately sounded by a gramophone. He then read a speech, which was duly registered on disks that will be preserved for all time, or as long as Paris exists. He made an apt remark, and an equally apt quotation when he said that the gramophone enables mankind for the first

SYMPTOMS OF ECZEMA

The most form of eczema is most common. The affected parts are swollen and tender, with a reddened, raw appearance, covered with a thin, dark crust, through which a gummy liquid appears. Itching is nearly always present. The treatment is to stop the itching, exclude the air and germs, and set up the healing process by applying Cadum. The new skin remedy. You can see and feel a marked improvement after a single application, and the surface of the skin rapidly resumes a healthy condition. Cadum is also remarkably effective in other skin troubles such as redness, pimples, rash, blotches, roughness, itchy skin, chafings, acne, sores, ulcers, eruptions, hives, tetter, itch, herpes, psoriasis, itching piles, etc. Trial box 10c.

time in history to preserve, in Verdi's exquisite line, "l'inflection des voix chères qui se sont tuées." Afterwards M. Antoine, director of the Opera, read into the phonograph a passage from Moliere, and the disk was duly placed in the speech museum. It will now be the business of the curators to collect for posterity samples of the most representative voices of today.

Two important faculty appointments are announced at Dartmouth. Dr. Curtis H. Page, now professor of English literature in Northwestern university, has been elected professor of English literature at Dartmouth, and Dr. John Wesley Young, at present head of the department of mathematics at the University of Kansas, will hold the professorship of mathematics at Dartmouth under the Chandler Foundation.

The discussion of the danger to the leaning tower of Pisa has led an Italian scientist, Rev. Guido Alfani, to invent an instrument which he calls a trepidometro for measuring its oscillations, and he recently tested the effects of ringing the great bells, for which the bells having been silenced since the panic over the foundations of the tower. He reports that his observations suggest no immediate danger, the total oscillation during the ringing of the two great bells "Assunta" and "Il Crocifisso" amounting to only 1.8 millimeters.

MERRIMACK SQUARE THEATRE

The presentation of that popular farce comedy "Is Marriage a Failure?" at the Merrimack Square theatre this week by Mortimer Snow & Co. is almost sure to score one of the biggest successes of the season. The piece itself was written expressly to cause laughs so that if you are anxious to enjoy 25 minutes of real fun then don't miss seeing it. Mr. Snow is as much in his element in comedy as he is in straight drama, and can present the numerous funny sides contained in "Is Marriage a Failure?" as cleverly and well as the best of those who do nothing else but engage in comedy. He will have the assistance of Miss Lillian Lee Anderson and she, too, finds comedy work quite as much in her line as any other branch of the profession. Both are especially fitted to give this play a correct and finished presentation. The management of the theatre has gone to considerable expense in staging the piece so that it will be seen as was originally intended by the author. Come and see "Is Marriage a Failure?" and laugh yourself tired.

The other excellent numbers included in the week's bill are Miss Blanche Aldrich in rapid character changes and male impersonations that stamp her high among those of her line. Miss Aldrich is known as the "American Vesta Tilly" and her songs and stories are quite in her line as well as the title which she carries. Miss May E. Whiteley, the Lowell young woman, will again be heard in songs that are sure to meet with the general approval of all. Miss Whiteley scored heavily last week and will undoubtedly do so again. Lou Morgan and Harry West are known as modern Dutch comedians, whose cleverness as entertainers is known in many of the cities of the east. They sing and dance and give 25 minutes of pleasurable enjoyment.

The photo-plays for the first three days include a wonderful presentation of the famous play, "Faust." The film is 2000 feet long and is in two parts. There are other pictures of almost equal interest as well. Baseball results nightly. —Adv.

LAKEVIEW THEATRE

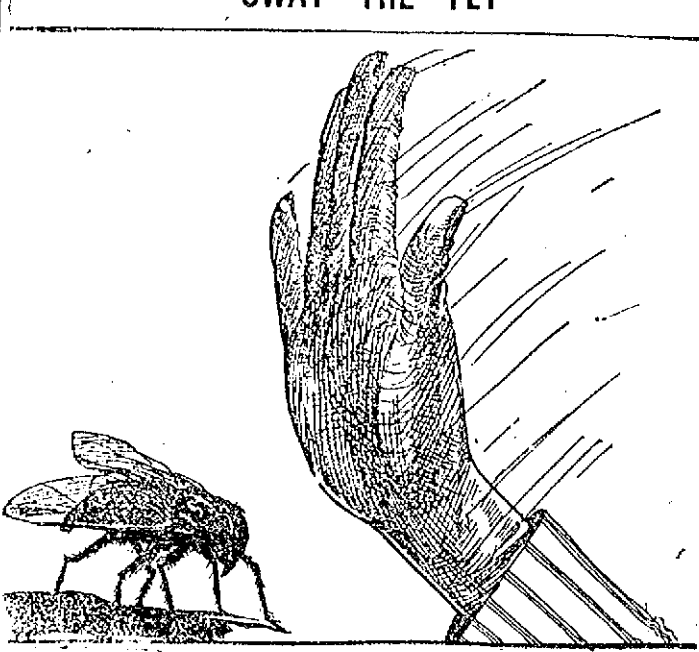

Commencing this evening the Lakeview Stock Co. will present that well known star play of Kyrie Bellew's known the world over "Raffles the Amateur Cracksman." That this company is capable to present this play is self evident to those who saw them last week in "The Man of the Hour," and it will be presented with a new scenic equipment and all the effects.

Raffles is the name of a society leader who has taken up the "art" of a cracksman to show London society in which he moves that a man with education brains and standing can steal. The Scotland Yard force tried for several years to arrest this cracksman but gave it up. Captain Bedford, a retired detective, is brought in on the case, and in visiting Lord Amersteth's country residence meets Raffles whom he knows. While Bedford is in the house, Raffles discovers the burglars in the act and by a well directed blow knocks himself. He then alarms the house, James E. O'Hearn, John P. Sullivan, George Bloom, George Smith, William Beck, James Sullivan, Robert White, James Quan, Daniel Cole, John Noonan, John McCarty, T. J. Lannigan, W. M. Hagan, Joseph J. Downing and M. E. Daly.

The women attending the gathering voted to form an auxiliary to the organization. The officers elected were Mrs. D. J. Dowd pres., Mrs. John P. Sullivan and Mrs. B. A. J. Green vice pres. Mrs. J. Sexton sec., Mrs. John McCarty treas.

"SWAT THE FLY"

The National Began This Summer

ARLO WILDERMURTH

Name of Man Who Committed Suicide

Arlo Burt Wildermurth, such is the name of the young man who committed suicide at Pike's farm, Tewksbury, last Thursday evening. The deceased was 22 years of age and a native of Groveport, Ohio. He enlisted January 7, 1911 in the U. S. M. C. and was transferred to Norfolk where he remained until May 23, when he was sent to Charlestown navy yard and then transferred to the New Jersey. He had been on leave from the ship from June 21st, and had failed to report.

Wildermurth leaves a mother, Mrs. Cora Wildermurth in Groveport, Ohio. The latter was notified of her son's death by telegram, and the body was sent to her this morning.

GOT MANY GIFTS

YOUNG PEOPLE WERE REMEMBERED BY THEIR FRIENDS

Mr. Nelson Phillips, first sergeant of Garde d'Honneur, and a popular member of the C. M. A. C., was given a fine send off the other night by a number of his friends who had gathered at his home, 467 Merrimack street, to congratulate him and at the same time offer him their best wishes on the occasion of his approaching marriage to Miss Albertine Favreau of Lakeview avenue. A jolly evening was spent and the host was presented with costly gifts. While this was going on, the fiancée was being tendered a reception by her friends at her home in Lakeview avenue. There again a number of pretty gifts were received. The couple will be married Tuesday morning at a nuptial mass at 8 o'clock at St. Louis' church.

FINE WRITING

EXHIBITED AT THE IMMACULATE CONCEPTION SCHOOL

The exhibition of the writing and drawing of the Immaculate Conception school was viewed at the school rooms yesterday by a very large number of people. The writing displayed in the various grades is excellent, while the drawing and the manual training work of the lower grades are also worthy of praise. The style of writing shows the same characteristics through all the grades. It is purely Spencerian and some of the samples in the higher grades are admirably executed, showing careful training under skillful teachers. If the other branches are taught nearly so well as the writing the school must be doing its work in a very thorough manner.

VETERANS OF NINTH

Held a Reunion at South Billerica Yesterday

The 25th anniversary of the 9th Mass. Regt. M. V. M. veterans, was observed yesterday at the camp of B. A. J. Green in South Billerica, about nine miles from this city. This organization includes men who served in the Civil and Spanish wars, the Boxer uprising and some of the men volunteered with the Boers in their contest against Great Britain.

It was also the 50th anniversary of the departure of the old 9th Mass. regiment for the front in the Civil war. A large tent was erected on the ground and dinner was served at 3 p. m. Commander Henry P. Menard presided and extended welcome.

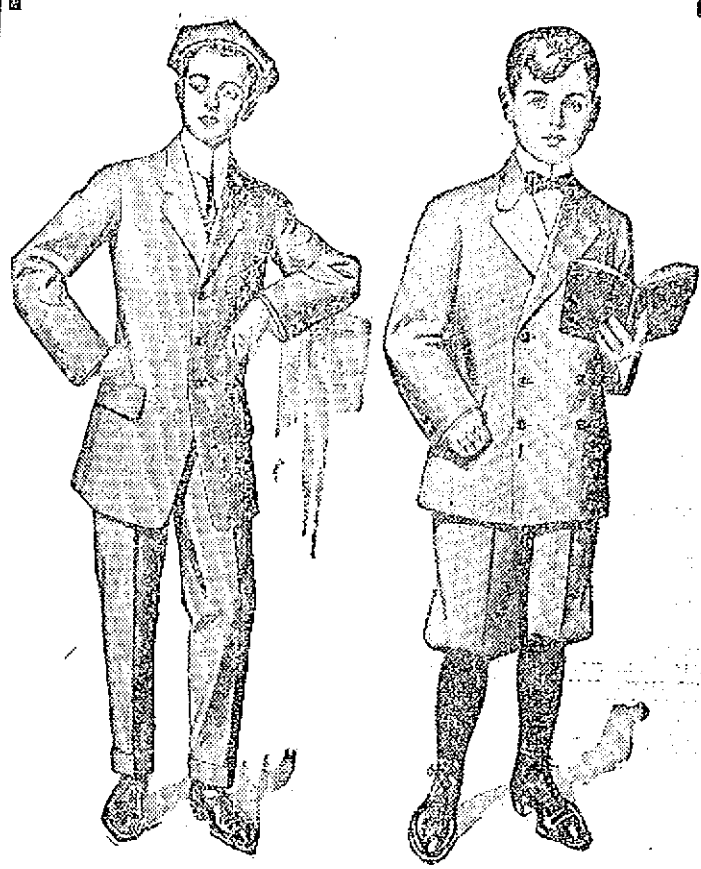

Among those present were John M. Fitzgerald, S. V. C., John F. McGill, J. V. C., Daniel Gould officer of the day, Richard Quirk officer of the guard, Benjamin A. J. Green adjutant, M. J. Noonan Q. M. S., Past Commanders George A. J. Colgan and Dennis Sexton, Capt. James Carroll, John Dineen, Charles J. Chaffee, Sgt. John Healey, James E. O'Hearn, John P. Sullivan, George Bloom, George Smith, William Beck, James Sullivan, Robert White, James Quan, Daniel Cole, John Noonan, John McCarty, T. J. Lannigan, W. M. Hagan, Joseph J. Downing and M. E. Daly.

The women attending the gathering voted to form an auxiliary to the organization. The officers elected were Mrs. D. J. Dowd pres., Mrs. John P. Sullivan and Mrs. B. A. J. Green vice pres. Mrs. J. Sexton sec., Mrs. John McCarty treas.

Cassimeres and Serges, from..... **\$5 to \$3.50**
Russian Blouse Wash Suits, from..... **\$1 to 50c**
Madras Blouses, from..... **50c to 29c**

ROBERT F. OLDROYD

Passed Away Suddenly in His Room

Robert F. Oldroyd, aged 53 years, and a native of Sweden, died suddenly yesterday morning at his room, 2 rear of 46 First street.

Oldroyd had been ill for some time, but his illness was not serious. Saturday night between 9 and 10 o'clock, he called on Dr. Lathrop at his stomach troubles. He was given some medicine which seemed to relieve him, and he left for his home. Later in the evening he again complained of the pain and was given some more of the medicine, and he dozed off to sleep. He was a sufferer from heart trouble, and the strain of vomiting evidently

brought on another attack as he suffered from a very severe one about a year ago. About 6 o'clock yesterday morning, roomers in the house were aroused by a noise from the dying man's room. They went to the place and when they entered the apartment, the man slipped to the floor. Officer J. H. Clark was notified, and Dr. Lathrop summoned, but life was extinct. The deceased was a ceiling worker and had lived in Lowell for 20 years.

Saturday, July 1st, is Quarter Day at The Lowell Five Cent Savings Bank. Make your deposit today.

WANTED

Everybody to know that ST. THOMAS' SALVE is the only known remedy for Piles, old sores, and skin diseases, etc. All leading druggists.

MAY BE BURGLAR GANG

Mystery in Several Breaks in Cambridge Being Cleared

BOSTON, June 26.—As the result of the arrest in Toronto, Can., on June 17 of three Cambridge men, William J. Farrell, aged 21, his brother, George Farrell, aged 18, of 40 Sidney street, and Victor Olsen of 70 Norfolk street, as they were attempting to dispose of articles in a pawnshop, the Cambridge police have cleared up several breaks which have puzzled them. Two others, John E. Kamb, aged 12, of 18 Clark street and Joseph J. Pheasant, aged 15, of 10 Clark street, will appear in the district court today on charges of breaking and entering.

On May 15, sometime during the night, a furnishing store on Central square was entered by forcing the rear door and about \$800 worth of neckties, shirts, gloves, leather bags and other articles taken. So cleverly was the deed committed that the police were completely baffled.

On the same night, a grocery store on Norfolk street, near the other place, was entered by forcing the lock on the front door and several hundred dollars' worth of watches, stockings, rings and other jewelry stolen from a large show case. The marks on the doors of the two stores corresponded, and the police believed the same men did the two "tricks."

On the night of June 13, the factory at 64 State street was entered and an attempt made to force open the safe, a large chain and a piece of machinery being attached to the knob. The same night a shop near by was entered and the office ransacked.

The following night at 9:30 o'clock, while an express team was on Lake street, Cambridgeport, three suitcases were stolen from it. Later in the night the stable of the same express on Columbus street, was broken into and other articles taken.

The two Farrells and Olsen are held in Toronto on the charge of wounding Detective Wallace of that city, who attempted to arrest them. Wallace was badly injured, being kicked and beaten by the Farrells and is in a dangerous condition.

Examined by the authorities there, the two brothers admitted two breaks in Cambridge. They named Olsen with them, and gave the name of Kamb, who is known as Marcusson, as being connected with the breaks. The Cambridge police went to Olsen's house, 72 Norfolk street, and in the cellar found a bundle with articles, identified as taken from the two stores.

Saturday they arrested Marcusson at his place of employment. He is a machinist's helper. Marcusson, or Kamb, as he is correctly known, his father being Marcus Kamb, so the police allege, confessed to being connected with two of the breaks and admitted the property from the first two breaks was taken in suitcases to Farrell's house, where it was kept

for a week, and later divided, Marcusson claiming to have received the small end of the bargain.

He claims to have given the booty to Pheasant, who was later taken into custody at his home, 16 Clark street, where the police found loot, identified as being from the two last named breaks. The police say that both Pheasant and Kamb admit the breaks.

From the property recovered by the Toronto police the Cambridge authorities believe that the three men in Toronto are the ones wanted on the express team arrests, and a complaint will be asked for today at the district court.

NORTH CHELMSFORD

Rev. Fr. Doherty was the celebrant at the masses in St. John's church yesterday. At each mass he delivered an eloquent sermon on the gospel of the day. Before the mass the boys of the Training school sang hymns in honor of the Sacred Heart. After the second mass a meeting of the men of the parish was held in connection with the coming picnic, July 4th. The ladies of the sodality met in St. John's hall with their matron, Mrs. William J. Quicker, and completed all their arrangements. The girls were given their different assignments and they are working with a spirit to make this affair the best in the history of the parish. A meeting of the sporting and athletic committee will be held Wednesday night at 7:30. A fine list of sports has been arranged. The 100 yard dash is open to all, and arrangements should be made with John McQuade. A fine list of prizes is offered for the different events, and valuable prizes will be given in connection with this special event.

The Sunday school closed yesterday afternoon for the summer, and the annual awarding of prizes took place. The prizes were presented by Rev. Fr. Schofield, pastor of the church. To the girls who were not absent for the whole year, and those who were absent but one Sunday were given special prizes. To the boys who had the best prizes for the year were also given prizes. Each child in the Sunday school received a medal and holy pictures. The teachers were also kindly remembered with gifts of beautiful panels and medals. After the awarding of the prizes Fr. Schofield spoke briefly to the children as to their conduct during the summer vacation. He especially urged the boys to be careful of the dangers they are exposed to in the water, and to lead good, pure and holy lives and they would receive God's graces in this world and the world to come. Benediction was given by Fr. Schofield, followed by special hymns in honor of the Sacred Heart, which marked the close of another successful year for the children of St. John's parish, for they have received special care and instructions from the good sisters of Notre Dame, the pastor and his curate.

DIPLOMAS AWARDED

Graduation at Sacred Heart School

The annual graduation exercises of the Sacred Heart parochial school were held in the school hall in Moore street last evening and were largely attended by friends and relatives of the graduates. A carefully selected program was carried out in a faultless manner.

Specimens of the work done by the pupils were on exhibition in the different class rooms and included writing, drawing, map work, geography, sewing and other lines of study which are included in the different grades. The specimens were of exceptional merit. The samples of sewing by the girls were among the very best exhibits on display, while the work in this same line by the younger pupils was also up to the high standard which has characterized the training in the other branches of study.

The program was as follows: Opening hymn, "As the Dawn Dawns Is Stealing."

Salutatories to pastor and parents, Master J. Kennedy, Misses W. Ryan and H. Brady.

Recitation, "The Arch of Success,"

Song, "Away to the Maypole Hill,"

Flag Drill, Boys

Knights' Toast, Class Recitation

Patriotic Song, Boys

Sweepers' Growl, Girls

Presentation of diplomas.

Class song.

Home Again, Jeremiah Keohane

Closing hymn, "Night Falls Her Starry Curtains."

Accompanist, Miss Helen Kirwin.

Very Rev. T. Wade Smith, O. M. I., provincial of the Oblate order, in presenting the diplomas spoke eloquent words of commendation and advice, and paid a high tribute to the teachers of the Sisters of Mary, under whose able direction the school has grown and prospered.

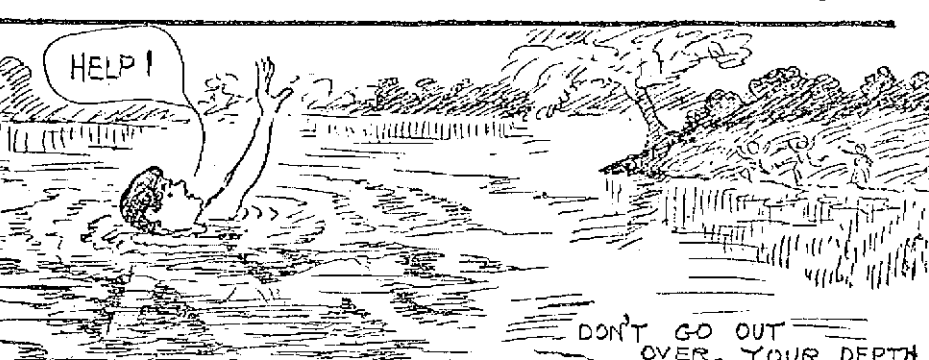

The clergy of the parish were present and occupied seats in the front section.

Diplomas of graduation were awarded to the following: Helen M. Brady, Margaret V. Craig, Adelaide M. Doyle, Margaret T. Lannon, Mary J. McCabe, Catherine F. Roughton, John E. Boyle, James T. Keenan, John H. Kennedy, Jeremiah J. Keohane, James W. Lannon, William J. Rogers, Arthur T. Spencer, Charles R. Sweeney, Margaret M. Connolly, Margaret M. Daley, Teresa V. Harrington, Grace V. Mahan, Josephine M. O'Donnell, Winifred M. Ryan, Leo J. Farley, James Keefe, Edward J. Keene, Stephen J. Kiggins, William J. McGann, William H. Rourke, Edward F. Sullivan, Felix T. Sweeney.

Penmanship diplomas of the A. N. Palmer school of penmanship, Boston, were given to the following pupils: Winifred M. Ryan, Margaret M. Connolly, Catherine F. Roughton, Mary J. McCabe, Margaret T. Lannon, Veredunda Kelly, Margaret Finnegan, Grace Mahan, Grace Sullivan, Margaret Craig, John Kennedy, James Keenan, Paul Harris, William H. Roughton, Cornelius Finnegan, Joseph Shea, Theresa McDermott, Blanche Doyle, Madeline Kennedy, Helen Anna Quinn, Mary Sheehan, Veredunda Kelly, Mary Sheehan, Anna Sullivan, Frances Johnson,

FOR WOMEN AND THE HOME

TROUBLES OF THE NARROW SKIRT—TYING A SHOE
LACE IS ONE

The tight skirt has its disadvantages as well as its advantages. One of the former is the difficulty its wearer has in raising her foot to get into a cab or a taxi. When it comes to resting the foot on a height that a loose shoe lace may be tied up such a result as that here illustrated may be anticipated.

RESTAURANT HAT AND GOWN

Brown is not a color usually selected for evening wear, for few browns light up successfully, but the gown and hat pictured show a very clever arrangement of pale tan tones—golden brown satin veiled with fawn colored chiffon and again with a tulle of creamy tan chiffon for the skirt, the tulle winding around and extending up above the waist line over the crossed chiffon bodice. Under the bodice is a glimpse of coral lace. The hat is leghorn, faced with coral pink and dark brown, and the feathers are in shades of cream, tan and fawn color.

still more in favor of a sane and sensible dress for our grandmothers, mothers and daughters which will combine dignity and decency.

"The cotton manufacturers are beginning to complain that their business is decreasing owing to the scarcity of underwear worn by women nowadays, so it may be that the commercial interests will compel women to put an extra gore in their skirts."

"Heaven speed the day, and may this blind bowing down to fashion's dictates pass over, and at last may we come into our feminine skirts again."

Mrs. Leona M. Wells of Wyoming receives the largest salary of any woman in the employ of the United States. As assistant chief clerk of the senate committee on appropriations, Mrs. Wells has a salary of \$4500 a year. Mrs. Wells is a little over thirty

BUSINESS WOMEN

ARE BELIEVED TO BE SHORTENING THEIR LIVES

Dr. Cecelia Lande, a New York physician, says women are shortening their lives by going into business.

"Up until the present age," she said, "women have always played the game of life on the defensive. It is a rule of military tactics, and the same holds good in the battle of life, that the offensive is the more wearing form of warfare. For ages women have lived in protected homes. Their great mission has been the reproduction of the race. They have been tenderly cared for that they might fulfill this mission. The census of 1910 will show a different set of figures. It is of course true that women have naturally greater resisting powers than men. This is amply proved by the fact that more boys than girls die before they reach the age of maturity. But women have always kept that power in reserve that they might fight off all the ills and troubles that come to them. Men have to go into the world and, in a measure, search for ills and troubles that must be fought and conquered."

"Heretofore women have been able to rest whenever they felt that they needed it, that is, a large majority of them. When a woman has nothing to do but her household she can lie down when she feels tired and take up her duties when she is rested. A man cannot do that in the business world, and neither can a woman."

Miss Lillian R. Hyde of the South Shore Field club, New York, recently won a gold medal in the eighteen hole qualification test of the Women's Metropolitan Golf association championship tournament. Miss Hyde plays in an unusually dashing style.

"It is immoral for a man to swear, it is immoral for a woman to scold. Scolding is but swearing in different diction."

"Make your character to order by carefully selecting the ingredients. The subconscious chemist will not fail to do the compounding."

"Your opinion of the motive of another is a flashlight on your own character."

"Set the current of your being toward comeliness and it will flow that way."

"Set the current of your being toward anger and worry and you will come into port with a heavy cargo of physical ills."

These are the convictions of the Women's International League of Right Thinking and Right Living.

Mrs. John Vance Cheney, founder of this organization, believes that all the ills of this world are due to either incorrect breathing or wrong thought.

"Lack of poise and fear," says Mrs. Cheney, "is really what induce self-interest. If one is perfectly sure of oneself, subconsciously positive, that one is completely master of one's mentality, then one ceases to be nervous; the mind no longer dwells upon self. We go forward confidently. What you aim for, that you will be."

years of age and is an acknowledged expert on military law and legislation.

"A woman may easily assume the place of head of a family and hold on to the power, but she must go about it in the proper way," says Mrs. Cheney, founder of the Rainy Day club in New York, "and the woman who doesn't know how to rule is a fool. All the sentiment about ruling the world and

NEW EMBROIDERED MUSLINS

Showing the new embroidered muslin vogue and a novel method of using the fashionable flowered ribbons.

the cradle means nothing if a woman does not rule her home. All women cannot go about it in the same way, because men's natures must be understood or at least studied. Men must never be taken for granted. The hold slackens then." Husbands, take notice!

DUCHESSE EGGS

Use four hard boiled eggs, one ounce of butter, one ounce of flour, half a pint of milk, pepper, salt, bread crumbs and chopped parsley.

Melt the butter in a saucepan and stir in the flour very smoothly; then add by degrees the milk and stir till perfectly cooked. Put in the eggs, in quarters, cover with sauce and then turn into a pretty white dish. Dust with bread crumbs and chopped parsley and serve.

SWISS CAKES

Use a quarter of a pound of butter, one egg, one teaspoonful of sugar, three-quarters of a pound of flour, new milk and baking powder.

Put the butter into the flour, then rub the egg into them, and add sugar and baking powder. Make all into a paste with milk. Roll out three times with a rolling pin, cut into diamond shaped pieces and bake.

BACK TO THE EARLY VICTORIAN WRAP

This pretty little mantle matches the gown over which it is worn, both being in a shade of soft dove gray. The gown is of chiffon, a flounce of dove gray tulle edging the long tunic. The mantle is built of this gray tulle, and the plaited silk ruche—which by the way, is raveled and not hemmed at the edge—is a distinct revival of early Victorian days. Rhinestone buttons trim the gray mantle, and the band of dark velvet on the skirt is also trimmed with these brilliant buttons.

A USEFUL HINT

When the yoke of a frock becomes soiled it can quite easily be cleaned out without removing it from the dress.

Get a little dry starch and rub it well into the lace, leave for a little while, then brush well to get all the starch out, and the lace will look quite fresh again.

MME. DURAND DELIVERED ADDRESS OVER HER MOTHER'S GRAVE

Mme. Durand, the founder of the woman's newspaper La Fronde and the manager of the morning paper Les Nouvelles, recently delivered the address over her own mother's grave. This surprised Paris somewhat, al-

though it is used to having Mme. Durand overthrow precedent.

"Can we do nothing as citizens to set our faces against this absurd, uncomfortable, unesthetic, disgraceful style of dress for our women?" asks Mrs. J. W. Richards, president of the Iowa Federation of Women's clubs.

"I am heartily in sympathy with the movement in our country for a sane and sensible Fourth of July, but I am

FUNERALS

EASTMAN—The funeral of Miss Maude Evelyn Eastman took place on Saturday afternoon at 2 o'clock from her home, 18 May street, and was largely attended by the many friends and relatives. Rev. Forrester Macdonald, pastor of the Fifth Street Baptist church, officiated. The bearers were: Albert Fournier, Richard Coburn, Harry Phelps and Warren H. Simonds.

There was a profusion of beautiful flowers, as follows: Large wreath of roses, pinks and pansies, marked "Daughter," from father and mother; large spray of red pinks among ferns, with ribbon marked "Sister," from Brother Raymond; large wreath of gladioli, pinks and red and white roses mounted on base, with large bow inscribed "Maude," from finishing room; Higelow Carpet Co.; large wreath of red and white pinks and roses mounted on base of ferns and Easter lilies; from rue room, Higelow Carpet Co.; large pillow of pink and white roses, marked "Rest" in centre, from repair

shop department, Higelow Carpet Co.; large spray of red and white pinks, American Beauty roses, pansies and ferns, from office boys, Higelow Carpet Co.; large basket of red and white pinks and roses, buttercups and ferns from Mr. and Mrs. Gus Bjorkman; large wreath of red and white roses, pinks and Easter lilies with white bow marked "Goodby, Maude," from Mrs. William Tremblay and daughter Florance; large spray of white pinks among ferns with white ribbon marked "Farwell, Maude," from Samuel Wardman and daughter Clara; large mounted pillow of red and white roses, pinks and Easter lilies from No. 251 Lodge, Knights of Malta; large mounted pillow of red and white pinks, roses and ferns with ribbon marked "Neighbors," spray of pinks, dahlias and ferns from Mrs. Daniel McLaughlin and daughter Margaret; large spray of pinks among ferns from Mr. and Mrs. Wm. J. Spence; large spray of forget-me-nots from Mr. James Hong and family; large spray of pinks from Mrs. Marion Gordon; large spray of pinks

and roses from Margaret and Mary Young; spray gladioli and roses from Alfred B. Fox and Gladys T. Plummer; large spray of red and white pinks among ferns from Mr. Arthur Hall and family; large spray of pinks from Mr. and Mrs. Archie McMaster and Mrs. Poff; large spray of red and white pinks among ferns from J. A. Fournier and B. C. Coburn; large spray of sweet peas, pinks and roses from Mr. and Mrs. F. E. Boyd of Everett; large wreath of roses, pinks and forget-me-nots from Mr. and Mrs. Ira W. Bennett and H. J. Blaisdell of Everett; spray of red, white and pink roses from Miss Annie M. Wylie; spray of red and white pinks from Mr. and Mrs. Wesley Simpson Goodwin of Greenwood, Miss.; large spray of American Beauty roses from Mr. Frank B. Clarke and family of South Berwick, Me.; spray of white pinks and ferns from Mr. J. F. Mellon and daughter of Ossipee, N. H.; large spray of white roses from Mr. and Mrs. Frank B. Clarke, Jr., of South Berwick, Me.; and large spray of pinks and

roses from Mr. Walter B. Blaisdell of Somerville. Burial took place in the Westlawn cemetery under the direction of Undertaker William H. Saunders.

WARLEY—The funeral of Frederick E. Warley took place Sunday at 2 o'clock from his home in North Chelmsford. Rev. C. H. Moe officiated. The bearers were Luther Hall, Clarence Leavitt, Harrison Marinel, Earl Wotton, Daniel O'Dee and Fred Russell. The services were largely attended by relatives and friends and the floral offerings were beautiful and numerous. Burial was in the Riverside cemetery in No. Chelmsford in charge of Undertaker Young.

Among the floral tributes were a pillow inscribed "Our Fred," from father and mother; wreath bearing the inscription "Brother," from brother and sisters; wreath of galax, leaves and roses, Uncle John, Aunt Mina and Cousin Ethel; the employees of Lowell Automobile association sent beautiful standing wreath; his employers, the Lowell Automobile corporation, forwarded a large wreath of galax leaves and roses, broken circle, Mr. and Mrs. A. O. Dickson; spray of Easter lilies, Mr. and Mrs. R. Veale and Miss Seena Bridgford of Barre, Vt.; wreath of galax leaves and American beauty roses, Mr. and Mrs. John Marinel, Jr. and Mrs. Everett Field, and Mr. and Mrs. Arnold Byam; cross on base, William Warley; spray of roses, Dr. and Mrs. Forrester Macdonald; sprays of white carnations, Mrs. Leavitt and C. J. Leavitt, Mrs. Hopper, Mr. and Mrs. D. M. Houghton, Mr. and Mrs. John Upson, Peter Picken, Mrs. Shawcross and family, Charlotte, Mrs. Hale and Charles Hale, Renaud family, Mr. and Mrs. Emmanuel Truby, Clifford and Mildred Queen, Mr. and Mrs. Philip Vassallo, Mr. and Mrs. S. S. Stevens, Mr. and Mrs. H. Warley, Mr. and Mrs. G. H. Warley, Mr. and Mrs. H. A. Bixby and J. F. Hall, Edward Davis, Ernest Hollinger, Fred Wilson and Forrest Mills, Mr. and Mrs. Fred Park, Mr. and Mrs. William H. Hall, Mr. and Mrs. F. Mallon and J. Arthur Mallon, Mr. and Mrs. Julian Ralph and Willie Hall, Mrs. Thos. March, H. Howard, Miss Jessie Tooley, John Stanley, Mrs. T. E. Mitchell and Mrs. D. F. Small, Mr. and Mrs. Buntel and family; spray of white roses, Mr. and Mrs. Charles De La Haye, Mr. and Mrs. Elias F. De La Haye; cross on base, William Warley; spray of lilies and peonies, George Holt; star of roses and carnations, George Marinel and family and Chris. Willsted; spray of sweet peas and carnations, Mr. and Mrs. George Ingham and family; spray of pink carnations, Mr. and Mrs. F. A. Blodgett and family.

Present at the funeral were Miss Susie B. Stanton of Newboro, Ontario, Canada, and Mr. and Mrs. Julia Hahlg and son of Hyde Park, Boston. The bearers were Luther Hall, Clarence Leavitt, Harry Marinel, Earl Wotton, Daniel O'Day and Fred Renault. The

usher at the house was J. Arthur Mallon.

GOULD—The funeral of Mrs. Edith A. Gould took place from her home, 457 Stevens street, at 2 o'clock Saturday. Rev. Francis H. Rose of the Immanuel Baptist church officiating. Mr. Harold Rose and Miss Caroline Pauly sang appropriate selections. The bearers were John Buchanan, Kenneth Maccahy, William Dudley and John Pauly. The services were largely attended by relatives and friends. Burial was in the Edson cemetery. Among the many floral tributes were: Pillow inscribed "Wife" from husband; pillow inscribed "Daughter" from mother; wreath, "Sister," sister; star, "Auntie," Little Baby Edith Lyons; pillow, "Asleep in Jesus," Mr. and Mrs. William Dudley; pillow, "At Rest," Mr. and Mrs. Buchanan; wreath, "Loving Weaving company and Henry Devine; wreath, Mr. and Mrs. I. V. Brown; cross, Mrs. Maryann, Mrs. Buchanan and Mrs. McLeod; wreath, engineer's association No. 17; wreath, Immanuel Baptist church Sunday school; sprays, Mr. and Mrs. Harold Wedge, grandmother of the deceased; Mr. and Mrs. William Jenkins and family, Rachel and Kenneth Maccahy, Mr. and Mrs. Edward Charlton, A. L. Fecken and family, Josephine and Alice Hayes and Mrs. Frank Curry, Mr. and Mrs. Heagboom, Mr. and Mrs. George H. Chapman and family, Mr. and Mrs. Noble Charlton and daughter, aunt and uncle, Mr. and Mrs. Saunders. Undertaker Young in charge.

McDONOUGH—The funeral of the late Thomas McDonough, aged 64 years, who died Friday morning at his late home, 335 Park street, Lawrence, took place on Saturday afternoon at 2 o'clock from his home and was well attended. The bearers were Miles and James Costello, Edward and John F. McDonough. Burial was in St. Mary's cemetery, Lawrence, Undertaker M. H. McDonough Sons of this city had charge.

BOYLE—The funeral of Edward L. Boyle took place Sunday at 2 o'clock from his home, 29 Dutton street, Rev. N. W. Matthews officiating. Mr. Frank B. Murphy and Wilson sang. Burial was in the Edson cemetery in charge of Undertaker C. M. Young.

MILTON—The funeral of Frederick Milton, infant son of Lauriel and Elizabeth Reedy, who died Sunday morning, was held Sunday afternoon at 2 o'clock from the home of his parents, 28 Albion street. Burial was in the Edson cemetery in charge of Undertaker James W. McKenna.

COYLE—The funeral of the late Mrs. Sarah A. Coyle took place this morning at 8:30 o'clock from her late home, No. 85 Andover street and was largely attended by sorrowing relatives and friends. At 9 o'clock a mass of requiem was sung at the Immaculate

STILL SEARCHING FOR BODY

BIDDEFORD, Me., June 26.—The search of the woods and swamps in the vicinity of the home of Mrs. Maud Snow at Dayton was continued by the county authorities today in the hope of finding some trace of the body of Charles I. Weymouth, who Mrs. Snow's two young daughters told the officers last week was murdered at the Snow home nearly three years ago and buried nearby. The children today repeated their story without variation, and Sheriff Charles O. Emery at once set about to employ 25 men to make a more thorough search than that of last week. The authorities are making every effort to substantiate the declaration made last week by Henry A. Hewes, a rural mail carrier, that Weymouth is alive and in Canada. No trace of Weymouth in any Canadian locality has yet been found, however. Meanwhile the three persons under arrest, Josephine Buzzel and Olney Merrill, charged with the murder of Weymouth and Mrs. Snow, charged with being an accessory after the fact, are being held in the jail at Alfred.

MAIL STEAMER WRECKED

HELSINGFORS, Finland, June 26.—The Finnish-Swedish mail steamer Bar J, with 400 excursionists on board, was wrecked off Koepo island today. It is not known here whether there was loss of life.

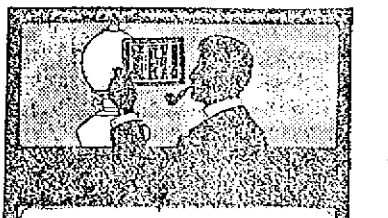

Boiled Cauliflower

The fine flavor and appetizing cooking of many vegetables greatly depend upon the milk used. Creamy flavor and richness are positively necessary. Use Borden's Evaporated Milk. The result will please you.

BOY DRANK POISON YOUNG MAN DROWNED

He Lived Only Four Hours After Leon Pelletier Lost His Life in Draining Contents of Bottle Lake Mascuppic Yesterday

BOSTON, June 26.—Eight-year-old ever, and fell to the ground, they be-
Matthew McDonough of 217 West
Ninth street, South Boston, was play-
ing with several boys of his own age in
a vacant lot near his home yesterday
afternoon, when one of the youngsters
found a half-pint bottle filled with a
liquid.

"Let's draw lots and see who'll have
to drink it," somebody suggested.
Matthew drew the shortest lot. He
drank the contents of the bottle, and
after four hours of agony died in the
City Hospital.

The names of the other boys who so
innocently drew lots in the game of
chance in which death was the fate of
the loser are not known. As Matthew,
after drinking the liquid, staggered
about the field like a drunken man,
they howled and jeered at him.

"He's drunk, he's drunk," they yelled
delightedly, pushing him about and
pulling his cap over his eyes as he
feebly tried to fight them off.
When he lapsed into a stupor, how-

MAKE YOUR HOME FREE FROM GERMS

As Well as Free from Dirt
Sweeping lodges the dust in cracks
and corners. These places make fine
"homes" for disease breeding germs, or
some other form of bacteria. This in-
visible microscopic life is everywhere—
in the air we breathe, in the clothing
we wear, in our homes—getting in its
insidious work.

Carbonol Like Carbolic Acid, But Safe
Carbolic acid is the best disinfectant
known, but it is dangerous. A prepara-
tion called Carbonol has just been in-
troduced that has all the good qualities
of carbolic acid but none of the bad
ones. It is not only a wonderfully
effective household disinfectant, but it
is equally useful as a healing, cleansing,
purifying and antiseptic remedy for the
sick room and for personal use.

Carbonol is sold by all the leading
dealers. Prices 10c, 25c, 50c and 75c per
bottle. If your dealer doesn't handle
same, send name and address and we
will send you a liberal sample free.
Write today to the Barrell Manufac-
turing Co., 297 Franklin street, Boston,
Mass.

The first and probably not the last
drowning of the season at Lake Mas-
cuppic occurred last evening when
Leon Pelletier, aged 16 years, 8 months,
lost his life in the deep waters of this
great resort.

The body was found at 7:30 o'clock
this morning by Undertaker Joseph Al-
bert and his men who grappled the lake
a part of the night.

Later yesterday afternoon, Pelletier
and two friends, Joseph Golden and
John Lester, hired a canoe at Lake-
view, and after paddling around for
some time, started for Willow Dale.
When the canoe arrived at a point near
Jewett's cottage, at Willow Dale, Pel-
lier leaped too far over, and in an in-
stant the frail craft turned turtle, and
the boys were precipitated into the
feet of water. Campers and bystand-
ers who saw the accident, screamed
the arousing boys of the Iroquois Canoe
club, who pushed off in canoes, and
on the scene in two minutes after the
accident.

Pelletier who could not swim sank
to the bottom, but his companions man-
aged to keep themselves on the sur-
face until they were saved by the Iro-
quois boys. George W. Harris, com-
modore of the latter club, without stop-

ping to remove his clothes, dived into
the water in a vain attempt to reach the
drowning man. Time after time for 30
minutes, Harris and John Sutherland,
assisted by others attracted to the
scene, poked for the body, and al-
though reaching the bottom at nearly
every attempt, could see nothing of the
unfortunate young man. At 7 o'clock
Harris, who was exhausted by his
fruitless efforts, was pulled into his
boat by his companions.

The two survivors of the tragedy
were taken to the Iroquois clubhouse,
and hot drinks and a change of cloth-
ing provided for them.

Undertaker Joseph Albert and his
men were soon on the scene of the ac-
cident and after grappling the lake for
some time, recovered the body at
7:30 o'clock this morning near the
spot where the accident occurred. The
body was removed to the undertaker's
funeral parlors in Aiken street, and
later to the home of the deceased's
parents, 8 Exeter street.

The deceased, who was employed in
the Lawrence hosiery, leaves to mourn
his loss, his father and mother, Mr.
and Mrs. Ernest Pelletier, a brother,
quail boys. George W. Harris, com-
modore of the latter club, without stop-

ping to remove his clothes, dived into
the water in a vain attempt to reach the

THOMAS WALSH DEAD

Well Known Local Mill Manager Passed Away

Thomas Walsh, one of Lowell's ablest
and best known mill men, and for many
years in charge of the Hamilton Print
works, died yesterday morning at his
home, 104 Eleventh street.

Thomas Walsh was born May 26,
1831, in Darwen, Lancashire, England,
second son of James and Elizabeth
Crawshaw Walsh; early in life his par-
ents moved to Tottington, England,
near Bury, where he received his edu-
cation and learned the business of cal-
ico printing at Tottington mill, owned
by Samuel Knowles.

He came to this country in 1853 to
of this board. He was especially in-
terested that the library should con-
tain books on industrial and scientific
matters which would be of benefit to
the greater part of the population of
Lowell. He was active in the found-
ing of the Lowell textile school and
has always served as one of its trustees,
having the department of dyeing and
chemistry under his special direction.

He was active in Masonic affairs,
being a member of Ancient York Lodge,
No. 104, Royal Arch chapter, and
Philistin commandery having been em-
inent commander of the latter body. He
also was a member of the commander's
union and Vesper church club. He
attended the First Baptist church of
which he was a member. He is sur-
vived by a widow, born Mary Pollard,
a daughter, Miss G. Walsh, and a
son, Col. Frederick T. Walsh of West
Newton.

WEST CENTRALVILLE
Preparing for Great Dis-
play of Fireworks

The committee in charge of the fire-
works celebration to be held in West
Centralville on the evening of July 4,
held an important meeting in the
quarters of Hose 12 in West Sixth
street last night. The entire commit-
tee was present and a very good re-
port was turned in, which goes to
show that the residents of that dis-
trict are very much in favor of an at-
home observance of the glorious
Fourth.

The soliciting end of the affair has
been very successful up to the present
time, every one being approached by
the committee, doing their very best to
aid financially to the success of the
enterprise.

A committee composed of Council-
man Charles A. Deharonde and Charity
Commissioner John F. Burns was ap-
pointed to confer with the chief of po-
lice for the roping off of the grounds
and proper policing on the night of the
event.

Subscription boxes will be placed in
various stores in West Centralville and
those who have not as yet donated, and
are willing to part with a few pen-
nies, are requested to deposit their of-
ferings in these boxes. A large meet-
ing will be held Thursday evening at
the engine house in West Sixth street,
and all the residents of the district are
invited to attend.

Deposits received at The Lowell
Five Cent Savings Bank begin to draw
interest Saturday, July 1st.

VACATION TIME

accept a position at the Lodi Print
Works, Lodi, N. J., later going to the
Pacific Print Works at Lawrence,
Mass. He came to the Hamilton print
works, Lowell, Mass., in 1870, and in
1876 was made the manager of the
print works and continued in this po-
sition until June, 1907, when he retired
on account of ill health.

He showed marked ability in his
calling and under his efficient manage-
ment, the Hamilton print works was
not only a success financially but the
Hamilton prints achieved the highest
reputation, being recognized in the
trade as second to no goods of similar
character.

He was appointed by Mayor Charles
D. Palmer trustee of the public library
and continued in that office almost con-
tinuously up to the present time. His
administrative ability and broad re-
siding made him a very effective member

CRIPPLE A SUICIDE

Farmington, Me., Youth Ended His Life by Shooting

FARMINGTON, Me., June 26.—David Norton of Strong, Me., aged 15, shot himself early yesterday morning at the home of his father, John P. Norton, in that town. Soon after arising he went to the barn and fired one shot from a 22-caliber target rifle into his head, the bullet entering just above the right ear. Death was instantaneous.

It is believed to have been his second attempt at suicide within 12 hours. Coroner Fred P. Adams of this place viewed the body and thought an inquest unnecessary.

Norton was a student at the State Normal school here. His right leg had been amputated at the hip several years ago and he wore an artificial limb.

His best clothes, in which he dressed Saturday evening ostensibly to attend a grange meeting, and his artificial leg were missing yesterday, and search for these brought to light that Norton had probably made an attempt on his life Saturday night by drowning.

Tracks of two hands and a foot in the dust of the road leading to a ledge on the bank of the Sandy river. Here, apparently, the young man had disrobed and thrown his clothes and cork leg into the river. He was an expert swimmer, however, and his attempt apparently failed. Most of his clothing and the artificial limb were found yesterday in a bend of the river. Naked, and with only one leg, the lad had then crawled home in the darkness, a distance of more than a mile and a quarter, and up a long, steep hill. He met nobody and gained his room unseen.

Yesterday morning he called for his wooden leg, dressed himself in his everyday clothes and went to the barn. No reason for his ending his life is known.

THE JURY DISAGREED

Unable to Reach Verdict in the Lawrence Craft Cases

SALEM, June 26.—A disagreement was reported today by the jury that had deliberated for nearly 24 hours on the evidence in the case of three men tried for alleged conspiracy to defraud the city of Lawrence in connection with contracts for paving stone. The jury reported at 9:52 a. m. today. The case was given to the jury at 10:40 a. m. on Friday and at 12:20 p. m. Saturday the jury went to their homes, having failed to reach a verdict.

The men tried were: Patrick Lyons, superintendent of streets; Michael Flynn, clerk in the office of the street

THREE LIVES LOST

Barnes' Boathouse at Nantucket Destroyed by Fire

NANTUCKET, June 26.—Twenty-four hours after she came to Nantucket to spend her vacation, the charred body of Miss Mildred DeHaven left yesterday noon with that of Miss Helen Wilson, the caskets being side by side on the deck of the steamer Sankaty. Each casket was covered with flowers, the tributes of the many friends of the young women. The body of Miss De Haven is on the way to Brooklyn, that of Miss Wilson, to New York.

The girls, Miss De Haven was 18 and Miss Wilson was 21, were burned to death Saturday night in a fire which destroyed the boathouse owned by William Barnes, Jr., of Albany, on the end of Commercial wharf.

The remains were accompanied by Mr. and Mrs. Hugh De Haven, parents of Miss De Haven; Mrs. H. R. Wilson, Miss Ruth Wilson and H. R. Wilson, Jr., mother, sister and brother of Miss Wilson, and the scene at the wharf as the stricken ones went aboard the boat was distressing in the extreme.

Miss Phoebe Jenkins of New York and Miss Tanager of Buffalo, the two young women who were burned, were sufficiently recovered from the experience to be driven to the wharf to take a sorrowful farewell of the relatives of their dead comrades.

Kerr May Recover

Mr. and Mrs. William Barnes, Jr., reached Nantucket at 1 o'clock yesterday afternoon and hastened to the bedside of their son, Thurlow Wood Barnes, 24, whose condition is favorable to recovery, though he is severely burned about the arms and legs, and is suffering particularly from the results of inhaling flame and smoke.

Although Thomas Kerr of New York is still suffering severely and is in a critical condition it was believed last night that he would live.

His condition is much more serious than that of young Barnes. He was terribly burned in his efforts to rescue the young women, and should he recover, he will be disfigured for life, as the flesh is burned from both his arms almost to the bones, and his head and chest are terribly lacerated.

Kerr is known in Boston and particularly in Brookline where he spent one year living with his aunt and attending the Brookline high school about seven years ago. Previous to stopping in Brookline he went to Phillips Andover academy. He has spent several summers at Nantucket, and after a long visit at the island this season he intended to enter a New York brokerage house.

The hero of the fire was Ulysses Fahud, the French valet, of William

HEIR TO \$150,000

Good News Received by a Poor Miller

WILMINGTON, Del., June 26.—Geo. S. Ryder, aged 30, an indigent miller with a family to support at Dover, Del., yesterday received word from San Francisco that he is heir to \$150,000. He was hurrying to work when a postoffice messenger ran after him with a special delivery letter that had toured the country. It had first gone to Maine. The missive was from the executors of the estate of his cousin, Mrs. Louise Campbell, who died in San Francisco recently worth \$2,000,000 in mines and orange groves.

Ryder is the only member of his branch of the family who is a beneficiary. When he informed his employer, Thomas Howell, of his good fortune, Howell said: "Well, I suppose you will be giving up your job now?"

"If you are satisfied we won't make any plans like that just yet," replied the philosophical Ryder.

The employer, who is a wit, came back with this reply: "It will be a new thing for me to order a wealthy man around."

"We won't quarrel," replied the beneficiary.

The Dover workman, who has had a hard time to get along, said Mrs. Campbell wanted to give him a musical education abroad, but his parents refused.

"I have no plans," said Ryder. "There is one element of certainty about the matter. That is, I certainly need the money." He will get the wealth very shortly.

TWO ARE ARRESTED

Father and Son Accused of Larceny

GREENWICH, Conn., June 26.—Masquerading as stablemen engaged in cleaning horses, Chief Donovan and Officer Curtin of the Portchester police force, and E. C. Sherwood, proprietor of the Sherwood livery stable of Portchester, succeeded yesterday in causing the arrest at Norwalk of Charles Carvelletto and son, Tony, who are wanted in Peckskill, White Plains, East Orange, Paterson, Portchester and Stamford for stealing livery rigs during the past three months. In Greenwich they tried to get a rig but failed.

Their scheme was to have a young man with a bouquet in his hand go to a liveryman and engage a rig, and leave a deposit for a half-day's use of it, saying he was going to take his girl for a ride. The father would meet him around the corner, and a change of vehicles and harness let them get away without being noticed. The rig, which was to have been used yesterday if the man had got a horse at Ward's stable in Norwalk, was found by the roadside at Sound Beach yesterday morning.

At Ward's stable the young man asked for the horse to use yesterday morning, and the Portchester police

SKULL FRACTURED

Boston Colored Woman Placed Under Arrest

BOSTON, June 26.—Charged with clubbing into unconsciousness with a kitchen chair the man for whom she kept house, Della Maynard, colored, was arrested yesterday by the police of the Joy street station after the neighbors had notified headquarters there was trouble in the apartment on the second floor of the house, 75 Phillips street, West End.

The injured man, William E. Burio, colored, was taken to the Massachusetts General hospital, where he is expected to die. He has not regained consciousness, and Chief Dugan is unable to obtain a statement from him as to what started the quarrel which resulted in the fracture of his skull.

ATWOOD'S FLIGHT

Outstripped Boston & Revere Beach Train

BOSTON, June 26.—After a sensational day of flying about Town on Saturday, Harry N. Atwood flew his Burgess-Wright biplane from Nahant to Squantum yesterday morning. He completed the 20-mile run in about half an hour, most of the way at an altitude of about 2000 feet.

After leaving the links of the Nahant Golf club at 9:45, and circling around Bass Point and Lynn harbor in making altitude, he followed the tracks of the Boston, Revere Beach and Lynn railroad for a stretch. For some distance he raced a train along this road, dipping down close enough to give the passengers a view, and flying for a few minutes over the passenger coaches before he outstripped the train.

Over Boston harbor he turned his attention to the shipping leaving and entering the port. He flew in circles around a number of vessels in the harbor, and then flew directly across the path of one, and started those on deck. Hundreds crossing to Boston on the ferries also had a close view of him before he headed for the aviation field at Squantum. He arrived there at about 10:15, and for the next few days expects to give most of his time to teaching pupils at the Burgess-Curtis school.

A HUGE SWORDFISH

Was Captured After a Thrilling Fight

BOSTON, June 26.—Returning to port with seventy-six large swordfish after two weeks off Black Island, the crew of the little schooner, Days, Capt. Richard Nunan, which tied up at T wharf yesterday, told stories of an exciting fight with a 500-pound swordfish, which smashed a dory with two members of the crew in it.

While standing his watch in the pulpit, Lewis Griffin threw his fly-iron into the side of a big swordfish. At the side of the schooner was a dory with the end of the line attached to a thwart. Reeling at full speed, the swordfish dove, taking all the line with him, and in spite of the efforts of the two men in the dory, the painter was broken so that the dory sped out to sea in the wake of the huge fish.

Tiring of his tow, the maddened fish turned back after a quarter-mile race and headed straight for the dory, ramming the side with his monstrous sword. Griffin, a murlin spike, on the head, stunning it. When the fish was raised to the deck, after a three-hour fight, it was found to weigh 500 pounds and to be the biggest one of the trip.

CHILDREN RESCUED

Father Saved Three Tots From the Flames

ROCHESTER, N. H., June 26.—At 4 o'clock yesterday morning an alarm of fire was sounded for a blaze in the north tenement of the double house of E. G. and E. Wallace on South Main street, occupied by Fred Lemier. Mr. and Mrs. Lemier, who slept downstairs, heard their three small children cry in their bedrooms on the second floor and their bedsides alive.

He succeeded in carrying the children to a place of safety, though they narrowly escaped death and suffered considerably from smoke.

The cause of the fire was the explosion of a kerosene lamp on a table near the bed, it being the custom of the parents to leave a lighted lamp in the room all night.

The damage to the house was not large and is covered by insurance.

NOTICE

As my wife, Alice Tattersall, has left my bed and board, I will not be responsible for any bills or debts contracted by her, in my name, on or after this date. Signed, BENJAMIN TATTERSALL, Lowell, June 24, 1911.

WARNS CHILDREN

Rev. Fr. McQuaid Gave Them Good Advice

At the Immaculate Conception church yesterday Rev. Fr. McQuaid, O. F. M., delivered a little sermon to children for their guidance during the school vacation period. He said there are three things which he would ask them to do while on vacation. First, to say their prayers, night and morning; second to attend mass on Sunday; and there is no vacation in the service of God, and third, to obey their parents. Children, he said, are apt to think that they are free from restraint once they are relieved from the jurisdiction of their teachers, but their parents are still to be obeyed by divine command. Many boys are warned by their parents not to go bathing, but some disobey and take the risk of getting drowned and of being hurried before the eternal judge with an act of disobedience on their souls. Drownings under these circumstances happen every summer and for this reason the preacher appealed to the boys to obey their parents and avoid the danger.

Rev. Fr. McQuaid also spoke of adults who go to "camps" on Saturday and do not return till Monday morning, thus missing mass on Sunday. These people are not doing their duty. There are others who spend their vacations where they cannot attend church. There is no need of this. There are plenty of summer resorts within easy reach of a Catholic church and do not return till Monday morning, thus missing mass on Sunday. They also should remember that there is no vacation in the service of God.

MARRIAGE PERMITS

Number of Intentions Recorded by City Clerk

This was a banner day for marriage intentions at city hall, the following having been registered at the city clerk's office up to the noon hour:

Patrick Hayden, 29, fireman, 155 Market street, and Ella Teague, 25, weaver, 15 East Richardson street.

IT WILL PAY YOU TO READ THIS TESTIMONIAL.

MACK'S MEDICAL CO., INC., 276 M. Tremont St., Boston, Mass.

Gentlemen—Without any solicitation whatever, I beg to say a word of commendation in putting on the market your "Foot Life." I used it in my preparation for and during the fifty-mile walk, which all naval officers must take each year—I never so much as raised a blister, and at the end of my walk my feet were in splendid life for even a longer test. I heartily recommend it to all pedestrians.

Sincerely yours,
C. H. BUCKINGHAM, Captain, U. S. N.

CHECK FOR \$50

SENT TO THE FIREMEN'S FUND ASSOCIATION

Deputy Chief Norton of the fire department today received the following letter:

"Enclosed find our check for \$50 for the Firemen's Fund association. This is a slight token of our appreciation of the splendid manner in which you handled the fire that occurred at one of our storehouses on Tanner street on Wednesday last.

Again thanking you, we are Yours very truly,
P. J. Riley & Co.

THIS DAY IN HISTORY

CUSTER'S LAST RALLY

JUNE 26.—This is the date of "Custer's Last Rally." In 1876 that most picturesque of all American Indian battles was fought on the banks of the Little Big Horn river with 600 of his world famous troops. Custer had been ordered by Gen. Terry to prevent the retreat of the Indians, who were on the warpath with Sitting Bull. The order was to wait till Terry could join Custer at the junction of the Little and Big Horn rivers. Custer's scouts gave him information which led him to believe that the camp of Indians on the other side was simply one of the many that were joining Sitting Bull. Dividing his command into three parties, he decided to make a capture of the whole tribe. Taking 260 men himself, he attacked the Indians in front. The first shot disclosed the fact that he had run into the whole Indian outfit, (Sitting Bull, Crazy Horse, Rain in the Face, and all braves and warriors). Without the relief which never came, Custer and his brave boys were outnumbered and surrounded 20 to 1. All that brave men could do was done. Standing behind their dead horses, fighting steadily at the charging foe, the last man of the troop died like a hero. Custer was the only one of the victims who was not shockingly mutilated by the savages.

LOCAL NEWS

Try Tobin's Printery next Mass. Try Lawler's for Printing, 29 Prescott Head & Shaw, Milliners, 35 John st. Mrs. Oliver J. David is critically ill at her home in Ludlum street.

Fred Heath of 22 A street is spending his vacation in Salem, Me.

Next week is Quarter Week at the Lowell Five Cent Savings Bank.

Benjamin Holt and family have gone to Beachwood, Kennebunkport, for the summer.

Mr. and Mrs. Fred Mottram of A street left yesterday for an automobile tour through Maine.

Mr. Frank Gourdeau, choirmaster at St. Joseph's church, left last night for a two weeks' trip to Canada.

Miss Mary R. Campbell of West Fifth street will spend the next two weeks in northern New York.

Ex-Representative Cecil L. Adams, formerly of this city, but now of New York, is renewing old acquaintances in town.

Misses Mabel and Theresa Mullin of 12 Datchler place will spend the rest of the summer in the Adirondack mountains.

Mr. Wesley Hyde, formerly of this city, new of Boothbay Harbor, Me., is in town for a few days renewing old acquaintances.

The annual outing of the Old Bay State chapter, D. A. R., was held at the Marion house in North Billerica Saturday, June 24.

Mrs. W. F. McCarthy and her family of Salisbury street left Saturday for Salisbury beach, where they have a cottage for the summer.

Mr. and Mrs. Stephen Ward of New York, N. Y., and son, Stephen Ward, Jr., are visiting Mrs. Ward's mother, Mrs. Daniel Callahan of Second avenue.

Mrs. Elizabeth White and son Thomas, of 31 Coburn street, are spending a few weeks as the guests of Mr. and Mrs. William Walker of New York, R. I.

A boy arrived at the home of Mr. and Mrs. John W. Cabot street last evening. John, the happy papa, is a popular member of the Knights of Columbus, and they say that the "boys" are looking forward to a smoker at Camp Genoa in the near future.

Rev. Victor Choquette, curate at Brockton, has returned from Montreal where he officiated at the funeral of his brother-in-law, Mr. Honore Bourget, formerly of this city. Rev. Choquette officiated at high mass yesterday morning at St. Louis' church, this city.

The members of the Pansy club entertained their many friends Saturday afternoon and evening at their camp at Billerica. They entertained friends from Boston, New York, Manchester and Wakefield. The grounds were illuminated by Japanese lanterns. The entertainment consisted of piano, violin and vocal solos. Dancing was indulged in and games were played on the lawn.

Children's day was observed yesterday at the Garrison Street P. M. church at 10:30 a. m. and 6:30 p. m. In the morning the pastor, Rev. N. W. Matthews, preached a sermon appropriate to the day. There was special music by the choir and girls' choruses. In the evening the service consisted of a concert by the Sunday school scholars and special music by the choir and girls' choruses.

PILES BRING DESPAIR

TAKE COURAGE! INTERNAL TREATMENT WILL CURE

Piles make life unhappy and ruin the best disposition. Most sufferers have been bitterly disappointed by many failures to cure. A medicine in tablet form, taken internally, that avoids the unpleasant features of ointments suppositories and operations, and cures thoroughly by removing the inside cause is surely worth trying, especially as Carter & Sherburne, Lowell, Mass., and druggists everywhere guarantee it.

Dr. Leonard's Pile Remedy costs \$1.00 for a large box—24 days' treatment. Dr. Leonard, C. O. Station B, Buffalo, N. Y. Write for booklet.

ST. PATRICK'S SCHOOL

Diplomas Awarded at High Mass Yesterday

Diplomas were awarded to the graduates of St. Patrick's parochial school at solemn high mass in St. Patrick's church, yesterday morning. The diplomas were presented by Rev. William O'Brien, P. R., and the graduates were addressed by Rev. Joseph P. Curran, who not only congratulated the pupils but spoke in high terms of praise of the Xaverian Brothers, who conduct the school.

The mass was sung by Rev. David Barry, O. M. I., a former pupil of St. Patrick's school, recently ordained. Fr. Barry was assisted by Rev. Timothy J. Callahan as deacon and Frederick Shea, a former member of the school but now a theologian as sub-deacon. Rev. John J. McHugh assisted within the sanctuary. A special musical program was given by the church and sanctuary choir under the direction of M. J. Johnson and Bro. Leo, respectively.

Diocesan diplomas were awarded to the following members of St. Patrick's girls' school, grade nine: Miss Mary A. Hession and Miss Anna King. Commercial course diplomas were given Miss Julia M. Curran, Miss Julia A. Riley and Miss Stella S. Quill.

Academy diplomas to the graduates of the boys' school were awarded to the following: Frederick L. Smith, James J. Melloy, George L. Campbell, William L. Connolly, Joseph M. Dineen, Daniel A. McCarthy, James P. Kiernan, Walter J. Sargent, Cornelius M. Cleshey, Reginald R. McAdams.

Grammar division certificates were awarded to the following: Thomas Francis Dean, Joseph Francis Riley, Cornelius Benedict O'Leary, James Francis Sullivan, Harold Francis Crowley, George Raymond Carroll, John Thomas Manning, John Thomas Powers, James Benedict Walsh, Edward Alfred Keleher, Eugene Aloysius Fitzgerald, John Joseph Bardon, William Paul McCarthy, William Francis Holland.

Diocesan certificates were given to the following: Thomas Francis Dean, Joseph Francis Riley, Cornelius Benedict O'Leary, James Francis Sullivan, George Raymond Carroll, John Thomas Manning, John Thomas Powers, James Benedict Walsh, Edward Alfred Keleher, Eugene Aloysius Fitzgerald, John Joseph Bardon, William Paul McCarthy, William Francis Holland.

The annual entertainment by the pupils of the school was held at the Academy of Music early last week, at which time a clever four-act drama was presented by the boys and thoroughly enjoyed by a large number of parents and friends of the school. The past year has been a most successful one for the school, the results attested reflecting much credit on the Xaverian brothers, under whose tutelage the school work has been carried along during the year.

CORONATION PARTY

Pretty Affair at Home of Mrs. Emmott

A very pretty coronation party was held Saturday afternoon at the home of Mrs. Emmott, 93 Washington street, in honor of the brilliant ceremony which took place in London last week.

The Union Jack floated in the breeze and the home was prettily decorated for the occasion. Supper was served and the table was covered with a red, white and blue table cloth with napkins to match. In the center of the table there was a large cake bearing the inscription "Queen Mary and King George." The cake was surmounted by a British flag surrounded with small American flags. There were large bouquets of roses at either end of the table and the bluish of the rose was seen through a happy contrivance of foliage.

Games were played and the following musical program was carried out: Piano selections, Miss A. Whitworth; song, Mrs. Royds; quartet, Mrs. Royds, Mrs. Hamford, Mr. J. Kershaw and Miss Emily Kershaw; baritone solo, Mr. Robert Bacon; song, Richard Place; solo, Mary White; duet, Mr. and Mrs. Leach; white solo, Mr. Frederic Portier; whistling solo and imitations, William Carr; selections in a quartet consisting of Mary White, soprano, John Collins, tenor; Emily White, contralto; Allen Macdonald, bass. The accompanists were Mr. J. Kershaw, Emily C. White and Mrs. Greedy. Dancing was also enjoyed.

The party was in charge of Mrs. Emmott. Miss Jessie White and Mrs. Hamford. Prizes for the donkey game were awarded Mrs. Duckworth, who carried off the beauty prize, and Miss Harriet Keefe, the first prize.

The party broke up at a late hour with the singing of the "Soldiers of the King," and three cheers for Mrs. Emmott and her daughter Edith.

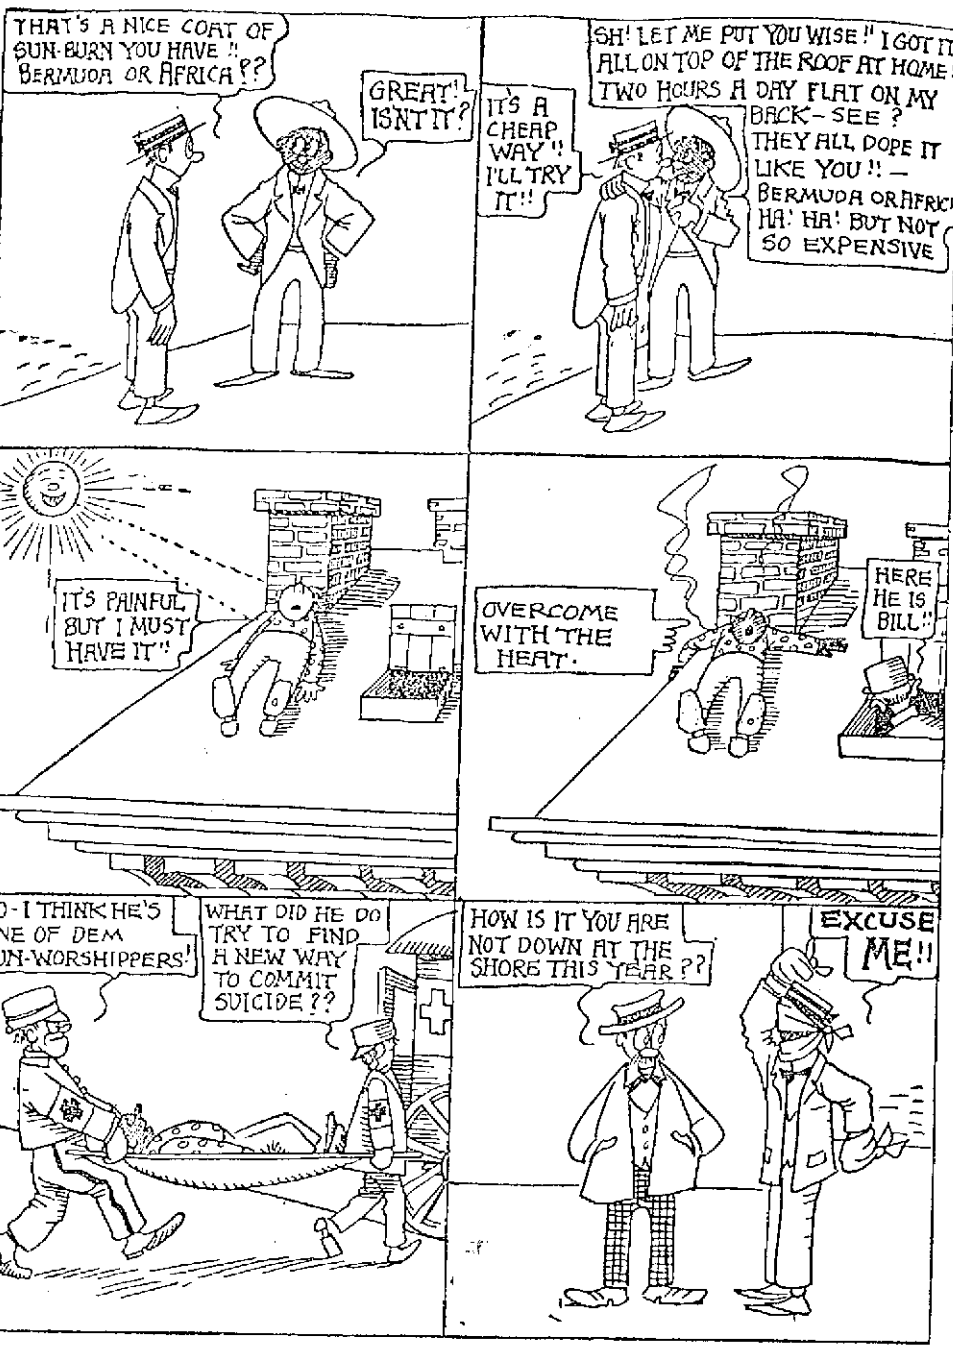

SOLDIERS BURIED

BODIES PLACED IN OLD POST CEMETERY AT NIAGARA

NIAGARA FALLS, N. Y., June 26.—Escorted by the garrison at Fort Niagara, four companies of the 98th United States Infantry and a distinguished company of Canadian officers from the militia camp at Niagara-on-the-Lake, Ontario, the bodies of four soldiers of the King's Eighth Infantry supposed to have been killed in battle in 1759 and recently unearthed were laid at rest on Sunday in the old post cemetery at Niagara, within the shadow of the walls of the ancient fortress. In the assault on which they fell, the ceremonies began when Brigadier-General W. H. Cotton, in command of the Niagara-on-the-Lake post, arrived with his staff at the post landing where Major Henry Syer, commandant at Fort Niagara, awaited his coming. As General Cotton put foot on land a salute of 11 guns was given in his honor.

The coffin bearing the remains of the men of the King's Eighth Infantry rested in the nave of the post chapel, the Union Jack covering it. Following the short office of the dead of the Episcopal church the coffin was borne to the cemetery by non-commissioned officers. As it was lowered into the grave the volleys were fired by a company of regulars and the last post was sounded by a Canadian bugler.

EXCUSE ME!

HIGHLAND M. E. CHURCH

Observed Its Thirty-Fifth Anniversary Yesterday

Yesterday marked the 35th anniversary of the Highland M. E. church and services commemorating the occasion were held in the morning and afternoon with special music at both services. In the morning the pastor, Rev. Arthur Bonner, Ph. D., preached a sermon on the occasion of the church's anniversary. In the afternoon there were congratulatory remarks by the pastors of other Methodist churches. Dr. Whitaker recalled that the Highland M. E. church is a daughter of the Central M. E. and said that therefore he had a personal interest in it. The sermon by the pastor was in part as follows:

June 11, 1876, was the auspicious day on which occurred the dedication of the chapel from which the present edifice was later evolved. It has seemed best to defer the anniversary of the event until this time.

For some nearly two years, services had been held beginning in September, 1874, in Highland hall. At the first of these meetings the Rev. T. B. Smith, pastor at that time of St. Paul's M. E. church, preached. The crowd more than filled the place. An overflow meeting was held in the lower hall addressed by the Rev. Joseph H. Mansfield, the pastor of Central M. E. church.

REV. ARTHUR BONNER, PH. D., Pastor.

the project looking toward an edifice, we may note the following: John F. Manahan, the lot of land; Parker and Young, stone for wall; H. R. Barker, pipe and plumbing for gas; H. A. Fielding and H. H. Wilder vane for steeple; J. W. Bennett, chandelier; W. A. Mack & Co., stove and furnace; J. T. Carter, paint and stand; Mrs. E. A. Hill, pulpit Bible.

It must be remembered that many whose names are not here mentioned gave liberally if we estimate the gift from the standpoint of their limited means.

Briefly we indicate the most marked events in the temporal success of the church from the day of organization (1876) to the present hour. The chapel was dedicated June 11, 1876, at a cost of

\$3725. Some of this remained as a debt on the property. In 1880-81 the \$2500 debt was almost entirely cancelled, the Rev. A. H. Herrick being pastor. During the pastorate of the Rev. E. A. Smith, 1881-84, the church was remodelled and refurnished at a cost of \$7500, and at the same time a parsonage was purchased at a cost of \$1400. It was about this time that the present building was erected by the Free Will Baptists and also that the Highland M. E. church was organized. In 1892 the vestries were remodelled and a steam-heating plant was put into the church. The pastor was the Rev. Charles Tilton. Other minor improvements have been made since that time as occasion required. The church at present has a property including church and parsonage valued at \$13500, and more nearly free from debt than at any time since the present building was erected. Surely God has blessed the church in temporal things.

It may be of interest to some present today to hear the names of the trustees which appear on the legal documents at the time the chapel was dedicated. They are as follows:

Erwin Underhill, James M. Battles, B. F. Sargent, J. E. Short, N. W. Merrill, Jeremiah Clark, M. A. Benner, George T. Whitney and J. M. Pearson.

There is something of infinitely greater worth for us today than simply rejoicing in the possession of so much property by the society. Let us approach the spiritual aspect of this occasion by thinking of the consecrated men who have from time to time led the people under the blessing of God. Simply to call the roll of the pastors who have served this people from the beginning until this present year is to receive a positive thrill and inspiration for faithful service, if we have had the good fortune to know these men of God—not all great men, but royally true men everyone. Some are now leading the hosts of the army triumphant, but they labored well while with us. Time falls us to characterize them. But such is the gracious spiritual relationship which exists between pastor and people that simply the naming of these men of loving memory creates an atmosphere in this place which is imbued from above.

The pastoral record is as follows: Rev. G. W. H. Clark, Rev. A. R. Gregory, Rev. Joseph H. Mansfield, Rev. George H. Clark, Rev. A. H. Herrick, Rev. E. A. Smith, Rev. W. H. Merrill, Rev. W. W. Colburn, Rev. Alexander Dight, Rev. Charles Tilton, Rev. James Mudge, Rev. James Higgins, Rev. George M. Smiley, Rev. H. F. Kingsley, Rev. J. P. West.

The program of the vesper service at 4 o'clock was as follows:

Hymn 210. Scripture Reading.

Rev. John J. Hamilton, Swedish M. E. Church.

Prayer, Rev. N. W. Matthews.

Response, "The Shadows Fall So Gently," Rev. N. W. Matthews.

Notices. Offertory. Solo, "The Model Church," Mrs. F. L. Roberts.

With Auto-Harp Accompaniment by Mr. Arthur R. G. Booth.

Address, Rev. N. T. Whitaker, D. D. Central M. E. Church.

Address, Rev. J. T. Carlson, Centralville M. E. Church.

TWO BOYS DROWNED

They Were Fishing in a Leaky Boat in Vermont

RUTLAND, Vt., June 26.—Mark Whalen, aged 13, and Matthew Whalen, 11, sons of Mr. and Mrs. Thomas Whalen of Headville, were drowned in Patch pond, Plymouth, a few miles east of this city, yesterday afternoon, when a boat in which they were fishing overturned. The bodies were recovered and taken to the home of Mr. Whalen, who is station agent for the Rutland railroad at Headville and is well known in this section.

Mr. Whalen with the two boys left the house yesterday morning and drove to Patch pond, which is about a mile across and very deep in places, to spend the day fishing. A boat was obtained and the three started out, but they had gone only a short distance when it was found the boat leaked badly. They turned to come back, but by this time the craft was fast filling.

One of the boys, it is not known which, frightened at the rush of water, jumped out of the boat while it was only a few feet from the shore, and as he did so, the boat overturned, precipitating his father and brother into the pond.

At that point the water is not very deep, but the bottom is of mud, and, as Mr. Whalen could not swim, he could not hold the boys. He yelled for help and his cries were heard by Mark Davis, who lives on the Hastings farm, a short distance from the pond. He rushed to lend aid, but he was just in time to see one of the boys sinking for the last time.

The bodies were recovered in about five feet of water.

At that point the water is not very deep, but the bottom is of mud, and, as Mr. Whalen could not swim, he could not hold the boys. He yelled for help and his cries were heard by Mark Davis, who lives on the Hastings farm, a short distance from the pond. He rushed to lend aid, but he was just in time to see one of the boys sinking for the last time.

MEETING OF FARMERS
Decides a Price on Milk Can
Be Agreed Upon

BOSTON, June 26.—A mass meeting of New England farmers here today decided that a price on milk could be agreed on despite interpretations of the Sherman law. The 50-odd producers present adopted a resolution which follows:

"Whereas, the principle of co-operative selling as well as buying has always been maintained by the grange, trade union and kindred organizations and is indispensable to success in various lines of agriculture.

"And, whereas, the Boston Co-operative Milk Producers Co. was founded and has been carried on with the sole attempt to better the condition of milk producers and protect their just rights.

"And, whereas, our secretary, W. A. Hunter, has been indicted by the federal grand jury for alleged combination in restraint of trade.

"And, whereas, the only charge against Mr. Hunter is that of meeting,

conferring and agreeing upon prices with various milk contractors also indicted, at all of which meetings other directors of this company were present and authorized whatever agreements were made.

"Resolved, that we consider this an unwarranted attack on the rights of all farmers to combine lawfully in the sale of their produce and we hereby express our approval of all properly directed efforts to defend this case and to meet the necessary expense thereof, realizing that the issue of this case is vital to this and other kindred organizations."

The contractors refused to meet any representatives of the producers' union. A committee was appointed to call on the Boston contractors and report that a price on milk had been agreed on. The committee was to report back to the assembly immediately.

THE CHARTER BILL A PRETTY WEDDING

No Action Taken on Miss Tibbetts Bride of It Today a Minister

It was expected that some action would be taken on the Lowell charter bill today in the legislature, but the matter was postponed and may come up on Wednesday.

THE U. S. SENATE
MAY BE OBLIGED TO HAVE
LONGER SITTINGS

WASHINGTON, June 26.—Chairman Penrose of the senate finance committee will ask the senate tomorrow to fix a date for a vote on the reciprocity bill and to name separate days for the vote on the farmers' free list and wool bills. Though favorable action is unlikely it will test the senate's temper and probably pave the way for longer sittings of the senate.

LATOUR WON
PARIS, June 26.—The Prix Des Veuves, a hurdle handicap of 210, distance one mile, seven and a half furlongs, run at Auteuil today, was won by Eugene Fischhoff's LaTour.

WILLIAM J. GAFFNEY

Returns East to Visit His Parents and Friends

William J. Gaffney, son of John J. Gaffney of 53 Fifth street, arrived home from Los Angeles, Cal., Thursday night, after an absence of one year and three months. He is employed by the H. Jevrie Co., wholesale and retail grocers, and one of the largest concerns of its kind in this country. Mr. Gaffney has been granted a three months' vacation and will spend it at home. William J. Gaffney is but 16 years old, and he is an exceptionally bright boy. He prefers California to this section of the country, especially because of the climate there. "It is sometimes pretty warm at noon," he said, "but the evenings and nights are cool and one's sleep at night is always refreshing. The climate here is very damp as compared with the climate there. Los Angeles is a bustling city and is making rapid strides. They do things on a big scale there. The company I am with employs over 300 hands. We have five auto trucks, eight motor cycles and 68 head of horses. We supply 5000 customers and that's going some on groceries. The population of Los Angeles in 1900 was 100,000 and now it is 315,000." This boy who has taken root in the business field of Los Angeles brought his business eye home with him. He is selling California souvenir playing cards and he expects to make enough to help out on his trip. The cards are very unique and the scenes are very pretty.

SKULL FRACTURED
PORTLAND, Me., June 26.—The body of Harry M. Brown, a native of Plymouth, N. H., and employed as a car inspector by the Portland Terminal company, was found in the freight yards today. Death was due to a fracture of the skull, evidently sustained while he was crossing the cars on his way home late last night. It was supposed the cars were moved suddenly by a shifting engine and he was knocked against one of them.

POSTAL INSPECTORS

TWO ARRIVED IN THIS CITY THIS NOON

Two inspectors of the postoffice department arrived in this city today and will remain several days. Their special business here is not known but it is generally accepted that they are investigating some conditions in the local office.

A COMPROMISE

REACHED BY THE SEWER DEPT. AND BOARD OF HEALTH

There was some difference of opinion between the sewer department and the board of health as to the kind of pipe that should be laid in Pollard avenue but a sort of compromise was agreed upon this forenoon. The engineer of the sewer department allowed that the sewer was a public one and that the pipe should be the same as in other public sewers. The board of health wanted an iron pipe with traps and it was finally agreed to use the iron pipe without traps. The city solicitor was a party to the discussion and the usual number of bystanders were eager listeners. The report went out that the Hildreth heirs had objected to any blasting under that building, but the report was without foundation.

HAD HALF A MILLION

Money Was Found in Dead Man's Trunk

DENVER, June 26.—Two travel worn trunks left in a hotel here by Horace Grandfield of Mount Vernon, N. Y., have been opened by the public administrator and found to contain half a million dollars, on which the state will collect an inheritance tax. Grandfield was killed in an automobile accident near here on May 7. He was taking a pleasure trip in the mountains near Denver with a local attorney. Their machine became unmanageable, plunged over a declivity and both were dead when picked up. Grandfield was known to be wealthy, but was not supposed to carry a fortune with him. His widow and daughter came here for the body and later began looking over his extensive mining interests in the state. An attorney told the public administrator that he should take charge of the estate and that officer went to the hotel where Grandfield had registered, found the trunks and opened them. He was surprised by the discovery of a \$50,000 government bond, a \$10,000 bill, much other currency and gift of gold and silver jewelry, etc., valued at \$100,000.

LIBRARY TRUSTEES TO MEET

Mayor John F. Merhan called a special meeting of the trustees of the public library this afternoon to take action on the death of the late Thomas Walsh who was one of the trustees.

BASEBALL GAMES

THE LABOR LEADERS

Must Show Why They Should Not
be Adjudged Guilty

WASHINGTON, June 26.—Justice Daniel Wright of the district supreme court today issued a ruling against Samuel Gompers, Frank Morrison and John Mitchell, the labor leaders, requiring them to show cause on July 17th why they should not be adjudged guilty of contempt of court. This action followed the filing of the report of the special committee of attorneys appointed by Justice Wright to inquire into the matter of contempt proceedings in the Bucks Stove and Range Co. boycott case.

The contempt proceedings against the labor leaders recently were passed upon by the United States supreme court, which set aside jail sentences heretofore imposed by Justice Wright. The supreme court held that the contempt which Justice Wright formerly passed upon was of a civil nature and against the Bucks Stove and Range Co. In dismissing the former proceedings, however, the supreme court gave to the district court a right to reopen the case in the event that any contempt of the court itself or its orders should be found.

Inasmuch as the store company and

the American Federation of Labor had adjusted their differences it was supposed that the matter would be pursued no further. But the day following the decision Justice Wright appointed a committee of three lawyers to inquire into all the circumstances of the case and to determine whether or not there had been a contempt of the court itself. This committee consisted of J. J. Darlington, Daniel Davenport and James Beck. Samuel Gompers in a statement at once questioned the fairness of an inquiry by these gentlemen, inasmuch as they all had been associated as counsel for the store company against the laborers.

Although July 17 has been set for the labor leaders to answer the contempt rule there will be no hearing until fall. While technically this hearing will be before Justice Wright the entire membership of the court will be present. Just as Wright, however, will deliver the opinion of the court and in the event of a finding adverse to the respondents will pass sentence.

The report of the committee concludes with a suggestion that Gompers, Mitchell and Morrison may be prepared to apologize to the court and

make promise of further submission, since the United States supreme court has decided adversely to their contention that the injunction against the publication of the store company's name on the unfair list of the American Federationist violated the constitutional prerogative of the freedom of the press.

"Should such acknowledgment, apology and submission be not more than forthcoming after due notice and opportunity," says the report, "the course necessary to be taken to maintain its dignity and due respect for the law is respectfully submitted to the court for its consideration."

GOMPERS EXPECTED IT

NEW YORK, June 26.—"I expected it," said President Gompers of the American Federation of Labor when he learned of the ruling of Justice Wright in the contempt proceedings against Mr. Gompers and other officers of the federation. "I am not surprised," he continued, "by anything Justice Wright may do."

President Gompers declined to say what his next move might be.

FELL INTO THE SEA TWENTY ARE INJURED

Balloon Had Two Passengers on Board

BREMEN, Germany, June 26.—One of the four balloons which ascended at Paris Saturday fell into the North sea, off the East Frisian group of islands yesterday. A violent storm prevailed at the time and the aerial craft was carried rapidly out to sea. Two persons were aboard her. The other three balloons made landings on the Frisian coast. A rescue boat was sent out as soon as possible to the aid of the distressed balloon, but later returned having recovered only an empty ballast bag marked R. G. B.—70.

REQUIEM MASS

ON ANNIVERSARY OF DEATH OF MRS. MARY WOODS

An anniversary high mass of requiem was sung by Rev. Joseph Curtin at St. Patrick's church, this morning, for the repose of the late Mrs. Mary Woods. The choir under the direction of M. J. Johnson, rendered appropriate music. There was a large attendance of friends of the deceased.

MATRIMONIAL

The marriage of Mr. Pierre Vaillancourt and Miss Laura Roy was solemnized this morning at Notre-Dame de Lourdes church. The ceremony was performed at a nuptial mass celebrated at 8 o'clock by the Rev. Fr. Lamothe, O. M. I., pastor of the parish. The bridemaid was Miss Florence Roy, while Mr. Leo Kerasack served as best man. The couple will leave tonight for an extended wedding tour to Canada.

SIX AVIATORS

STARTED ON FLIGHT FROM HANNOVER TO MÜNSTER

HANNOVER, Germany, June 26.—Six aviators today began the Hanover to Münster stage of the German aviation contest. Only two of these have made all the scheduled flights since leaving Hannover, the starting point just outside Berlin. Gustav Wiegand interrupted the competition for several days.

Dr. Oscar Wittenstein with a passenger rose this morning at Lüneburg but fell into the river Emsau and broke his propeller.

2000 DELEGATES

AT CONVENTION OF AMERICAN MEDICAL ASSOCIATION

LOS ANGELES, Cal., June 26.—More than two thousand delegates to the annual convention of the American Medical Association, which will open here tomorrow, is expected to fill the city. The house of delegates, which will be presided over by President Welch of Baltimore, will open today, as will the annual meeting of the American Medical Editors Association. This assembly will be presided over by Dr. Joseph McDermott, Jr. of New York.

DANIEL DUNCAN DEAD

COLORADO SPRINGS, Colo., June 26.—Daniel Duncan, aged 26 years, an official of the American Security & Trust Company of Washington, D. C., and formerly a member of several exclusive clubs there, died yesterday of tuberculosis. He left Washington five years ago on account of his health. He is survived by his mother and a sister.

TWO AVIATORS

STARTED ON FOURTH STAGE OF GREAT RACE

UTRECHT, Netherlands, June 26.—Bouman and Garros started this morning on the fourth stage of the international aviation race. The prizes are \$5000 to the winner for the whole distance from Paris to Brussels and \$3000 to the winner of the fourth stage. Kimmeling and Gilbert were ready to get away but the other competitors considered that the weather conditions made a flight today too dangerous to be attempted.

SPECIAL CRASHED INTO

Regular Train

CHICAGO, June 26.—Twenty persons were injured, some seriously, last night when a special train of three cars on the Chicago & Milwaukee Interurban road loaded with members of the German singing societies of Chicago, crashed into the rear end of a train between North Chicago and Waukegan. Following the collision there was a panic among the 300 passengers, many of whom were bruised and cut by flying glass.

FOUND GUILTY

LEATHER WORKERS WERE SENTENCED TO THE WORKHOUSE

NEW YORK, June 26.—The trial of two leather workers for assault today brought out the fact that serious labor troubles exist in this industry. The attorneys for the leather manufacturers' associations say that 900 or 500 men were out, that the large leather firms anticipate a general strike and several already were looking out their men.

George Schmetz and Samuel Roscovitz, the men on trial, were sentenced to serve 30 days in the workhouse for assaulting Joseph Bernaker, their employer. The men, it was said, were acting as strike pickets.

SIX AVIATORS

NEWS FROM CITY HALL

Residents in Highland St. Object to Fireworks

Mayor Meehan has called a special meeting of the board of aldermen for tomorrow night to take action on the proposed change in the ordinance creating the contagious hospital commission. The commission at its last meeting voted to ask the city government to select a site for a contagious hospital on grounds other than those of the Chelmsford Street hospital.

July Fourth Committee

The committee on July Fourth celebration will meet tomorrow night to complete arrangements for the observance of our natal day. The committee will have before it a petition signed by about twenty residents of Highland street who object, and very strenuously, too, to the setting off of fireworks in that vicinity. They claim that the fireworks is a menace to life and property.

Josiah Fielding Fiske

Josiah Fielding Fiske was one of the very happy callers at the mayor's office this forenoon. It will be remembered that Josiah appeared before the commission on July Fourth observance at its last meeting and by good reasoning and eloquent appeal induced that august body to promise him a band concert for "Bunker Hill" in West Centralville on the night before. Mayor Meehan today informed Josiah that the Lowell Military band would provide the concert lasting from 10:30 to 11:30 a. m. Mr. Fiske says that he will transfer the concert from the night before to the night of July 4th in order to have it in conjunction with the fireworks and other features of the celebration, but he allows that would not do because he has promised the boys and girls that the concert would be held on the night before. He says that "Bunker Hill" will be beautifully illuminated and on the stroke of 12 midnight, the torch will be applied to the bonfire and the band will play "My Country, 'Tis of Thee." Some class to Josiah.

AT NATURALIZATION

Clerk Dillingham Opened Court Here Today

Clerk Dillingham, profiting by his last experience at a court of naturalization, came to Lowell this morning with a sufficient number of naturalization blanks to make voters of the whole city of Lowell.

About 20 prospective citizens were present to greet him though more came during the afternoon and he gave his attention first to the men looking for final papers.

Many applicants for first papers appeared at court but went away disappointed as the clerk was giving his entire attention to those looking for second papers and there were several of those applicants. Those waiting outside the clerk's office stated that it took each applicant half an hour to get his papers properly made out.

It was announced that the clerk will sit all day tomorrow and Wednesday and again Thursday morning and will give preference to all applicants for second papers. Those desiring first papers may go to the court house and take their chances. The court will then come in on Sept. 25 and 26 for the purpose of completing naturalization.

Alfred J. J. Connors and Councilman Henri Achin were on hand at the session.

SUIT FOR \$5000 FIREMEN PERISHED

Result of Runaway Accident in Seventh St.

Mrs. Lucile Wotton, through her counsel, A. S. Howard, has entered suit against Edwin A. Simpson in the sum of \$5000 in an action of tort for alleged personal injuries received she alleges as the result of the gross negligence of the defendant.

Mrs. Wotton claims that one week ago Thursday while she was driving with her children and driver in a carriage on Seventh street in Centralville the defendant in his auto turned the corner of Methuen street into Seventh sharply and without any warning in a manner that frightened the horse, causing it to run away, and throwing her out and seriously injuring her.

OARSMEN OUT

THE INTERCOLLEGIATE RACES TAKE PLACE TOMORROW

POUGHKEEPSIE, N. Y., June 26.—A dark day with frequent showers had little effect in taking the enthusiasm out of the oarsmen who are to compete in the intercollegiate races to be held here tomorrow afternoon. All the crews went out on the water this morning for limbering up paddles, but no serious work was thought of. The same program is to be repeated this evening.

The advance guard of regatta enthusiasts has arrived. Such wagers as have been quietly posted indicate that Cornell, as usual, is the favorite. Columbia, however, is stronger in the betting sentiment than in several years.

HIS INJURIES FATAL

J. Pendergrass Passed Away in Hospital

The many friends of Mr. John N. Pendergrass, a former employee of Friend Bros., will be pained to learn of his death, which occurred last night at the Lowell hospital, where he had been confined since June 15, after being the victim of an accident in the carriage shop of the Friend Bros. bakery in Westford street.

Mr. Pendergrass, who had been in the employ of the Friend Bros. for the past six years as a driver, drove his automobile into the carriage shop on June 15, and put it up for the night. A few minutes later, while he was standing in the rear of the machine, the latter was suddenly started and crushed him up against a large square wood post.

The injured man was removed in haste to the Lowell hospital, where it was found that his pelvis bone had been so badly crushed that there was no chance of recovery for him, and he passed away last night.

The deceased is survived by a bereaved wife, two children, a boy and a girl, two brothers and four sisters. His home was at 83 Midland street.

INDIAN STATUE

ERECTED NEAR OREGON, ILL. TO BE UNVEILED

CHICAGO, June 26.—Lorado Taft's colossal statue of an Indian which stands on a bluff by the Rock river near Oregon, Ill., has been completed and will be unveiled next Saturday. Among those who will speak at the unveiling are Miss Laura Corneilus of Seymour, Wis., granddaughter of Daniel Beard and herself the last full-blood princess of the Oneidas and Charles E. Tamm, who is also a full-blood. Miss Corneilus, whose Indian name is "Wyanogengene" or "Ray of Light" will tell of the work she is doing in behalf of her race.

Mr. Taft has been at work on the statue for the last three years. Its facial features are those of Black Hawk, the celebrated chief of the Iroquois.

DEATHS

WELCH—Mr. and Mrs. Edward H. Welch of 455 High street have the deep sympathy of a wide circle of friends on the death of their baby daughter, Clara Welch, who passed away Sunday morning after a brief illness. The baby was a very bright little one and had been strong and well until a short time before her death which resulted from pneumonia.

COAL LAND CLAIMS

Were Entirely Disallowed by the Department of the Interior

WASHINGTON, June 26.—The famous Cunningham Alaskan coal land claims, through which it has been alleged that the Morgan-Guggenheim syndicate had planned to extend their vast interests in Alaska and to control one of the most valuable coal fields in the world, were today entirely disallowed by the department of the interior.

Secretary of the Interior Walter L. Fisher, having approved the department's decision, as handed down by Fred Dennett, commissioner of the land office, the last door is believed to have been closed to the Cunningham claimants. Their attorneys have threatened an appeal to the United States supreme court, but such an appeal can be based only on some point of law involved, and not on the findings of fact as announced by the department.

The Cunningham claims have been in the public eye constantly for more than two years past. They brought about the Ballinger-Pinchot investigation by congress and the dismissal from the public service of Chief Forester Gifford Pinchot, Louis R. Glavis, a chief of field division in the land office, and several other officials. Both Messrs. Pinchot and Glavis were dismissed for insubordination incident to their attacks on former Secretary Ballinger, whom they claimed was favorably disposed toward the claims.

Secretary Fisher's Statement
In announcing the decision of the department today, Secretary Fisher, who succeeded Mr. Ballinger in March last, declared that now coal lands are needed in Alaska if that territory is to be developed properly. In a statement the secretary said:

"This is the final decision of the department of the interior. It is the department's decision that the Cunningham claims are entirely disallowed. Any further proceedings will be merely formal for the purpose of perfecting the record in case the claimants think there are questions of law which they desire to present to the courts. It is my understanding that it is conceded that the findings upon the facts by the department are conclusive.

"It is the intention of the department to proceed at once to a final determination of all the remaining Alaskan coal claims so far as this can properly be done, denying those that should be denied, and granting those that should be granted as rapidly as possible.

"I do not believe the present laws applicable to coal lands in Alaska are wise or practicable laws. Nevertheless, their provisions must be enforced, first, because they are the law, and second, because they afford the only protection to the public welfare against the abuses of monopoly and unrestricted private exploitation. I sincerely trust that these laws will be modified at the next session of congress, so as to permit the development of the Alaskan coal fields under provisions that will be more adequately protect and promote the public interests. If, however, there are claims now pending which, under the existing law are entitled to patent, I see no justification for not taking action upon them as promptly as the department can be assured that it is in possession of the facts upon which such action must ultimately be taken."

Commissioner Dennett, in his decision holding the claims for cancellation on the ground of fraud, declares that each of the thirty-three entries was improperly allowed because of fatal defects apparent on their face. He asserts that the government conclusively established the charges brought against the claimants, and that there is no doubt but that an agreement existed among them in violation of law.

5250 Acres Involved
The thirty-three claims involved amounted to an aggregate area of 5250 acres. The value of the land has been estimated high in the millions. The coal embraced in the claims is said to be among the finest in the world.

Commissioner Dennett makes reference to the work of Glavis in reciting the government's case against the Cunningham claimants. He also refers at length to the negotiations between Cunningham and representatives of the Guggenheims, who were shown at the Ballinger-Pinchot hearing to have taken an option on those coal lands which were to be worked in connection with the other extensive Guggenheim interests in Alaska.

The government charged against Cunningham and his associates that their entries of the coal land were made in pursuance of an understanding and agreement entered into by all the claimants prior to location, to combine the several claims for the joint use and benefit of all. It was further claimed that the entries were made with the unlawful purpose that they should have to the use and benefit of an association or corporation.

After reviewing all the facts brought out at the various trials and hearings in the cases, extending over a period of several years, and including the final hearing recently attended by Secretary Fisher himself, Commissioner Dennett reached the conclusion that the claims had no legal standing and ordered them cancelled. Secretary Fisher promptly approved this finding, although to complete the record he must do so formally upon appeal to him.

Among the Cunningham claimants are a number of the prominent men of the northwest. Commissioner Dennett refers to them as having enough means to have carried forward extensive coal operations in Alaska. The various claimants were interested in the Alaskan coal situation in 1902 by Clarence Cunningham, who made the various entries and conducted most of the negotiations. The claims once were cleared for patent, but final action was held up at the request of Glavis.

"There seems to be no doubt," said Commissioner Dennett in his decision, "that in the beginning the participants were 'subscribers' for 'joint interests' and not owners of 'separate claims' and that the substantial character of the transaction never changed. In 1905, they were still 'co-workers' of a single property, although in order to acquire it each particular claim had been allotted to a particular individual and had been entered by him in his name."

"The original agreement with the Guggenheims contemplated the formation of a corporation as soon as the titles were secured. This plan gave the Guggenheims the right to mine the coal on a royalty basis. The Guggenheims also were to build a railroad from the mines to the coast. As finally entered into the agreement with the Guggenheims for a sale aroused serious objection from several of the claimants.

"The fact," says Commissioner Dennett, "that it was represented to the Guggenheims that there were thirty-three independent claimants to be reckoned with in no wise strengthens the defense. It is not to be supposed that any sane man representing these entrymen as a committee would suggest to a prospective purchaser of the property that the claims were illegal and the several entries subject to forfeiture."

paid for from the common fund is not denied. It is admitted by the claimants and frankly stated in the brief of their counsel that one claim of 160 acres cannot be profitably worked, that the greater the area (the more valuable the property) would men connected by ties of blood have consented that their claims be scattered throughout the field. Would men, who had been associated as partners since their youth and had grown rich together have agreed to the pooling of their claims at remote distances from one another? If each claimant was to receive a single tract and no interest in any other, would Cunningham have located the great majority of the men who first went into the scheme and made its success possible on the timber claims of the southern tier, claims which possessed but little value as compared with the others?

"If there was no agreement, would Clarence Cunningham in April, 1907, before many of the certificates were issued, have entered into negotiations with the Guggenheims looking to the disposition of the combined properties?"

"The amounts contributed by the several entrymen were substantially the same. If it was not understood there was to be a common profit, would the sixteen upon whose claims nothing whatever was done, have permitted the use of their funds for the development of the other claims and would 22 of them have suffered their joint funds to be expended in driving the expensive tunnels on one claim?"

Facts Speak Plainly
"A further discussion of the facts is not necessary. They speak for themselves and speak plainly. There was not at any time a single act performed that connected any claimant with the precise tract he claimed to locate. There was not a dollar spent by any locator individually or by any agent on the land he entered but every act done, and each dollar disbursed were for the purpose of determining whether the field as a whole contained workable deposits of coal.

Prior to the hearing, eighteen of the claimants admitted, under the solemn sanction of an oath, that they proceeded from the beginning with the understanding that when the patents were secured they would form a company for the development of the property.

"The plan from the outset was to acquire a coal field at joint expense to be developed for the common benefit. There was not at any time a departure from this original compact save the substitution of the salary to Cunningham for the one-eighth interest he intended to secure in the several claims.

"Carrying into effect the purpose of acquiring this coal field for the common use and benefit of the members of the association, claims were located and entries made in the names of individuals but the making of these locations and entries in the manner indicated were but incidents in the transaction, but means to an end, and the names of the individuals were

standing with respect thereto? Would they consent to spend money jointly where there was to be no common profit?

"Knowing that an area of 160 acres could be successfully operated and that the greater the area (the more valuable the property) would men connected by ties of blood have consented that their claims be scattered throughout the field. Would men, who had been associated as partners since their youth and had grown rich together have agreed to the pooling of their claims at remote distances from one another? If each claimant was to receive a single tract and no interest in any other, would Cunningham have located the great majority of the men who first went into the scheme and made its success possible on the timber claims of the southern tier, claims which possessed but little value as compared with the others?

"If there was no agreement, would Clarence Cunningham in April, 1907, before many of the certificates were issued, have entered into negotiations with the Guggenheims looking to the disposition of the combined properties?"

"The amounts contributed by the several entrymen were substantially the same. If it was not understood there was to be a common profit, would the sixteen upon whose claims nothing whatever was done, have permitted the use of their funds for the development of the other claims and would 22 of them have suffered their joint funds to be expended in driving the expensive tunnels on one claim?"

Facts Speak Plainly
"A further discussion of the facts is not necessary. They speak for themselves and speak plainly. There was not at any time a single act performed that connected any claimant with the precise tract he claimed to locate. There was not a dollar spent by any locator individually or by any agent on the land he entered but every act done, and each dollar disbursed were for the purpose of determining whether the field as a whole contained workable deposits of coal.

Prior to the hearing, eighteen of the claimants admitted, under the solemn sanction of an oath, that they proceeded from the beginning with the understanding that when the patents were secured they would form a company for the development of the property.

"The plan from the outset was to acquire a coal field at joint expense to be developed for the common benefit. There was not at any time a departure from this original compact save the substitution of the salary to Cunningham for the one-eighth interest he intended to secure in the several claims.

"Carrying into effect the purpose of acquiring this coal field for the common use and benefit of the members of the association, claims were located and entries made in the names of individuals but the making of these locations and entries in the manner indicated were but incidents in the transaction, but means to an end, and the names of the individuals were

used only to effect a colorable compliance with the law.

"They exercised no choice in the selection of their claims, manifested no interest in their individual values, and (except perhaps Baller) sought no information of their respective locations. The field jointly acquired by all of them and explored at the common expense was the only object of their solicitude."

ARRIVED LATE SATURDAY

A new and most toothsome summer confection are Jelly-Mallows, a combination of fruit jelly and vanilla marshmallow. 150 pounds which should have been on sale Friday did not arrive until Saturday night. They are pure, fresh and wholesome. Price 25c the pound. Five pound boxes \$1.00. Howard, the Druggist, 197 Central St. (College) 10c 5c, with fresh pineapple and strawberry.

TURKS KILL WOMEN NACCO WAS EXECUTED

Churches Blown Up and Whole He Was Convicted of Murder of Woman at Niagara Falls

Districts Were Devastated

VIENNA, June 26.—Reliable advices have been received here from Albania that the situation there is extremely critical. Turkey has massed 50,000 men and children in the Turkish army, and a day's march of the Montenegrin frontier.

Charles R. Crane, who has just arrived at Vienna from Albania, describes the conditions as absolutely intolerable. The Turks, he says, are devastating whole districts, killing prisoners, burning houses and crops and blowing up the situation there is extremely critical. Turkey has massed 50,000 men and children in the Turkish army, and a day's march of the Montenegrin frontier.

AUBURN, N. Y., June 26.—Joseph Nacco, the Niagara Falls murderer, paid the death penalty in Auburn prison this morning. Three contacts being necessary before he was officially declared dead. He had received a stay of execution two weeks ago from Governor Dix, on the ground of newly discovered evidence. He was convicted of murdering a woman at Niagara Falls. The discovery of their mutual marital alliances was made at the time a son was born to Mrs. Candiana and on the morning of the murder.

Nacco picked up a stove-lifter and beat her to death. Owing to alleged mitigating circumstances the Italian government asked Governor Dix to review the case but after a study of the case he declined to interfere.

THE OLD COURT HOUSE

Historic Old Building Was Sold at Auction Today

BOSTON, June 26.—"Going," "going," "gone," with the final cry of the auctioneer and the fall of the hammer one of Boston's best known public buildings virtually became a memory today when the famous old court house on Court square was sold at public auction to be torn down for the material it contains. The land on which the building now stands will be used as an annex to the city hall. Although the building is of comparatively modern construction—having been built in 1836—within its walls many famous men have gathered and the building itself has been associated with great epochs in American history. It was in a cell in the basement of the structure that Anthony Burns, the fugitive slave whose return to the south by order of the United States supreme court caused a great revolution of feeling among the northern anti-slavery people, was confined. While Burns was in his cell awaiting removal to the south a band of abolitionists led by the late Thomas Wentworth Higginson, Wendell Phillips, Theodore Parker and William Lloyd Garrison, attempted his rescue. The old court house was the scene of many famous trials. For 20 years or more the building has been utilized by various city departments.

C. S. FUNK TESTIFIED

Manager of Harvester Co. Was Questioned in Lorimer Case

WASHINGTON, June 26.—Clarence S. Funk, general manager of the International Harvester Co., whose account of an alleged request to him by Edward Hines of Chicago for a \$100,000 contribution toward a \$100,000 Lorimer election fund played an important part in the continuance of a second inquiry, appeared today before the Lorimer investigating committee. His testimony was expected to develop a crucial stage in the inquiry, inasmuch as it is a question of veracity between him and Mr. Hines and Mr. Isen as to the alleged request to help reimburse those who raised the \$100,000 "to put Lorimer across at Springfield."

Hines had been given special permission to attend the hearing. Edward Farrar of New Orleans had been added to the counsel for Lorimer and Hines and joined with his associates, Elbridge Hancey and W. A. Hines of Chicago, in cross examining the witness.

John H. Marble of counsel for the committee began the direct examination. Mr. Funk testified that a general manager of the Harvester concern was one of his duties to keep in touch with political affairs. He declared, however, that never to his knowledge had the company used money to get votes in legislatures.

"Have you regarded Mr. Lorimer as a factor opposed to the International Harvester Co.?" asked Mr. Marble.

"No, sir."

The witness said he had never heard Mr. Lorimer's name in connection with a tax fight against the McCormicks, who are interested in the Harvester company.

Mr. Funk said that the Harvester company was interested in closing the Chicago river, which flowed through his company's plant. The Edward Hines Lumber Co. and Senator Lorimer were in favor of deepening the river. This did not prejudice him against deepening the river.

"I felt that as long as the government engineers wished to close the river, Lorimer's attitude was a matter of indifference," said the witness.

"Do you recall a certain conversation with Edward Hines?" asked Mr. Marble.

"Yes, sir."

The witness said he met Hines at the Union League club shortly after Lorimer's election. He said Hines said: "Mr. Funk, you are just the man I want to see."

The witness explained that he was not repeating the exact words but only giving his recollection of the conversation.

Hines said: "Well, we put Lorimer over down at Springfield but it cost \$100,000 to do it."

"What else?" urged Mr. Marble.

He said: "Now we are seeing some of our friends to get the matter fixed up."

Mr. Funk said he inquired how much Hines was getting.

"Well, we can go to only a few big people," was the reply. "And if we can get ten to contribute \$100,000 we can wipe it out."

"I asked him why he came to us," said Mr. Funk.

He said: "You are as much interested in having the right kind of a man at Washington as any of us."

"I said we were not in that kind of business. He began to argue about Lorimer. I was anxious to close the conversation. I soon got up and left."

Witness said Edward Hines' name was mentioned in the conversation but no other names were mentioned.

"What was his manner?" inquired Chairman Dillingham.

"As casual as a sale of a car of lumber."

"Had Hines been indulging in liquor?" asked Senator Kenyon.

"No indications of it."

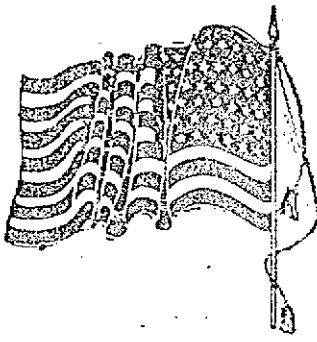

BODY OF A WOMAN

Discovered by Three Small Boys

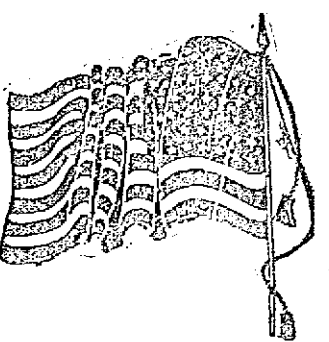

WEST NEWBURY, June 26.—Three small boys who were searching the shores of the Merrimack river today for traces of Miss Ida Farrington, who disappeared from her home in this town early yesterday morning, found the girl's body on a sandpit in the river about a mile and a half from her home. It is presumed that she drowned herself while suffering from melancholia.

Miss Farrington was 32 years old and the daughter of Mr. and Mrs. William Farrington.

The three boys discovered Miss Farrington's body, swam out to it and brought it ashore and then notified the authorities.

You Will Need These for the Fourth of July

Read Our List, They Are the Biggest Values In Our Experience:

Dresses at \$5

In extra quality cotton voile, trimmed with Cluny lace and Hamburg, sold at \$12.50. These 25 dresses at \$5.00

98c, \$1.25, \$1.49, \$1.98

Middy Waists, Silk Skirts, all special values the coming week.

NEW YORK CLOAK AND SUIT CO.

12-18 JOHN STREET

FUNERALS

LAROCQUE.—The funeral of the late Mrs. Joseph Larocque, nee Mathilda Brousseau took place this morning with solemn services at Notre Dame de Lourdes church. The cortege left the house, 81 Branch street, at 9:20 o'clock and proceeded to the church where at 9:30 o'clock a high mass of requiem was sung by the Rev. Fr. Magan, O. M. I., assisted by the Rev. Frs. Lamothe and Barrette, O. M. I., as deacon and sub-deacon. A very large congregation was in attendance. The choir, under the direction of Mr. H. A. Racicot, rendered Perrault's harmonized mass, Miss Anna Alexander presiding at the organ. St. Anne's sodality of which deceased was a member was represented by the following: Mesdames P. C. Lemire, Pierre Paquin, Lucien Landry and A. Chayer. The bearers were Charles Coulombe, John Bernard, Noel Larocque, George Boudreau, Pierre Perrault and Ovide Riopelle. Burial was in the family lot in St. Joseph's cemetery in charge of Undertaker Amodee Archambault, Rev. Fr. Barrette, O. M. I., reciting the committal prayers at the grave. Among the floral tributes were: Wreath of roses, Mr. and Mrs. Albert Brocas; wreath, Misses Cora, Yvonne and Blanche Jacques; spray, Mr. and Mrs. Longtin; spray of roses, Emma Morot.

CHILDREN

They Were in Path of a Fast Moving Train

BOSTON, June 26.—The lives of scores of small children were endangered last evening near McNeill's mills in Dorchester when they persisted in lining themselves up on the elevated tracks of the New Haven road, notwithstanding the many warnings of citizens and the police, to witness a \$1000 fire that partially destroyed a freight car filled with hay.

The alarm from box 919 which was sounded just before 7 o'clock called three engines to the scene and with them a thousand or more people, who saw dense smoke and flames leaping into the air.

The children, who were kept outside the fire lines established, insisted on getting as near as possible to see the flames and firemen work, and climbed the new elevation of the tracks near Prospect street, where they could have a good view.

While standing alongside the rails, a fast express train came along. With the noise they were making and also that of the fire engines, they did not hear the roar of the locomotive until it was almost upon them. The engineer blew his whistle when within a few yards and there was a great scramble. The children either threw themselves down the embankment or jumped, and slid the remainder of the way, all landing safely at the bottom.

LABORERS ON STRIKE

They Demanded an Increase in Their Pay

BOSTON, June 26.—A strike by laborers on the New York, New Haven & Hartford railroad was started today when 100 men at the South Braintree construction camp refused to go to work. About 500 more men in camps at Providence, New London, Willimantic and Weymouth will follow, according to labor leaders. The men, most of whom are Irish, demand a 10 percent increase in pay from \$1.50 to \$1.65 a day and improvements in arrangements at the various construction camps. The strikers are organized under the American Federation of Labor with headquarters in Boston.

TRINITY SENIORS

HELD CLASS DAY EXERCISES ON THE CAMPUS

HARTFORD, Conn., June 26.—The seniors of Trinity gathered today on the college campus for the annual class day exercises. The class which is the largest which has ever assembled on the college lawn numbers 42. The class president, Clarence E. Sherman of Brockton, Mass., delivered the opening address. The class history was read by J. H. Rosebaugh of Erie, Pa., the poem by Blinn F. Yates of Buffalo, N. Y., and the oration was made by Levi M. Hickey of East Hartford, Conn. An important feature of the day was the presentation of athletic awards.

BUFFALO FIREMEN

ON A VISIT TO PROVIDENCE AND BOSTON

PROVIDENCE, R. I., June 26.—Bound on a four days' pleasure trip, the members of the Exempt Volunteer Firemen's association of Buffalo, N. Y., to the number of about 125 arrived here today. They were met by delegations of the local veteran associations, and regular fire department and escorted to their hotels after a parade through the city. They will remain here until tomorrow evening when they will go to Boston for a two days' visit.

GREAT OBSERVANCE

French Societies Preparing for Big Event

The presidents of all the local French societies held an important meeting yesterday afternoon at the C. M. A. C. hall in Pawtucket street. The meeting was called to order at 2 o'clock by Rev. Fr. Vatel, O. M. I., pastor of St. Joseph's parish, who explained to those present that the purpose of the gathering was to organize a committee for the grand celebration to be held in this city on August 20, when the groto of Notre Dame de Lourdes on the grounds of the French American orphanage in Pawtucket street, will be blessed.

"The affair," said the Rev. Father, "is to be one of the proudest ever held in Lowell, and the entire event is now left in the hands of the committee you are about to appoint."

The following committee was then chosen: Xavier Delisle, president of L'Association Catholique, president; J. P. Marchand, president of "La Societe St. Joseph," secretary; Henri Hamilton, president of Branch St. Andre, A. C. F. A. Latendress, president of Branch St. Joseph, A. C. F. A. Albert Bergeron, captain of Garde Frontenac; Joseph Pigeon, captain of Garde Jacques-Cartier; Arthur Lamoureux, major of the A. G. Cadets; Hilare Dozois, president of La Societe St. Jean Baptiste; Raoul Monier, chief ranger of Court St. Paul, C. O. F.; J. A. Dumas, president of L'Union Samuel de Champlain; Arthur Corneille, president of Union Garde National; France X. Rivet, chief ranger of Court St. Antoine, C. O. F.; Joseph Carrier, president of Carillon council, U. S. J. B. d'A.

Each society is to form a division of the parade with their fellow brethren of this state and New Hampshire, who will be invited to be present in a body, and each society will also furnish a float of a religious nature.

Xavier Delisle has been chosen chief marshal of the parade, and is now busy selecting his staff.

The groto is now completed with the exception of three feet high and six feet long. This altar is being prepared by Mr. Pierre Tremblay and it is expected that it will be installed Thursday or Friday of this week.

Don't Be Deceived

If you have tried other papers of doubtful circulation and failed to get results, that is no reason why you should condemn all newspapers. There are some honest newspapers with actual bona fide circulations. THE SUN, for instance, now prints over 16,000 copies daily. Is it any wonder SUN advertisers get quick results?

SOMETIMES IT TAKES A HUNK OF BAD LUCK TO BRING GOOD LUCK BEN, OLD BOY!

BARROWS STILL LEADS

Six Lowell Batters Are Among the First Twenty-Five

For the first time this season the list of 25 leading batters in the New England league includes players with averages less than .300, there being this week but 22 men in the .300 class. Roland Barrows of the Lowell club continues to top all the others with a fine mark of .375, four points less than a week ago. The veteran, Jesse Burdett, who has been in second or third place all season, dropped to fifth, Pratt, Briggs and Luyster passing him. Pearson of Lawrence, who led the league for several weeks, is gradually dropping in the list, being sixth this week. Luyster, the Lawrence pitcher, jumped from 13th to 4th place, and Wormwood, a Fall River twirler, from

14th to 10th position. Sweatt, who has been stinging the ball for the Whalers, dropped from 11th to 35th, losing 37 points.

Of the 26 leading batters Lowell and Worcester have six each, Lawrence and Brockton four each, Haverhill, Fall River and New Bedford two each, and Lynn none.

"Hap" Ward of Brockton continues to lead the pitchers with 11 games won and three lost. Wolfgang of Lowell is second and Harrington of Lynn third.

Moulton of Lowell drew away a bit from his teammate, Mager, and continues to lead in runs scored with 53, while Mager has 48. Henriksen of Brockton has 41 and Callison of Lawrence 42.

Noblett of Worcester stole eight bases last week and jumps from an obscure position to the lead in that department with Carlstrom of Lawrence, each with 22. Lomorgan of Brockton is third with 12.

Haas and O'Neill of Worcester are tied in sacrifice hits with 15 each. Barrows of Lowell being next with 14.

The averages of the 26 leading bat-

ters and 10 leading pitchers, including Saturday's games, are as follows:

THE CAST OFFS WON

Maybohm and Lavigne Trimmed Brockton

It didn't do Lowell a bit of harm to remain away from home for an entire week for they developed a winning streak that makes them look awfully good, getting 11 scalps out of 12 chances.

At Brockton, Friday, Lowell cleaned up three pitchers and on Saturday belted two more off the mound. To make Brockton's defeat on Saturday more humiliating it was Brockton's cast-off battery, Maybohm and Lavigne, who were working for Lowell.

Y. M. C. A. WON

DEFEATED DERRY A. A. IN WELL PLAYED GAME

The Y. M. C. A. team went to Derry, N. H., Saturday and defeated the strong Derry A. A. by a score of 4 to 2. Plead on the mound for the visitors held the Lowell team down until the eighth when the Y. M. C. A. broke the ice and scored 3 runs, getting another in the ninth. Doyle pitched a steady game for the Y. M. C. A.

DIAMOND NOTES

Lowell at Lynn today.

Lynn plays here tomorrow.

Roarin' Red Rorty started in today. Red is a good umpire.

Eleven out of the last 12 played is pennant-winning baseball.

Barrows not only leads the New England league batters but he is one of the three leading sacrifice hitters.

Moulton and Magee continue to hold their places as the leading rungetters of the league.

The "Bull Durham" people have informed the writer that their representative will be on hand next Saturday to present Capt. Barrows a check for \$50 for hitting the Bull recently. The check has already arrived at The Sun office.

Manager Carr of the Utica (N. Y.) state league baseball team last night announced the sale of Pitcher Reardon to the Brockton club of the New England league. Reardon left immediately to join that team. Second Baseman Burns of the Northampton club of the Connecticut league, which disbanded last week, has been signed by Utica.

The management of the Worcester team announced last night that Shortstop Lew Groh of the Worcester team had been traded to Fall River in exchange for Weaver of that team, who plays the same position. Groh was formerly with the Lawrence team and came from Rochester.

Umpire Walsh is having the time of his life in this league. He has been assaulted twice, fired twice and reinstated twice. On Saturday he received word that he was to be canned once more. After the game the glad news came that the motion to can him had been reconsidered. Walsh must be a cousin of Flanagan—he of "off again, on again" fame.

AMATEUR GAMES SATURDAY

At Westford: Westford, A. A. 10, Shirley A. A. 5.

At South common: South Ends, 17; Palmers, 4.

At Highlands: Pontes, 12; Highlands, 30.

At Tyngsboro: Y. M. C. I. 17; Tyngsboro, 2.

At Lakewood avenue: Brookside, 11; Mysteries, 8.

At Tewksbury: State Infirmary, 15; Ballardvale, 6.

At Pelham Bunting, 6; Pelham, 2.

At Chelmsford: Chelmsford, 9; Lincoln of Lowell, 8.

Dixwells, 7; Y. M. C. A. 2d and 6.

BOXING GOSSIP

The Army A. A. Boston, has matched Tony Caponi of Chicago to box Tom McMahon of Pittsburgh. They will box twelve rounds Tuesday evening, June 27th. Caponi is the boxer who has just met Sam Langford in a ten round bout at Winnipeg. McMahon is the new Western middleweight who has been winning all his battles during the past year. This is the first time either of these men have shown in Boston and as they are known for their aggressive qualities, they should make a good contest.

There will be a six round preliminary between Harold Edson of Weymouth and Tommy Gould of Cambridge. A six round bout between Frankie O'Connor of Boston and Joe Blum of Philadelphia, and an eight round semi-final between Frankie Mack of Beachmont and Young Miller of Pawtucket, R. I.

The bouts this week are:

MONDAY

Ralph Calloway vs Barney Williams and Eddie Kelly vs Darryl Griffin, Albany.

Joe Shea vs Sammy Keller, New Haven.

Willie Fitzgerald vs Dick Doyle, Waterbury, N. Y.

Paddy Sullivan vs Rld Burns, New York.

Andy Bezenah vs Freddie Cole, Muncie.

Bill Hurley vs Joe Uvanni, Glens.

MAY BE BURGLAR GANG

Mystery in Several Breaks in Cambridge Being Cleared

BOSTON, June 25.—As the result of the arrest in Toronto, Can., on June 17 of three Cambridge men, William J. Farrell, aged 21, his brother, George Farrell, aged 18, of 49 Sidney street, and Victor Olson of 70 Norfolk street, as they were attempting to dispose of articles in a pawnshop, the Cambridge police have cleared up several breaks which have puzzled them. Two others, John E. Kamb, aged 16, of 18 Clark street and Joseph J. Phelan, aged 13, of 10 Clark street, will appear in the district court today on charges of breaking and entering.

On May 15, sometime during the night, a furnishing store on Central square was entered by forcing the rear door and about \$800 worth of neckties, shirts, gloves, leather bags and other articles taken. So cleverly was the deed committed that the police were completely baffled.

On the same night, a grocery store on Norfolk street, near the other place, was entered by forcing the lock on the front door and several hundred dollars' worth of watches, stickpins, rings and other jewelry stolen from a large show case. The marks on the doors of the two stores corresponded, and the police believed the same men did the two "tricks."

On the night of June 13, the factory at 64 State street was entered and an attempt made to force open the safe, a large chain and a piece of machinery being attached to the knob. The same night a shop near by was entered and the office ransacked.

The following night at 9:30 o'clock, while an express team was on Lake street, Cambridgeport, three suitcases were stolen from it. Later in the night the stable of the same express, on Columbia street, was broken into and other articles taken.

The two Farrells and Olson are held in Toronto on the charge of wounding Detective Wallace of that city, who attempted to arrest them. Wallace was badly injured, being kicked and beaten by the Farrells and is in a dangerous condition.

Examined by the authorities there, the two brothers admitted two breaks in Cambridge. They named Olson with them, and gave the name of Kamb, who is known as Marcusson, as being connected with the breaks. The Cambridge police went to Olson's house, 70 Norfolk street, and in the cellar found a bundle with articles, identified as taken from the two stores.

When they arrested Marcusson at his place of employment, he is a machinist's helper. Marcusson, or Kamb, as he is correctly known, his father being Marcus Kamb, so the police allege, confessed to being connected with two of the breaks and admitted two others. The police say that he told them the property from the first two breaks was taken in suitcases to Farrell's house, where it was kept

for a week, and later divided, Marcusson claiming to have received the small end of the bargain.

He claims to have given the booty to Phelan, who was later taken into custody at his home, 10 Clark street, where the police found foot, identified as being from the two last named breaks. The police say that both Phelan and Kamb admit the breaks.

From the property recovered by the Toronto police the Cambridge authorities believe that the three men in Toronto are the ones wanted on the express team larceny, and a complaint will be asked for today at the district court.

NORTH CHELMSFORD

Rev. Fr. Doherty was the celebrant at the masses in St. John's church yesterday. At each mass he delivered an eloquent sermon on the gospel of the day. Before the mass the boys of the Training school sang hymns in honor of the Sacred Heart. After the second mass a meeting of the men of the parish was held in connection with the coming picnic, July 4th. The ladies of the sodality met in St. John's hall with their matron, Mrs. William J. Quinley, and completed all their arrangements. The girls were given their different assignments, and they are working with a spirit to make this affair the best in the history of the parish. A meeting of the sporting and entertainment committee will be held Wednesday night at 7:30. A fine list of sports has been arranged. The 100 yard dash is open to all, and arrangements should be made with John McQuade. A fine list of prizes is offered for the different events, and valuable prizes will be given in connection with this special event.

The Sunday school closed yesterday afternoon for the summer, and the annual awarding of prizes took place. The prizes were presented by Rev. Fr. Schofield, pastor of the church. To the girls who were not absent for the whole year, and those who were absent but one Sunday were given special prizes; to the boys who had the best lessons for the year were also given prizes and each child in the Sunday school received medals and holy pictures. The teachers were also kindly remembered with gifts of beautiful panels and medals. After the awarding of the prizes Fr. Schofield spoke briefly to the children as to their conduct and attention to their religious duties during the summer vacation. He especially urged the boys to be careful of the dangers they are exposed to in the water, and to lead good, pure and holy lives and they would receive God's graces in this world and the world to come. Benediction was given by Fr. Schofield, followed by special hymns in honor of the Sacred Heart, which marked the close of another successful year for the children of St. John's parish, for they have received special care and instruction from the good sisters of Notre Dame, the pastor and his curate.

DIPLOMAS AWARDED

Graduation at Sacred Heart School

The annual graduation exercises of the Sacred Heart parochial school were held in the school hall in Moore street last evening and were largely attended by proud relatives and friends of the graduates. A carefully selected program was carried out in a faultless manner.

Specimens of the work done by the pupils were on exhibition in the different class rooms and included writing, drawing, map work, geography, sewing and other lines of study which are included in the different grades. The specimens were of exceptional merit. The samples of sewing by the girls were among the very best exhibits on display, while the work in this same line by the younger pupils was also up to the high standard which is characterized by the training in the other branches of study.

The program was as follows:

Opening hymn, "As the Radiant Dawn is Stealing."

Salutations to pastor and parents, Master J. Kennedy, Misses W. Ryan and H. Brady.

Recitation, "The Arch of Success."

Song, "Away to the Maypole Hie."

Flag Drill.

Knights' Toast.

Patriotic Song.

Sweepers Growl.

Presentation of diplomas.

Class song.

Home Again.

Closing hymn, "Night Falls Her Starry Gown."

Accompanied, Miss Helen Kirtwin.

Very Rev. T. Wade Smith, O. M. I., provincial of the Oblate order, in presenting the diplomas spoke eloquent words of congratulation and advice, and paid a high tribute to the teachers of the Sisters of Mary, under whose able direction the school has grown and prospered.

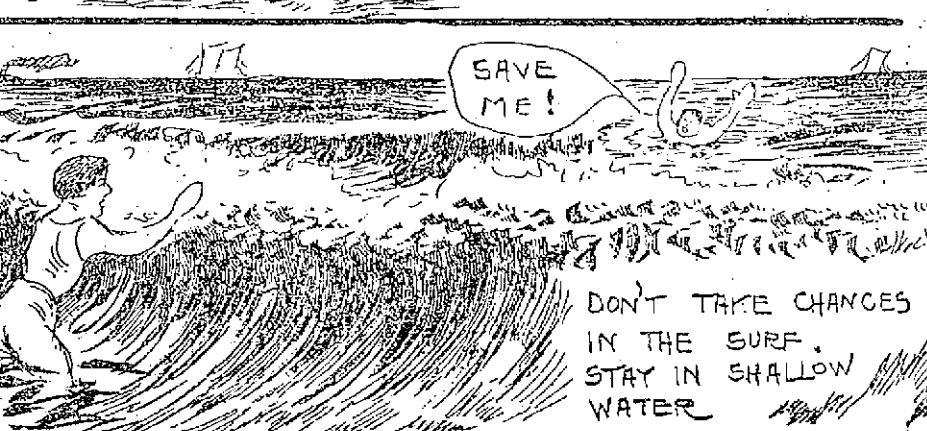

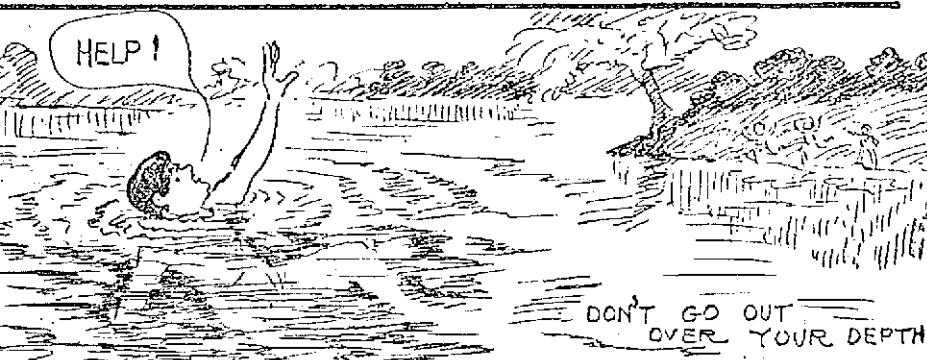

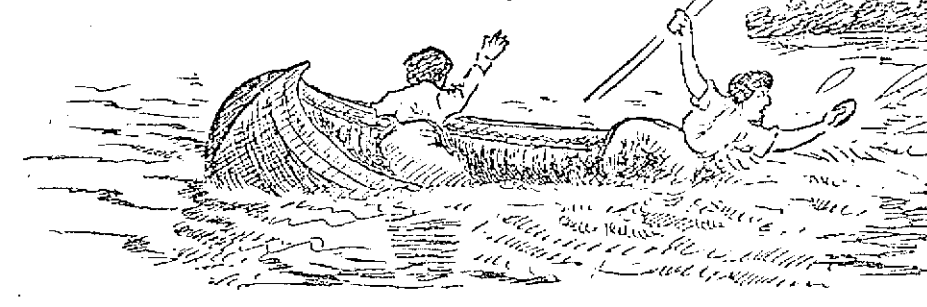

The clergy of the parish were present and occupied seats in the front section.

Diplomas of graduation were awarded to the following: Helen M. Brady, Margaret V. Craig, Adelaide M. Doyle, Margaret T. Lannon, Mary J. McCabe, Catherine F. Roughton, John E. Boyle, James T. Keenan, John H. Kennedy, Jeremiah J. Keohane, James W. Lannon, William J. Rogers, Arthur T. Spencer, Charles R. Sweetey, Margaret M. Connolly, Margaret M. Daley, Teresa V. Harrington, Grace V. Mahan, Josephine M. O'Donnell, Winifred M. Ryan, Leo J. Parley, James Kelleher, Edward J. Keeney, Frederick J. Kiggins, William J. Keenan, William J. Keenan, Edward F. Sullivan, Felix D. Sweetey, Penmanship diplomas of the A. N. Palmer school of penmanship, Boston, were given to the following pupils: Winifred M. Ryan, Margaret M. Connolly, Catherine F. Roughton, Mary J. McCabe, Margaret T. Lannon, Veronica Kelleher, Margaret Finnegan, Grace Mahan, Grace Sullivan, Margaret Craig, John Kennedy, James Keenan, Paul Harris, William H. Roughton, Cornelius Finnegan, Joseph Shea, Theresa McDermott, Blanche Boyle, Madeline Kennedy, Helen Mahan, Anna Quinn, Mary Ward, Veredunda Tully, Mary Sheehan, Anna Sullivan, Frances Johnson,

DON'T GO INTO AN OVERLOADED BOAT. IT MIGHT COST YOU YOUR LIFE

DON'T RISK YOUR LIFE IN A TREACHEROUS CANOE. YOU ARE NEVER SAFE.

SOME DON'TS IT WOULD BE WELL TO REMEMBER

Marie Hearn, Mary Molloy, Bessie Farrell, Monica Connolly, Marcella O'Donnell, Catherine Doyle, Lily Brooks, Mary Lynch, Mary Ahearn, Mary Bassett, Mary Meagher, Mary Andrews, Kathleen Daly.

The diplomas of the Palmer school are given by the regular examiners of the school in Boston on submission of attested samples of the writing.

The gold pen, donated by Mr. J. E. O'Connor, was awarded to Cornelius Finnegan of the eighth grade, for the greatest improvement in penmanship during the year.

The following were entitled to draw for the premium presented by Miss Smith for plain sewing, in the seventh and eighth grades: Margaret Finnegan, Theresa McDermott, Blanche Boyle, Monica Connolly, Catherine Rourke, Catherine Tansey, Helen Mahan, Harriet Meagher, Frances Johnson, Mary Hearn, Mary Andrews, Preliminary drawn by Catherine Rourke.

The following pupils received honorable mention for highest averages in the school and diocesan examinations: Winifred Ryan, Helen Brady, John Kennedy, Veremah Keohane, Josephine O'Donnell, Theresa Harrington, James Lannon, James Kelleher.

The graduates will attend mass and receive holy communion in the convent chapel tomorrow morning, and will afterwards be entertained at breakfast by the Sisters of St. Mary.

These include Miss Grace Cornell, a Riddelford nurse, who attended Mrs. Bull the last five days before her death last January, and Annie Agnes Murray, a maid employed by Mrs. Bull many years.

The deposition of Mrs. Agnes McNeil of Boston, which has been taken, and will be offered in evidence, Miss Cornell is considered a most important witness. It is understood Miss Cornell will not only tell a good deal of what she observed but that she will describe the symptoms shown by the patient after she had been dosed with the Indian drugs or tonics, as Mr. Thorp has referred to them.

Most of the counsel were absent when the court opened, Ralph S. Bartlett conducting the case for the opponents. He first presented the deposition taken from Annie Murphy. It consisted of 60 typewritten pages and its reading consumed a large part of the time today. Miss Murray went to

WALSH.—Died June 25th, in this city, Thomas Walsh, aged 58 years, 1 month, 5 days, at his residence, 104 Eleventh street. Funeral services will be held at 104 Eleventh street, Wednesday afternoon at 2 o'clock. Friends are invited without further notice. Burial private. Kindly omit flowers. The funeral arrangements are in charge of Undertaker George W. Healey.

PENDERGRASS.—The funeral of the late John P. Pendergrass will take place at 2:30 o'clock tomorrow afternoon from his late home, 33 Midland street. Friends invited. Funeral arrangements in charge of Undertaker J. A. Weinbeck.

WELCH.—The funeral of Claire Welch, infant daughter of Mr. and Mrs. Edward H. Welch, will take place at 3 o'clock this afternoon from the home of her parents, 445 High street. Burial will be in St. Patrick's cemetery. Undertakers Higgins Bros. in charge.

If you want help at home or in your business, try The Sun "Want" column.

THE BULL WILL CASE

Many New Witnesses Will be Heard This Week

BIDDEFORD, Me., June 26.—The hearing of the contested Bull will case was resumed today before Judge Nathaniel Hobbs of the probate court after more than a week's recess. The hearing will continue through this week here, then be resumed next week at Alfred, where it has been in progress for a number of weeks. In place of Joseph C. Thorp, the brother of the late Mrs. Ole Bull, whose \$500,000 estate is the subject of litigation, and one of the executors who has been on the stand the greater part of the time during the hearing of the case, a number of new witnesses will be heard this week.

These include Miss Grace Cornell, a Riddelford nurse, who attended Mrs. Bull the last five days before her death last January, and Annie Agnes Murray, a maid employed by Mrs. Bull many years.

The deposition of Mrs. Agnes McNeil of Boston, which has been taken, and will be offered in evidence, Miss Cornell is considered a most important witness. CANADIAN RECIPROCITY BILL

WASHINGTON, June 26.—The Canadian reciprocity bill was taken up in the senate today within ten minutes after the session convened, the Root amendment being the special subject of consideration.

Senator Thornton of Louisiana denounced the measure on the ground that it discriminated against the agricultural element. Admitting the probability of the defeat of the Root provision later in the day, Mr. Thornton still advocated it. He said he did not want Canada to get the advantage that would be given by the wool pulp provision as it stands. Senator Clark of Wyoming also advocated the Root amendment as the only possibility of making the measure in any degree reciprocal.

"The measure is now distinctly democratic, and I want to put a little republicanism in it," he said, and added that he was against the whole agreement with Canada.

BROKERS MADE ASSIGNMENT

PHILADELPHIA, June 26.—Norman McLeod & Co. of this city, stock brokers, today made an assignment. The firm is well known but is said to have done little business lately. McLeod is a son-in-law of John Wanamaker. The attorney for the firm said that a schedule of the assets and liabilities would be issued this afternoon.

FOR WOMEN AND THE HOME

TROUBLES OF THE NARROW SKIRT—TYING A SHOE
LACE IS ONE

The tight skirt has its disadvantages as well as its advantages. One of the former is the difficulty its wearer has in raising her foot to get into a cab or a taxi. When it comes to resting the foot on a height that a loose shoe lace may be tied up such a result as that here illustrated may be anticipated.

MME. DURAND DELIVERED ADDRESS OVER HER MOTHER'S GRAVE

Mme. Durand, the founder of the woman's newspaper *La Fronde* and the manager of the morning paper *Les Nouvelles*, recently delivered the address over her own mother's grave. This surprised Paris somewhat, al-

though it is used to having Mme. Durand overthrown precedent.

"Can we do nothing as clubwomen to set our faces against this absurd, uncomfortable, impracticable, disgraceful style of dress for our women?" asks Mrs. J. W. Richards, president of the Iowa Federation of Women's Clubs. "I am heartily in sympathy with the movement in our country for a sane and sensible Fourth of July, but I am

RESTAURANT HAT AND GOWN

Brown is not a color usually selected for evening wear, for few browns light up successfully, but the gown and hat pictured show a very clever arrangement of pale tan tones—golden brown satin veiled with fawn colored chiffon and again with a tulle of creamy tan chiffon for the skirt, the tulle winding around and extending up above the waist line over the crossed chiffon bodice. Under the bodice is a glimpse of cream lace. The hat is tulle, faced with coral pink and dark brown, and the feathers are in shades of cream, tan and fawn color.

still more in favor of a sane and sensible dress for our grandmothers, mothers and daughters which will combine dignity and decency.

"The cotton manufacturers are beginning to complain that their business is decreasing owing to the scarcity of underwear worn by women nowadays, so it may be that the commercial interests will compel women to put an extra core in their skirts."

"Heaven speed the day, and may this blind bowing down to fashion's dictates pass over, and at last may we come into our feminine skirts again."

Mrs. Leona M. Wells of Wyoming receives the largest salary of any woman in the employ of the United States. As assistant chief clerk of the senate committee on appropriations Mrs. Wells has a salary of \$4500 a year. Mrs. Wells is a little over thirty

BUSINESS WOMEN

ARE BELIEVED TO BE SHORTENING THEIR LIVES

Dr. Cecile Lande, a New York physician, says women are shortening their lives by going into business.

"Up until the present age," she said, "women have always played the game of life on the defensive. It is a rule of military tactics, and the same holds good in the battle of life, that the offensive is the more wearing form of warfare. For ages women have lived in protected homes. Their great mission has been the reproduction of the race. They have been tenderly cared for that they might fulfill this mission. The census of 1910 will show a different set of figures. It is of course true that women have naturally greater resisting powers than men. This is amply proved by the fact that more boys than girls die before they reach the age of maturity. But women have always kept the power in a reserve that they might fight off all the ills and troubles that come to them. Men have to go into the world and, in a measure, search for ills and troubles that must be fought and conquered.

"Heretofore women have been able to rest whenever they felt that they needed it that is, a large majority of them. When a woman has nothing to do but her housework she can lie down when she feels tired and take up her duties when she is rested. A man cannot do that in the business world, and neither can a woman."

Miss Lillian B. Hyde of the South Shore Field club, New York, recently won a gold medal in the eighteen hole qualification test of the Women's Metropolitan Golf association championship tournament. Miss Hyde plays in an unusually dashing style.

"It is immoral for a man to swear. It is immoral for a woman to scold. Scolding is but swearing in different diction.

"Make your character to order by carefully selecting the ingredients. The subconscious chemist will not fail to do the compounding.

"Your opinion of the motive of another is a flashlight on your own character."

"Set the current of your being toward comeliness and it will flow that way."

"Set the current of your being toward anger and worry and you will come into port with a heavy cargo of physical ills."

These are the convictions of the Woman's International League of Right Thinking and Right Living.

Mrs. John Vance Cheney, founder of this organization, believes that all the ills of this world are due to either incorrect breathing or wrong thought.

"Lack of poise and fear," says Mrs. Cheney, "are really what induce self-interest. If one is perfectly sure of oneself, subconsciously, nothing that one is completely master of one's mental, then one ceases to be nervous—the mind no longer dwells upon self. We go forward confidently. What you aim for, that you will be."

years of age and is an acknowledged expert on military law and legislation.

"A woman may easily assume the place of head of a family and hold on to the power, but she must go about it," said Mrs. Bertha Kelly, the founder of the Boy's Day club in New York, "and the woman who doesn't know how to rule is a fool. All the sentiment about ruling the world and

NEW EMBROIDERED MUSLINS

Showing the new embroidered muslin vogue and a novel method of using the fashionable flowered ribbons.

the cradle means nothing if a woman does not rule her home. All women cannot go about it in the same way, because men's natures must be understood or at least studied. Men must never be taken for granted. The hold slackens then. Husbands, take notice!

DUCHESSE EGGS

Use four hard boiled eggs, one ounce of butter, one ounce of flour, half a pint of milk, pepper, salt, breadcrumbs and chopped parsley.

Melt the butter in a saucepan and stir in the flour very smoothly; then add by degrees the milk and stir till perfectly cooked. Put in the eggs, cut in quarters, cover with sauce and then pour with milk. Roll hot (three times) with a rolling pin, cut into diamond shaped pieces and bake.

SWISS CAKES

Use a quarter of a pound of butter, one egg, one teaspoonful of sugar, three-quarters of a pound of flour, new milk and baking powder.

Roll the butter into the flour, then rub the egg into them and add sugar and baking powder. Make all into a mass with milk. Roll hot (three times) with a rolling pin, cut into diamond shaped pieces and bake.

BACK TO THE EARLY VICTORIAN WRAP

This pretty little mantle matches the gown over which it is worn; both being in a shade of soft dove gray. The gown is of chiffon, a flounce of dove gray taffeta edging the long tunic. The mantle is built of this gray taffeta, and the plaited silk ruche—which by the way, is raveled and not hemmed at the edge—is a distinct revival of early Victorian days. Rhinestone buttons trim the gray mantle, and the band of dark velvet on the skirt is also trimmed with these brilliant buttons.

A USEFUL HINT

When the yoke of a frock becomes soiled, it can quite easily be cleaned without removing it from the dress. Get a little dry starch and rub it well into the lace, leave for a little while, then brush well to get all the starch out, and the lace will look quite fresh again.

FUNERALS

EASTMAN—The funeral of Miss Maude Evelyn Eastman took place on Saturday afternoon at 2 o'clock from her home, 18 May street, and was largely attended by the many friends and relatives. Rev. Forrester Woodcock, pastor of the Fifth Street Baptist church, officiated. The bearers were: Albert Fournier, Richard Coburn, Harry Phelps and Warren H. Simonds.

There was a profusion of beautiful flowers, as follows: Large wreath of roses, pink and white, marked "Daughter," from father and mother; large spray of red pinks among ferns with ribbon marked "Sister," from Brother Raymond; large wreath of gladioli, pink and red and white roses mounted on base, with large bow inscribed "Maude," from finishing room; Bigelow Carpet Co., large wreath of red and white pinks and roses mounted on base of ferns and Easter lilies, from rug room, Bigelow Carpet Co.; large pillow of pink and white roses, marked "Rest" in centre, from repair

shop department, Bigelow Carpet Co.; large spray of red and white pinks, American Beauty roses, pansies and ferns, from office boys, Bigelow Carpet Co.; large basket of red and white pinks and roses, buttercups and ferns from Mr. and Mrs. Gus Bjorkman; large wreath of red and white roses, pinks and Easter lilies with white bow, marked "Goodbye, Maude," from Mrs. William Trombly and daughter Florence; large spray of white pinks among ferns with white ribbon marked "Farewell, Maude," from Samuel Wardman and daughter Clara; large mounted pillow of red and white roses, pinks and Easter lilies from No. 251 lodge, Knights of Malta; large mounted pillow of red and white pinks, roses and ferns with ribbon marked "Neighbors," spray of pinks, dahlias and ferns from Mrs. Daniel McLaughlin and daughter Margaret; large spray of pinks among ferns from Mr. and Mrs. Wm. J. Spence; large spray of forget-me-nots from Mr. James Hoag and family; large spray of pinks from Mrs. Marion Gordon; large spray of pinks

and roses from Margaret and Mary Young; spray gladioli and roses from Alfred E. Fox and Gladys T. Plumstead; large spray of red and white pinks among ferns from Mr. Arthur Hall and family; large spray of pinks from Mr. and Mrs. Archie McMaster and Mrs. Poff; large spray of red and white pinks among ferns from J. A. Fournier and R. C. Coburn; large spray of sweet peas, pinks and roses from Mr. and Mrs. F. E. Boyd of Everett; large wreath of roses, pinks and forget-me-nots from Mr. and Mrs. Ira W. Bennett and H. J. Blaisdell of Everett; spray of red, white and pink roses from Miss Annie M. Wylie; spray of red and white pinks from Mr. and Mrs. Wesley Simpson Goodwin of Greenwood, Mass.; large spray of American Beauty roses from Mr. Frank B. Clarke and family of South Berwick, Me.; spray of white pinks and ferns from Mr. J. F. Melloan and daughter of Ossipee, N. H.; large spray of white roses from Mr. and Mrs. Frank B. Clarke, Jr. of South Berwick, Me.; and large spray of pinks and

roses from Mr. Walter B. Blaisdell of South Berwick. Burial took place in the Westlawn cemetery under the direction of Undertaker William H. Saunders.

WARLEY—The funeral of Frederick E. Warley took place Sunday at 2 o'clock from his home in North Chelmsford, Rev. C. H. Moe officiated. The bearers were Luther Hall, Clarence Leavitt, Harrison Martell, Earl Votson, Daniel O'Dea and Fred Russell. The services were largely attended by relatives and friends and the floral offerings were beautiful and numerous. Burial was in the Riverside cemetery in No. Chelmsford in charge of Undertaker Young.

Among the floral tributes were a pillow inscribed "Our Fred," from the family; a wreath bearing the inscription "Heavenly Father," from the family; a wreath of galax leaves and roses, Uncle John, Aunt Mina and Cousin Ethel; the employees of Lowell Automobile corporation, standing wreath; his employers, the Lowell Automobile corporation, forwarded a large wreath of galax leaves and roses; broken circle, Mr. and Mrs. A. O. Dickinson; spray of Easter lilies, Mr. and Mrs. R. Yeale and Miss Soleda Bridgford of Barre, Vt.; wreath of galax leaves and American beauty roses, Mr. and Mrs. John Marinel, Jr. and Mrs. Everett Field, and Mr. and Mrs. Arnold Ryan; cross on base, William Warley; spray of roses, Dr. and Mrs. F. J. Coyne; sprays of white carnations, Mrs. Leavitt and C. Leavitt, Mrs. Hopper, Mr. and Mrs. D. M. Houghton, Mr. and Mrs. John Upson, Peter Picken, Mrs. Shawcross and family, Charlotte, Mrs. Hale and Charles Hale, Renault family, Mr. and Mrs. Emanuel Truby, Clifford and Mildred Queen, Mr. and Mrs. Philip Vassell, Mr. and Mrs. S. N. Stevens, Mr. and Mrs. H. Warley, Mr. and Mrs. G. H. Warley, Mr. and Mrs. H. Bixby and J. H. Hall, Edward Davis, Ernest Dabinger, Fred Wilson and Forrest Mills, Mr. and Mrs. Fred Park, Mr. and Mrs. William H. Hall, Mr. and Mrs. F. Maltison and J. Arthur Maltison, Mr. and Mrs. Julian Hall and Willie Hall, Mrs. Theo. Martindale, Mr. and Mrs. Josie Tooley, John Stanton, Mrs. T. E. Mitchell and Mrs. D. P. Smith, Mr. and Mrs. Buntel and family, spray of white roses, Mr. and Mrs. Charles De La Haye, Mr. and Mrs. Elias F. De La Haye; cross on base, William Warley; spray of lilies and peonies, George Holt; star of roses and carnations, George Martindale and family and Chas. Willard; spray of sweet peas and carnations, Mr. and Mrs. George Ingham and family; spray of pink carnations, Mr. and Mrs. E. J. Blodgett and family.

Present at the funeral were Miss Susie B. Stanton of Newboro, Ontario, Canada, and Mr. and Mrs. Julia Hall and son of Hyde Park, Boston. The bearers were Luther Hall, Clarence Leavitt, Harry Martell, Earl Votson, Daniel O'Day and Fred Russell. The

usher at the house was J. Arthur Maltison.

GOULD—The funeral of Mrs. Edith A. Gould took place from her home, 457 Stevens street, at 2 o'clock Saturday, Rev. Francis H. Rose of the Immanuel Baptist church officiating. Mr. Harold Rose and Miss Caroline Paul sang appropriate selections. The bearers were John Buchanan, Kenneth Macgarry, William Dudley and John Paul. The services were largely attended by relatives and friends. Burial was in the Edison cemetery. Among the many floral tributes were: Pillow inscribed "Wife," from husband; pillow inscribed "Daughter," from mother; wreath, "Sister," sister; star, "Auntie," little Baby Edith Lyons; pillow, "Asleep in Jesus," Mr. and Mrs. William Dudley; pillow, "At Rest," Mr. and Mrs. Buchanan; wreath, Lowell Weaving company and Henry Devine; wreath, Mr. and Mrs. J. V. Brown; cross, Mrs. Marcoux, Mrs. Buchanan and Mrs. M. Leod; wreath, engineer's association No. 17; wreath, Immanuel Baptist church Sunday school; sprays, Mr. and Mrs. Harold Wedge, grandmother of the deceased; Mr. and Mrs. William Jenkins and family, Rachel and Kenneth Macgarry, Mr. and Mrs. Edith Josephine and Alice Hayes, and Mrs. Frank Curry, Mr. and Mrs. Houghton, Mr. and Mrs. George H. Chapman and family, Mr. and Mrs. Noble Charlton and daughter, aunt and uncle, Mr. and Mrs. Saunders. Undertaker Young in charge.

McDONOUGH—The funeral of the late Thomas McDonough, aged 64 years, who died Friday morning at his late home, 355 Park street, Lawrence, took place on Saturday afternoon at 4 o'clock from his home and was well attended. The bearers were Miles and James Costello, Edward and John McDonough. Burial was in St. Mary's cemetery, Lawrence. Undertakers M. H. McDonough Sons of this city had charge.

BOYLE—The funeral of Edward J. Boyle took place Sunday at 2 o'clock from his home, 29 Dutton street, Rev. N. W. Matthews officiating. Mr. Frank B. Murphy and Wilson sang. Burial was in the Edison cemetery in charge of Undertaker C. M. Young.

MILTON—The funeral of Frederick Milton, infant son of Lauriel and Elizabeth Beedy, who died Sunday morning, was held Sunday afternoon at 4 o'clock from the home of his parents, 26 Albion street. Burial was in the Edison cemetery in charge of Undertaker James W. McKenna.

COYLE—The funeral of the late Mrs. Sarah A. Coyle took place this morning at 8:30 o'clock from her late home, 56 Andover street and was largely attended by sorrowing relatives and friends. At 9 o'clock a mass of requiem was sung at the Immaculate

STILL SEARCHING FOR BODY

BIDDEFORD, Me., June 26.—The search of the woods and swamps in the vicinity of the home of Mrs. Maud Snow at Dayton was continued by the county authorities today in the hope of finding some trace of the body of Charles I. Weymouth, who Mrs. Snow's two young daughters told the officers last week was murdered at the Snow home nearly three years ago and buried nearby. The children today repeated their story without variation, and Sheriff Charles O. Emery at once set about to employ 25 men to make a more thorough search than that of last week. The authorities are making every effort to substantiate the declaration made last week by Henry A. Hewes, a rural mail carrier, that Weymouth is alive and in Canada. No trace of Weymouth in any Canadian locality has yet been found, however. Meanwhile the three persons under arrest, Josephine Buzzel and Olney Merrill, charged with the murder of Weymouth and Mrs. Snow, charged with being an accessory after the fact, are being held in the jail at Alfred.

MAIL STEAMER WRECKED

HELSINGFORS, Finland, June 26.—The Finnish-Swedish mail steamer *Bor I*, with 400 excursionists on board, was wrecked off Kerpo island today. It is not known here whether there was loss of life.

Boiled Cauliflower

The fine flavor and appetizing cooking of many vegetables greatly depend upon the milk used. Creamy flavor and richness are positively necessary. Use Borden's Evaporated Milk. The result will please you.

BOILED CAULIFLOWER

Remove the outer leaves and cut off the stem close to the bottom; wash in cold water and let soak for one hour; tie in a piece of cheesecloth to prevent breaking. Stand in a kettle of boiling water, add one teaspoonful salt and let boil till tender, about thirty minutes. Take up carefully and put it into a hot vegetable dish. For the sauce, melt a tablespoonful butter, being careful not to brown it, and a tablespoonful flour and mix well; then add one-half cup Borden's Evaporated Milk and one-half cup water, and stir constantly until it boils; season this with salt and pepper; pour this over the cauliflower and serve at once.

BOY DRANK POISON YOUNG MAN DROWNED

He Lived Only Four Hours After Leon Pelletier Lost His Life in Draining Contents of Bottle Lake Mascouppic Yesterday

BOSTON, June 26.—Eight-year-old Matthew McDough, of 217 West Ninth street, South Boston, was playing with several boys of his own age in a vacant lot near his home yesterday afternoon, when one of the youngsters, known as a half-pint bottle filled with a liquid.

"Let's draw lots and see who'll have to drink it," somebody suggested.

Matthew drew the shortest lot. He drank the contents of the bottle, and after four hours of agony died in the City hospital.

The names of the other boys who so innocently drew lots in the game of chance in which death was the fate of the loser are not known. As Matthew, after drinking the liquid, staggered about the field like a drunken man, they howled and jeered at him.

"He's drunk, he's drunk," they yelled delightedly, pushing him about and pulling his cap over his eyes as he feebly tried to fight them off.

When he lapsed into a stupor, how-

ever, and fell to the ground, they be-

came frightened and ran away. The police were still trying to learn their names last night, when Matthew died.

It is believed the bottle contained whiskey and that the boy died of alcohol poisoning. A few drops of the liquid remained in the bottle and this will be subjected to analysis. If poison is found an inquest will be held.

Matthew lay in the field after his playmates deserted him, frothing horribly at the mouth, and groaning in agony. A passerby saw Matthew stagger and witnessed the antics of his companions. Thinking the dying lad had been overcome by the heat, he summoned help and had him carried to his home.

Anxious Boy Gives Clue
Here ice and cold water were applied to the lad's head and back, on the supposition it was a case of heat prostration. This treatment would probably have been continued indefinitely had it not been for the information vouchsafed by a boy who had hung anxiously about the McDough home.

"He drank something out of a bottle," he declared.

The McDough boy's mother became frightened and sent for Dr. P. T. Buckley. The latter promptly administered emetics and managed to bring up a small quantity of the liquid. The boy steadily grew worse, finally going into convulsions, and it was decided to send him to the City hospital.

At the hospital practically every suitable remedy was resorted to, but without the slightest success. The boy sank steadily, and within an hour after his arrival at the hospital was dead.

Carbonol Like Carbolic Acid, But Safe
Carbonol is the best disinfectant known, but it is dangerous. A preparation called Carbonol has just been introduced that has all the good qualities of carbolic acid but none of the bad ones. It is not only a wonderfully effective household disinfectant, but it is equally useful as a healing, cleansing, purifying and antiseptic remedy for the sick room and for personal use.

Carbonol is sold by all the leading dealers. Prices 10c, 25c, 50c and 75c per bottle. If your dealer doesn't handle same, send name and address and we will send you a liberal sample free. Write today to the Barrett Manufacturing Co., 297 Franklin street, Boston, Mass.

The first and probably not the last drowning of the season at Lake Mascouppic occurred last evening when Leon Pelletier, aged 15 years, a month, lost his life in the deep waters of this great lake.

The body was found at 7:30 o'clock this morning by Undertaker Joseph Albert and his men who grappled the lake a part of the night.

Last yesterday afternoon, Pelletier and two friends, Joseph Golden and John Lessard, hired a canoe at Lakeview, and after paddling around for some time, started for Willow Dale. When the canoe arrived at a point near Jewett's cottage, at Willow Dale, Pelletier leaned too far over, and in an instant the frail craft turned turtle, and the boys were precipitated in about 20 feet of water. Campers and bystanders who saw the accident, screamed arousing the boys of the Ironclad canoe club, who pushed off in canoes, and were on the scene in two minutes after the accident.

Pelletier, who could not swim sank to the bottom, but his companions managed to keep themselves on the surface until they were saved by the Ironclad boys. George W. Harris, commodore of the latter club, without stop-

THOMAS WALSH DEAD

Well Known Local Mill Manager Passed Away

Thomas Walsh, one of Lowell's ablest and best known mill men, and for many years in charge of the Hamilton Print works, died yesterday morning at his home, 104 Eleventh street.

Thomas Walsh was born May 29, 1831, in Darwen, Lancashire, England, second son of James and Elizabeth Crawshaw Walsh; early in life his parents moved to Tottington, England, near Bury, where he received his education and learned the business of calico printing at Tottington mill, owned by Samuel Knowles.

He came to this country in 1855 to of this board. He was especially interested that the library should contain books on industrial and scientific matters which would be of benefit to the greater part of the population of Lowell. He was active in the founding of the Lowell Textile school and has always served as one of its trustees, having the department of dyeing and chemistry under his special direction.

He was active in Masonic affairs, being a member of Ancient York lodge, Mt. Horeb Royal Arch chapter and Pilgrim commandery having been elected commander of the latter body. He also was a member of the commander's union and Vesper club. He attended the First Baptist church of which he was a member. He is survived by a widow, born Mary Pollard, a daughter, Minnie G. Walsh, and a son, Col. Frederick T. Walsh of West Newton.

WEST CENTRALVILLE

Preparing for Great Display of Fireworks

The committee in charge of the fireworks celebration to be held in West Centralville on the evening of July 4, held an important meeting in the quarters of Hose 12 in West Sixth street last night. The entire committee was present and a very good report was turned in, which goes to show that the residents of that district are very much in favor of an all-home observance of the glorious Fourth.

The soliciting end of the affair has been very successful up to the present time, every one being approached by the committee, doing their very best to aid financially to the success of the enterprise.

A committee composed of Councilman Charles A. Deland and Charity Commissioner John P. Burns was appointed to confer with the chief of police for the roping off of the grounds and proper policing on the night of the event.

Subscription boxes will be placed in various stores in West Centralville and those who have not as yet donated, and are willing to part with a few pennies, are requested to deposit their offerings in these boxes. A large meeting will be held Thursday evening at the engine house in West Sixth street, and all the residents of the district are invited to attend.

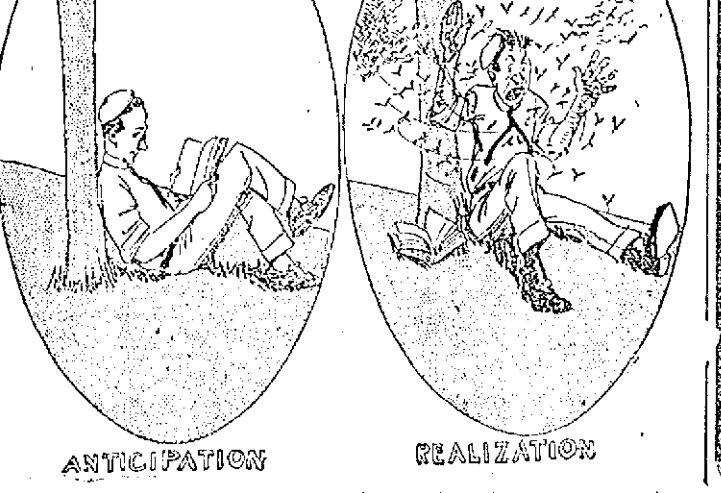

Deposits received at The Lowell Five Cent Savings Bank begin to draw interest Saturday, July 1st.

accept a position at the Lodi Print Works, Lodi, N. J., later going to the Pacific Print works at Lawrence, Mass. He came to the Hamilton print works, Lowell, Mass., in 1879, and in 1889 was made the manager of the print works and continued in this position until June, 1907, when he retired on account of ill health.

He showed marked ability in his calling and under his efficient management, the Hamilton print works was not only a success financially but the Hamilton prints achieved the highest reputation, being recognized in the trade as second to no goods of similar character.

He was appointed by Mayor Charles D. Palmer trustee of the public library and continued in that office almost continuously up to the present time. His administrative ability and broad reading made him a very effective member

CRIPPLE A SUICIDE

Farmington, Me., Youth Ended His Life by Shooting

FARMINGTON, Me., June 25.—David Norton of Strong, Me., aged 19, shot himself early yesterday morning at the home of his father, John P. Norton, in that town. Soon after arising he went to the barn and fired one shot from a 22-caliber target rifle into his head, the bullet entering just above the right ear. Death was instantaneous.

It is believed to have been his second attempt at suicide within 12 hours. Coroner Fred P. Adams of this place viewed the body and thought an inquest unnecessary.

Norton was a student at the State Normal school here. His right leg had been amputated at the hip several years ago and he wore an artificial limb.

His best clothes, in which he dressed Saturday evening ostensibly to attend a grange meeting, and his artificial leg were missing yesterday, and search for these brought to light that Norton had probably made an attempt on his life Saturday night by drowning.

Tracks of two hands and a foot in the dust of the road leading to the Norton home were followed back to a ledge on the bank of the Sandy river. Here, apparently, the young man had disrobed and thrown his clothes and cork leg into the river. He was an expert swimmer, however, and his attempt apparently failed. Most of his clothing and the artificial limb were found yesterday in a bend of the river. Naked, and with only one leg, the lad had then crawled home in the darkness, a distance of more than a mile and a quarter, and up a long, steep hill. He met nobody and gained his room unseen.

Yesterday morning he called for his wooden leg, dressed himself in his everyday clothes and went to the barn. No reason for his ending his life is known.

THE JURY DISAGREED

Unable to Reach Verdict in the Lawrence Graft Cases

SALEM, June 25.—A disagreement department, and Philip Holland, a paying stone contractor, all of Lawrence, and Fred L. Snow of Westford, another paying stone contractor, was indicted jointly with the three other defendants, but turned state's evidence and was not placed on trial. Owing to the illness of a member of the jury shortly before the case ended, eleven men considered the evidence. After the jury reported today Assistant District Attorney Burke said in the presence of several persons that he had learned that the jury stood 10 to 1 for conviction and that the case would be re-tried, probably in the fall.

TWO ARE ARRESTED

Father and Son Accused of Larceny

GREENWICH, Conn., June 25.—Masquerading as stablemen engaged in cleaning horses, Chief Donovan and Officer Curtin of the Portchester police force, and E. C. Sherwood, proprietor of the Sherwood livery stable of Portchester, succeeded yesterday in causing the arrest at Norwalk of Charles Cartvello and son, Tony, who are wanted in Peekskill, White Plains, East Orange, Paterson, Portchester and Stamford for stealing livery rigs during the past three months. In Greenwich they tried to get a rig but failed.

Their scheme was to have a young man with a bouquet in his hand go to a liveryman and engage a rig, and leave a deposit for a half-day's use of it, saying he was going to take his girl for a ride. The father would meet him around the corner, and a change of vehicles and harness let them get away without being noticed. The rig, which was to have been used yesterday if the men had got to Ward's stable in Norwalk, was found yesterday morning at Sound Beach yesterday morning, and the Portchester police

SKULL FRACTURED

Boston Colored Woman Placed Under Arrest

BOSTON, June 25.—Charged with clubbing into unconsciousness with a kitchen chair the man for whom she kept house, Della Maynard, colored, was arrested yesterday by the police of the Joy street station after the neighbors had notified headquarters there was trouble in the apartment on the second floor of the house, 75 Phillips street, West End.

The injured man, William E. Burto, colored, was taken to the Massachusetts General hospital, where he is expected to die. He has not regained consciousness, and Chief Dugan is unable to obtain any statement from him as to what started the quarrel which resulted in the fracture of his skull.

SCAT!
Physicians Declare Pussy a Germ-Omnibus, and Demand Her Exclusion From the Home.

THREE LIVES LOST

Barnes' Boathouse at Nantucket Destroyed by Fire

NANTUCKET, June 25.—Twenty-four hours after she came to Nantucket to spend her vacation, the charred body of Miss Mildred DeHaven left yesterday noon with that of Miss Helen Wilson, the caskets being side by side on the deck of the steamer Sautee. Each casket was covered with flowers, the tributes of the many friends of the young women. The body of Miss De Haven is on the way to Brooklyn, that of Miss Wilson to New York.

The girls, Miss De Haven was 19 and Miss Wilson was 21, were burned to death Saturday night in a fire which destroyed the boathouse owned by William Barnes, Jr., of Albany, on the end of Commercial wharf.

The remains were accompanied by Mr. and Mrs. Hugh De Haven, parents of Miss De Haven; Mrs. H. R. Wilson, Miss Ruth Wilson and H. R. Wilson, Jr., mother, sister and brother of Miss Wilson, and the scene at the wharf as the stricken ones went aboard the boat was distressing in the extreme.

Miss Phoebe Jenkins of New York and Miss Phoebe Jenkins of Buffalo, the two young women who were burned, were suffocated by recovered from the experience to be driven to the wharf to take a sorrowful farewell of the relatives of their dead comrades.

Kerr May Recover
Mr. and Mrs. William Barnes, Jr., reached Nantucket at 1 o'clock yesterday afternoon and hastened to the bedside of their son, Thurlow Wood Barnes, 24, whose condition is favorable to recovery, though he is severely burned about the arms and legs, and is suffering particularly from the results of inhaling flame and smoke.

Although Thomas Kerr of New York is still suffering severely and is in a critical condition it was believed last night that he would live.

His condition is much more serious than that of young Barnes. He was terribly burned in his efforts to rescue the young women, and should he recover, he will be disfigured for life, as the flesh is burned from both his arms almost to the bones, and his head and chest are terribly lacerated.

Kerr is known in Boston and particularly in Brookline where he spent a year living with his aunt and attending the Brookline high school about seven years ago. Previous to stopping in Brookline he went to Phillips Andover academy. He has spent several summers at Nantucket, and after a long visit at the island this season he intended to enter a New York brokerage house.

The hero of the fire was Ulysses Pahud, the French valet, of William Barnes, Jr., who was acting as butler at the Barnes summer home here.

HEIR TO \$150,000

Good News Received by a Poor Miller

WILMINGTON, Del., June 25.—Geo. S. Ryder, aged 30, an indigent miller with a family to support at Dover, Del., yesterday received word from San Francisco that he is heir to \$150,000. He was hurrying to work when a postoffice messenger ran after him with a special delivery letter that had toured the country. It had first gone to Maine. The missive was from the executors of the estate of his cousin, Mrs. Louise Campbell, who died in San Francisco recently worth \$2,000,000 in mines and Orange groves.

Ryder is the only member of his branch of the family who is a benevolent. When he informed his employer, Thomas Howell, of his good fortune, Howell said: "Well, I suppose you will be giving up your job now?"

"If you are satisfied we won't make any plans like that just yet," replied the philosophical Ryder.

The employer, who is a wit, came back with this reply: "It will be a new thing for me to order a wealthy man around."

"We won't quarrel," replied the beneficiary.

The Dover workman, who has had a hard time to get along, said Mrs. Campbell wanted to give him a musical education abroad, but his parents refused.

"I have no plans," said Ryder. "There is one element of certainty about the matter. That is, I certainly need the money." He will get the wealth very shortly.

WARNS CHILDREN

Rev. Fr. McQuaid Gave Them Good Advice

At the Immaculate Conception church yesterday Rev. Fr. McQuaid, O. M. I., delivered a little sermon to children for their guidance during the school vacation period. He said there are three things which he would ask them to do while on vacation. First, to say their prayers, night and morning; second to attend mass on Sunday, as there is no vacation in the service of God; and third, to obey their parents. Children, he said, are apt to think that they are free from restraint once they are released from the jurisdiction of their teachers, but their parents are still to be obeyed by divine command. Many boys are warned by their parents not to go bathing, but some disobey and take the risk of getting drowned and of being hurried before the eternal judge with an act of disobedience on their souls. Drownings under these circumstances happen every summer and for this reason the preacher appealed to the boys to obey their parents and avoid the danger.

Rev. Fr. McQuaid also spoke of adults who go to "camps" on Saturday and do not return till Monday morning, thus missing mass on Sunday. "These people are not doing their duty," he said, "and they cannot attend church. There is no need of this. There are plenty of summer resorts within easy reach of a Catholic church so that these people have no excuse for not attending church on Sunday. They also should remember that there is no vacation in the service of God."

MARRIAGE PERMITS

Number of Intentions Recorded by City Clerk

This was a banner day for marriage intentions at city hall, the following having been registered at the city clerk's office up to the noon hour:

Patrick Hayden, 29, fireman, 153 Market street, and Ella Teague, 25, weaver, 18 East Richardson street.

Daniel J. Coughlin, 33, clerk, 49 Dayton street, and Helen A. Burke, 30, at home, North Chelmsford, Mass.

Jan Wazdzinski, 25, operative, 174 Warren street, and Ludwika Rikuta, 20, operative, 5 Georgia street.

John Garland, 30, carpenter, 37 Walker street, and Margaret E. Trainor, 22, at home, same address.

Viscaries Delakakis, 22, tailor, 458 Market street, and Kithalia Kananov, 21, operative, same address.

Charles H. Egan, 30, engraver, 3 Auburn street, and Catherine Lee, 26, at home, 18 Burns street.

Geo. E. Tomkinson, 22, clerk, Southbridge, Mass., and Charlotte Tibbitts, 22, at home, 121 Mansur street.

John M. Kennedy, 26, salesman, Billerica, Mass., and Anneline Laurin, 25, milliner, 313 Merrimack street.

Herbert E. Montgomery, 20, shoemaker, 136 Branch street, and Laura M. McKinley, 20, at home, 7 Walker avenue.

Napoleon J. Cook, 32, planer, 161 Congress street, and Anna V. Bates, 32, hostess, 768 Merrimack street.

Alfred McLaughlin, 31, carpenter, 81 Rock street, and Anna Trainor, 31, domestic, 307 Thordike street.

CHECK FOR \$50

SENT TO THE FIREMEN'S FUND ASSOCIATION

Deputy Chief Norton of the fire department today received the following letter:

"Enclosed find our check for \$50 for the Firemen's Fund association. This is a slight token of our appreciation of the splendid manner in which you handled the fire that occurred at one of our storehouses on Tanner street on Wednesday last.

Again thanking you, we are,
Yours truly,
P. J. Riley & Co.

If you depend upon the mail to do that important business you may regret the time it takes.

Successful men everywhere are using "Western Union Day Letters" and "Night Letters" to clip days off the fastest mail service.

ATWOOD'S FLIGHT A HUGE SWORDFISH

Outstripped Boston & Was Captured After a Thrilling Fight

BOSTON, June 25.—After a sensational day of flying about Lynn on Saturday, Harry N. Atwood flew his Burgess-Wright biplane from Nahant to Squantum yesterday morning. He completed the 26-odd miles in about half an hour, most of the way at an altitude of about 2000 feet.

After leaving the links of the Nahant Golf club at 9:45, and circling about Bass Point and Lynn harbor in making altitude, he followed the tracks of the Boston, Revere Beach and Lynn railroad for a stretch. For some distance he raced a train along this road, dipping down close enough to give the passengers a view, and fly for a few minutes over the passenger coaches before he outstripped the train.

Over Boston harbor he turned his attention to the shipping leaving and entering the port. He flew in circles around a number of vessels in the lower harbor. He flew directly across the path of one, and startled those on deck. Hundreds crossing to Boston on the ferries also had a close view of him before he headed for the aviation field at Squantum. He arrived there at about 10:15, and for the next few days expects to give most of his time to teaching pupils at the Burgess-Curtis school.

While standing his watch in the pulp, Lewis Griffin drew his fly-iron into the side of a big swordfish. At the side of the schooner was a dory with two members of the crew in it. The swordfish, which smashed a dory with the end of the line attached to a thwart. Racing at full speed, the swordfish drew, taking all the line with him, and in spite of the efforts of the two men in the dory, the painter was broken so that the dory sped out to sea in the wake of the huge fish.

Tiring of his tow, the maddened fish turned back after a quarter-mile race and headed straight for the dory, ramming the side with his monstrous sword. Grabbing a marlin spike, one of the fishermen hit the fish on the head, stunning it. When the fish was raised to the deck, after a three-hour fight, it was found to weigh 500 pounds and to be the biggest one of the trip.

CHILDREN RESCUED

Father Saved Three Tots From the Flames

ROCHESTER, N. H., June 25.—At 4 o'clock yesterday morning an alarm of fire was sounded for a blaze in the north tenement of the double house of E. G. and E. Wallace on South Main street, occupied by Fred Lemier. Mr. and Mrs. Lemier, who slept downstairs, heard their three small children cry in their bedrooms on the second floor and the father, on visiting them, found their bedclothes afire.

He succeeded in carrying the children to a place of safety, though they narrowly escaped death and suffered considerably from smoke.

The cause of the fire was the explosion of a kerosene lamp on a table near the bed, it being the custom of the parents to leave a lighted lamp in the room all night.

The damage to the house was not large and is covered by insurance.

CHARLES W. GLIDDEN

Gave Exhibition of His Eating Power

HAVERHILL, June 24.—C. W. Glidden of Lawrence, formerly of Lowell, gave an exhibition of his gastronomic abilities before an interested audience in an Emerson street restaurant Saturday. Before beginning his meal Glidden apologized for his appetite by saying that he hadn't eaten anything since 10 o'clock Friday night and consequently felt rather hungry.

This was what he ordered and ate: Five orders of bacon and eggs, two orders of pork chops, two orders of cucumbers, two orders of tomatoes, four slices of watermelon, five baked potatoes, two dishes of strawberries, five cups of coffee, one dish of ice cream.

At the conclusion Glidden admitted that he had had a most enjoyable square meal.

NOTICE

As my wife, Alice Tattersall, has left my bed and board, I will not be responsible for any bills or debts contracted by her, in my name, on or after this date.

BENJAMIN TATTERSALL.

THIS DAY IN HISTORY

ST. PATRICK'S SCHOOL

Diplomas Awarded at High Mass Yesterday

Diplomas were awarded to the graduates of St. Patrick's parochial school at solemn high mass in St. Patrick's Church, yesterday morning. The diplomas were presented by Rev. William O'Brien, P. R., and the graduates were addressed by Rev. Joseph P. Curran, who not only congratulated the pupils but spoke in high terms of the school and the Naxerian Brothers, who conduct the school.

The mass was sung by Rev. David Perry, O. M. I., a former pupil of St. Patrick's school, recently ordained. Fr. Barry was assisted by Rev. Thomas J. Callahan as deacon and Brother John Shea, a former member of the school but now a theologian, as sub-deacon. Rev. John J. McHugh assisted within the sanctuary. A special musical program was given by the church and sanctuary choir under the direction of M. J. Johnson and Bro. Leo, respectively.

Diplomas were awarded to the following members of St. Patrick's school, grade nine: Miss Mary A. Hession and Miss Agnes King. Commercial course diplomas were given Miss Julia M. Curran, Miss Julia A. Riley and Miss Stella S. Quill.

Academy diplomas were awarded to the following: Frederick L. Smith, James J. Molloy, George L. Campbell, William L. Connolly, Joseph M. Dineen, Daniel A. McCarthy, James P. Kiernan, Walter J. Sargent, Cornelius M. Closshey, Reginald R. McAdoo.

Grammar division certificates were awarded to the following: Thomas Francis Dean, Joseph Francis Riley, Cornelius Benedict O'Leary, James Francis Sullivan, Harold Francis Crowley, George Raymond Carroll, John Thomas Manning, John Thomas Powers, James Benedict Walsh, Edward Alfred Keleher, Eugene Aloysius Fitzgerald, John Joseph Bardon, William Paul McCarthy, William Francis Holland.

Diplomas were given to the following: Thomas Francis Dean, Joseph Francis Riley, Cornelius Benedict O'Leary, James Francis Sullivan, George Raymond Carroll, John Thomas Manning, John Thomas Powers, James Benedict Walsh, Edward Alfred Keleher, Eugene Aloysius Fitzgerald, John Joseph Bardon, William Paul McCarthy, William Francis Holland.

The annual entertainment by the pupils of the school was held at the Academy of Music early last week, at which time a clever four-act drama was presented by the boys and thoroughly enjoyed by a large number of parents and friends of the school. The past year has been a most successful one for the school, the results attained reflecting much credit on the Naxerian Brothers, under whose tutelage the school work has been carried along during the year.

CORONATION PARTY

Pretty Affair at Home of Mrs. Emmott

A very pretty coronation party was held Saturday afternoon at the home of Mrs. Emmott, 98 Washington street, in honor of the brilliant ceremony which took place in London last week. The Union Jack floated in the breeze and the home was prettily decorated for the occasion. Supper was served and the table was covered with a red, white and blue table cloth with napkins to match. In the center of the table there was a large cake bearing the inscription "Queen Mary and King George." The cake was surrounded by a British flag surrounded with small American flags. There were large bouquets or roses at either end of the table and the blush of the rose was seen through a happy contrivance of foliage. Games were played and the following musical program was carried out:

Music selections, Miss A. Whitworth; song, Mrs. Royds; quartet, Mrs. Royds; Mrs. Bonford, Mr. J. Kershaw and Miss Emily Kershaw; baritone solo, Mr. Robert Beaumont; song, Richard Place; solo, Mary White; duet, Mr. and Mrs. Leach; baritone solo, Mr. Frederick Porter; whistling solo and imitations, William Carr; selections by a quartet consisting of Mary White, soprano; John Collins, tenor; Emily White, contralto; Allen Macdonald, bass. The accompanists were Mr. J. Kershaw, Emily C. White and Mrs. Greely. Posing was also enjoyed.

The party was in charge of Mrs. Emmott, Miss Jessie White and Mrs. Bonford. Prizes for the dexterity game were awarded to Mrs. Duckworth, who carried off the booty prize, and Miss Bartlett Keefe, the first prize. The party broke up at a late hour with the singing of the "Soldiers of the King" and three cheers for Mrs. Emmott and her daughter Ethel.

SOLDIERS BURIED

BODIES PLACED IN OLD POST CEMETERY AT NIAGARA

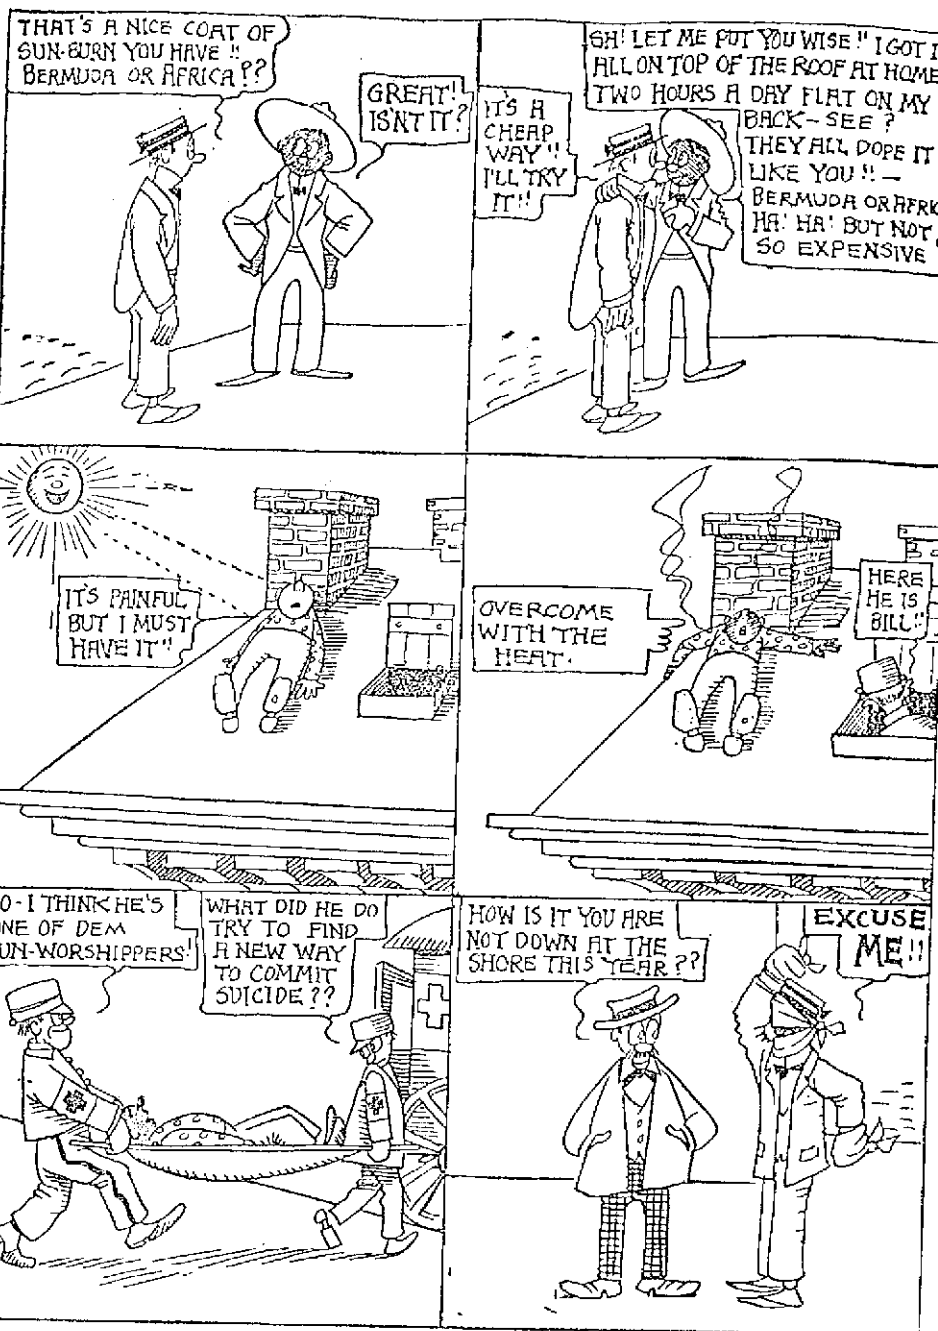

NIAGARA FALLS, N. Y., June 26.—Exhumed by the garrison at Fort Niagara, four companies of the 98th United States Infantry and a distinguished company of Canadian officers from the militia camped at Niagara-on-the-Lake, Ontario, the bodies of four soldiers of the King's Eighty Infantry supposed to have been killed in battle in 1759 and recently unearthed, were laid at rest on Sunday in the old Post cemetery at Niagara, within the shadow of the walls of the ancient fortress. The exhumation was conducted by Brigadier-General W. H. Cotton, in command of the Niagara-on-the-Lake post, arrived with his staff at the post landing, where Major Henry Syer, commandant at Fort Niagara, awaited his coming. As General Cotton put foot on land a salute of 11 guns was given in his honor.

The coffin bearing the remains of the men of the King's Eighty Infantry rested in the nave of the post chapel, the Union Jack covering it. Following the short office of the dead of the post cemetery by non-commissioned officers. As it was lowered into the grave three volleys were fired by a company of regulars and the last post was sounded by a Canadian bugler.

Children's day was observed yesterday at the Gorham Street P. M. Church at 10:30 a. m. and 6:30 p. m. In the morning the pastor, Rev. N. W. Matthews, preached a sermon appropriate to the day. There was a musical by the choir and girls' choruses. In the evening the service consisted of a concert by the Sunday school scholars and special music by the choir and girls' choruses.

Dr. Leonard's Hem-Roid costs \$1.00 for a large box—24 days' treatment. Dr. Leonard Co., Station D, Buffalo, N. Y. Write for booklet.

EXCUSE ME!

HIGHLAND M. E. CHURCH

Observed Its Thirty-Fifth Anniversary Yesterday

Yesterday marked the 35th anniversary of the Highland M. E. church and services commemorating the occasion were held in the morning and afternoon with special music at both services. In the morning the pastor, Rev. Arthur Bonner, Ph. D., preached a historical sermon. In the afternoon there were congratulatory remarks by the pastors of other Methodist churches. Dr. Whitaker recalled that the Highland M. E. church is a daughter of the Central M. E. and said that therefore he had a personal interest in it. The sermon by the pastor was in part as follows:

June 17, 1875, was the auspicious day on which occurred the dedication of the chapel from which the present edifice was later evolved. It has seemed best to defer the anniversary of the event until this time.

For some nearly two years, services had been held beginning in September, 1874, in Highland hall. At the first of these meetings the Rev. T. B. Smith, pastor at that time of St. Paul's M. E. church, preached. The crowd more than filled the place. An overflow meeting was held in the lower hall addressed by the Rev. Joseph H. Mansfield, the pastor of Central M. E. church.

The church was organized March 12, 1875 by the Rev. Daniel Dorchester, D. D., presiding elder. Some discouragements were met by the new society, needless to say. The pastor of the older churches in the city continued to exercise a fatherly oversight over the little church. This was especially true of Rev. Mr. Mansfield who became one of the first pastors. When the time seemed ripe for building, God was good in raising up friends to the little church. Among the generous gifts which may be mentioned as materially helping along

the project looking toward an edifice, we may note the following: John E. Munahan, the lot of land; Parker and Young, stone for wall; H. K. Barker, pipe and piping for gas; H. A. Field, and H. H. Wilder, vase for steeple; J. W. Bennett, chandelier; W. A. May, stove and furnace; J. T. Carter, pulpit and stand; Mrs. E. A. Hill, pulpit Bible.

It must be remembered that many whose names are not here mentioned gave liberally if we estimate the gift from the standpoint of their limited means.

Briefly we indicate the most marked events in the temporal success of the church from the day of organization till the present hour: The chapel was dedicated June 11, 1876, at a cost of

\$3725. Some of this remained as a debt on the property. In 1880-81 the \$2500 debt was almost entirely cancelled. During the pastorate of the Rev. E. C. Smith, 1881-83, the church was remodeled and refurnished at a cost of \$7500, and at the same time a parsonage was purchased at a cost of \$4400. It was about this time that the Baptist and also that the Highland M. E. church were organized. In 1889 the vestry were remodelled and a steam-heating plant was put into the church. The pastor was the Rev. Charles Tilton. Other minor improvements have been made since that time as occasion required. The church at present has a property including church and parsonage valued at \$18,603, and more than free from debt than at any time since the present building was erected. Surely God has blessed the church in temporal things.

There is something of infinitely greater worth for us today than simply rejoicing in the possession of so much property by the society. Let us approach the spiritual aspect of this occasion by thinking of the consecrated men who have from time to time labored for the people under the blessing of God. Simply to call the roll of the pastors who have served this people from the beginning until this present year is to receive a positive thrill and inspiration for faithful service. If we have had the good fortune to know these men of God—not all great men, but really true men—everyone. Some are now leading the hosts of the army triumphant, but they labored well while with us. Time falls us to characterize them. But such is the gracious spiritual relationship which exists between pastor and people that simply the naming of those men of loving memory creates an atmosphere in this place which is indelible from above.

The pastoral record is as follows: Rev. G. W. H. Clark, Rev. A. R. Gregory, Rev. Joseph H. Mansfield, Rev. George H. Clark, Rev. A. H. Herick, Rev. E. A. Smith, Rev. W. H. Mansfield, Rev. W. W. Collins, Rev. Alexander Dight, Rev. Charles Tilton, Rev. James Mudge, Rev. James Higgins, Rev. George M. Snider, Rev. R. P. Kinsley, Rev. J. P. West.

The program of the vesper service at 6 o'clock was as follows: Organ Prelude, Hymn 210, Scripture Reading, Rev. John J. Hamilton, Swedish M. E. Church, Anthem, "Ten Thousand Times Ten Thousand" The Choir, Prayer, Rev. N. W. Matthews, Response, "The Shadows Fall So Gently" The Choir, Notices, Offering, Solo, "The Model Church," Mrs. P. L. Roberts, With Auto-Harp Accompaniment by Mr. Arthur R. G. Booth, Address, Rev. N. T. Whitaker, D. D. Central M. E. Church, Address, Rev. J. T. Carlyn, Centralville M. E. Church.

WALL PAPER

Color Treatment

Suggestions

Red contracts, blue and yellow expands, green has little effect upon the room; tan, gray, blue and pink apparently add space; brown, as is well known, "keeps the walls in place."

W. E. Westall 208 Central St.

Wall Papers and Decorations

TWO BOYS DROWNED

They Were Fishing in a Leaky Boat in Vermont

RUTLAND, Vt., June 26.—Mark Whalen, aged 13, and Matthew Whalen, 11, sons of Mr. and Mrs. Thomas Whalen of Middlebury, were drowned in Patch pond, Plymouth, a few miles east of this city, yesterday afternoon, when a boat in which they were fishing overturned. The bodies were recovered and taken to the home of Mr. Whalen, who is station agent for the Rutland railroad at Middlebury and is well known in this section.

Mr. Whalen with the two boys left the house yesterday morning and drove to Patch pond, which is about a mile across and very deep in places, to spend the day fishing. A boat was obtained and the three started out, but they had gone only a short distance when it was found the boat leaked badly. They turned to come back, but by this time the craft was fast filling. One of the boys, it is not known which, frightened at the rush of water, jumped out of the boat while it was only a few feet from the shore, and as he did so, the boat overturned, precipitating his father and brother into the pond.

At that point the water is not very deep, but the bottom is of mud, and as Mr. Whalen could not swim, he could do little toward saving the boys. He yelled for help and his cries were heard by Mark Davis, who lives on the Hastings farm, a short distance from the pond. He rushed to lend aid, but he was just in time to see one of the boys sinking for the last time. The bodies were recovered in about five feet of water.

terday afternoon while swimming in the Penobscot river. He could swim little, but became exhausted. His older brother, Harry Dannis, attempted to save him and the two were down twice, the elder brother nearly losing his own life. The body was recovered late yesterday afternoon by the crew of the dredger.

Dannis was a member of the Bangor high school track team. His father, John Dannis, conducts a clothing store in Milo.

According to the story Vasco told the police, he came to Worcester yesterday afternoon and went to the White City. He entered one of the side shows and there a stranger approached him and started a conversation.

Together they went to the scenic railway and at the entrance a third man came up and said to the stranger as accompanying Vasco. "When are you going to pay me the money you owe me?" The stranger replied, "I haven't got it now, but will try to pay you tonight." The third man left and Vasco with the stranger went to the White City boat house and hired a canoe to which Vasco paid. The stranger then said he had \$4 and asked a loaner of \$10 to make the \$10 he said he owed the third fellow. He promised to pay it back when they came up town, and Vasco let him have the money. Then they hired a canoe, and paddling parallel to the causeway and only about 50 feet from it, the stranger splashed and rocked the canoe until Vasco remonstrated with him, but the canoe went over.

Words of friendly congratulation were spoken by Dr. Whitaker of the Central M. E. church; Rev. J. T. Carlyn, pastor of Centralville M. E. church; Rev. H. W. Hook, pastor of St. Paul's; Rev. N. W. Matthews of the First Primitive church; and Dr. Wood of the Worthing Street church.

Dr. Wood said that we often hear the question asked today, "Why do not more people go to church?" "Sometimes I have thought it might be well to reverse the question, and ask, 'Why do any people go to church?' Are we prepared to offer them anything? I take it there are just two reasons for the existence of any church to express the mind that was in Jesus, and to make that expression a power in the human mind. We do not exist for the purpose of preaching our creed or our polity or preserving our denominational name. Jesus is larger than any church, larger than all the churches. We can never exhaust him. If we climb up high enough as churches of our age, the churches will have a reason for their existence. We shall perform our mission not by doing what John Wesley and his co-laborers did in their time, but by doing in our day what they did for their day. Just in proportion as this Highland church expresses the mind of Jesus Christ to the men of today, you have a right to expect to succeed."

There is something of infinitely greater worth for us today than simply rejoicing in the possession of so much property by the society. Let us approach the spiritual aspect of this occasion by thinking of the consecrated men who have from time to time labored for the people under the blessing of God. Simply to call the roll of the pastors who have served this people from the beginning until this present year is to receive a positive thrill and inspiration for faithful service. If we have had the good fortune to know these men of God—not all great men, but really true men—everyone. Some are now leading the hosts of the army triumphant, but they labored well while with us. Time falls us to characterize them. But such is the gracious spiritual relationship which exists between pastor and people that simply the naming of those men of loving memory creates an atmosphere in this place which is indelible from above.

The program of the vesper service at 6 o'clock was as follows: Organ Prelude, Hymn 210, Scripture Reading, Rev. John J. Hamilton, Swedish M. E. There is something of infinitely greater worth for us today than simply rejoicing in the possession of so much property by the society. Let us approach the spiritual aspect of this occasion by thinking of the consecrated men who have from time to time labored for the people under the blessing of God. Simply to call the roll of the pastors who have served this people from the beginning until this present year is to receive a positive thrill and inspiration for faithful service. If we have had the good fortune to know these men of God—not all great men, but really true men—everyone. Some are now leading the hosts of the army triumphant, but they labored well while with us. Time falls us to characterize them. But such is the gracious spiritual relationship which exists between pastor and people that simply the naming of those men of loving memory creates an atmosphere in this place which is indelible from above.

The pastoral record is as follows: Rev. G. W. H. Clark, Rev. A. R. Gregory, Rev. Joseph H. Mansfield, Rev. George H. Clark, Rev. A. H. Herick, Rev. E. A. Smith, Rev. W. H. Mansfield, Rev. W. W. Collins, Rev. Alexander Dight, Rev. Charles Tilton, Rev. James Mudge, Rev. James Higgins, Rev. George M. Snider, Rev. R. P. Kinsley, Rev. J. P. West.

The program of the vesper service at 6 o'clock was as follows: Organ Prelude, Hymn 210, Scripture Reading, Rev. John J. Hamilton, Swedish M. E. Church, Anthem, "Ten Thousand Times Ten Thousand" The Choir, Prayer, Rev. N. W. Matthews, Response, "The Shadows Fall So Gently" The Choir, Notices, Offering, Solo, "The Model Church," Mrs. P. L. Roberts, With Auto-Harp Accompaniment by Mr. Arthur R. G. Booth, Address, Rev. N. T. Whitaker, D. D. Central M. E. Church, Address, Rev. J. T. Carlyn, Centralville M. E. Church.

Some of this remained as a debt on the property. In 1880-81 the \$2500 debt was almost entirely cancelled. During the pastorate of the Rev. E. C. Smith, 1881-83, the church was remodeled and refurnished at a cost of \$7500, and at the same time a parsonage was purchased at a cost of \$4400. It was about this time that the Baptist and also that the Highland M. E. church were organized. In 1889 the vestry were remodelled and a steam-heating plant was put into the church. The pastor was the Rev. Charles Tilton. Other minor improvements have been made since that time as occasion required. The church at present has a property including church and parsonage valued at \$18,603, and more than free from debt than at any time since the present building was erected. Surely God has blessed the church in temporal things.

JOHN M. FARRIELL, Auctioneer

Office 162 Market Street, Lowell, Mass.

Thursday, June 29, 1911, at 2 O'Clock At No. 499 Broadway, Lowell, Mass.

I shall sell at public auction, without limit, the stock and fixtures, teams, etc., of the Mt. Vernon meat and provision store. The stock and fixtures are all new, having been placed in this store about six months ago. The stock consists of a full line of the best canned goods. Canned tomatoes, corn, peas, lots of bottled goods, tea, coffee, spices, flour, molasses, vinegar and a great many articles, all in a well stocked store.

The fixtures are one portable refrigerator, butter refrigerator, Fairbank scales, platform scales, meat blocks, meat tables, corn beef display bench, tools, one boiler, tea cans, oil tank, electric light fixtures, etc. One order wagon, Concord wagon, harnesses, blankets and barn tools. Everything to be sold for the highest bid. This is exceptionally a fine lot of goods and it will pay you to attend this sale.

Per order, H. J. BOGAR.
